NOTICE.

All cattle branded **H** or **H** on left side or hip or **O** on left side or hip; also all horses branded **O** on left jaw or hip, are the property of the **ERICKSON CATTLE COMPANY** and in the custody of the undersigned, as Receiver of said company.

I will be grateful for information that will lead to the recovery of any strays, or where a person has gone to any trouble or expense in recovering said cattle or horses, I will pay a suitable reward for the return of the same. C. H. CORNELL, Receiver, Valentine, Nebr.

ESTRAYED

One streaked white mare, weight from 900 to 950 pounds, smooth build, small hoof, dim brand, saddle mark about the size of a dollar in middle of back at back of saddle where hair has grown different color. Had leather halter on and was hobbled when last seen. MIKE DAVIS, Valentine Nebr

I have buyer for Nebraska farms. If you want to sell, list with me or write for particulars. 47 HORACE GRANT, Heist Bldg. Kansas City, Mo.

Prohibition State Convention

The prohibition state convention is hereby called to meet at the Auditorium, Lincoln, Neb., at 10 o'clock a. m., August 8, 1905, for the purpose of placing in nomination candidates for the following offices: 2 Regents of the State University and 1 Judge of the Supreme Court. And the election of State Central Committee and to transact such other business as may properly come before it.

Cherry county's representation is 6.

Each county is instructed to elect a full quota of alternates that the representation may be complete. A. G. WOLFENBARGER, Chm. State Executive Com.

FRANCES A. BEVERIDGE, Sec.

The Edge of a Windstorm.
A curious example of how sharply the edge of a windstorm may be defined is reported by the captain of a bark. When off Valparaiso, the captain says, a whirlwind came along and passed over the stern of the vessel. A great sea accompanied the wind, and every sail and movable thing on the after part of the ship was carried away. The forward part of the vessel was untouched by the storm, which passed away in the distance, leaving a train of foam in its wake.

A Great Composer.
Ethel—Who was that man you just bowed to? Penelope—That was Dobson, the great composer. Ethel—A composer, did you say? Penelope—He manufactures soothing sirup.

Don Kellogg was in town yesterday.

John Haerber was in from Oasis yesterday.

G. W. McFarland was a city visitor yesterday.

W. E. Haley was a Woodlake visitor Monday on business.

S. Q. Spain was in town from Simeon yesterday on business.

The Minnechadua mill has installed a hot air drying machine.

John Simpson is suffering from a severe case of poison ivy this week.

Mrs. Adda Holsclaw is quite sick at her home in the north part of town with paralysis.

Jas. H. Quigley returned home Tuesday after spending several days in Cody on business.

Wash Honey was up from Wood Lake yesterday on business and found time to call at our office.

Yank O'Bryan was down from the reservation yesterday, preparatory to commencing haying.

John Yeast and two boys left last Sunday morning for an extended visit in New York state and West Virginia.

John Simpson and Lee Bennett returned from a trip to Hot Springs Tuesday morning. The boys claim that it only cost them \$1.15.

The Slayton Jubilee Singers were greeted by a large audience in the M. E. church last night. Everyone who was there pronounced the program excellent.

John Bachelor and Walther Meltendorff returned from Omaha Tuesday night. John's cattle did not bring what they were worth. Another score for the "benvolent" beef trust.

Harve Shepard is laid up with a broken hand this week, the results of a love tap given to an Indian. Harve's brother, Forest, is working in his place in the Palace saloon.

Robert McGeer is having the front of his saloon building painted this week. He is also having his porch painted and decorated with large signs on top. Christensen and Hans are doing the work.

Wm. Taylor and Bob Arnold engaged in an altercation Tuesday afternoon which finally came to blows. Marshal Hilsinger arrested Arnold and took him before Judge Towne who fined him \$5 and costs.

Tuesday evening the Valentine Concert Band gave their first open air concert which was greatly appreciated by several hundred people. The town should feel proud of having such a band which not only furnishes good music but is also a good advertisement for the town. The boys alone have made the band what it is and now we think that it is time for the town to do something for them, if nothing more than to encourage and loyally support it.

The people of O'Neill have raised a \$4,000 bonus for R. L. Hall, formerly in the hotel business at Valentine, who proposes to erect on the Horisky corner a three story modern brick hotel, to cost \$12,000, and the total investment of Mr. Hall in the metropolis of Holt county will be \$19,000. The people of O'Neill were enthusiastic over the proposition and were not long in raising the required bonus. They have long been in need of a commodious modern hotel and the proposed structure of Mr. Hall will answer requirements for a number of years to come.—Norfolk News.

The Weather.

In the low barometer districts the temperature at Phoenix, Ariz., July 18, was 104 degrees (the highest); at Valentine, 98 degrees; at Omaha, 95 degrees; at Sioux City, 96 degrees. In the high barometer districts it was 78 degrees at Calgary, 70 degrees at Helena, 76 degrees at Miles City and 78 degrees at Spokane.—World-Herald.

The U. S. weather bureau report for week ending July 19, shows extremes of temperature as 98° on the 17th and 60° on the 18th, giving a range of 38°. The mean daily temperature for the period was 78° which was 5° above the normal. That these high temperatures were good for crop growth goes without saying, bringing them up to their normal condition. Numerous deaths and prostrations from heat on the eastern sea-board at about the same temperatures we have here, shows a great advantage in geographical position, for we hear of no suffering in our midst—a little uncomfortable for strenuous work—that is about the sum of it. The precipitation was 0.29 of an inch, a slight loss. The total for the month to date is 2.34 inches and for the year 21.11 inches. The winds have been about the normal, the highest, 30 miles per hour from the south. Thunder storms have been quite frequent and two of them accompanied by rain in this vicinity.

The U. S. weather bureau crop bulletin for Nebraska summary is as follows: The past week has been dry with a slight excess in temperature. The mean daily temperature averaged for the week 2° above normal in western counties and just normal in eastern. The rainfall was confined to showers in extreme eastern counties. The amount was less than 1/2 an inch, but exceeded 1 inch in parts of Nemaha county and was nearly 3 inches in parts of Richardson county. Harvesting has progressed rapidly the past week and the winter wheat is about all cut. Thrashing has commenced quite generally and indicates an excellent crop, better than was expected, both as to yield and quality. Early oats are generally cut in central and northern counties and late oats are ripening rapidly. Oats are improving rapidly and as a whole will be a better crop than seemed probable a few weeks ago. Haying progressed rapidly. The 2nd crop of alfalfa is good and is being secured in good condition in southern counties. The high temperature the last part of the week was very favorable for the growth of corn and it is rapidly advancing toward normal condition. A few fields of early corn are beginning to show tassels. Much corn was cultivated the past week after the wheat was cut.

Sparks Quills.

We are glad to report Grandma Hudson improving.

Aetna Breachbill and F. Grooms were in Sparks Tuesday evening.

Mrs. Callen went to Valentine Saturday to visit her sister-in-law and returned Sunday.

Levi Sparks, of Valentine, was in this locality last week looking after his interests in the machinery business. He took several orders for twine.

Jim Hughes was in the city Monday. He has just finished the addition to his house which builds up the looks of his farm, and the community improves as the days move on.

The young people of Norden were in Sparks Sunday to unite with us in Sunday School. Their band came along and furnished some good music. All brought their dinners and had a good time.

Saturday morning H. Grooms, Thadecus Jelly, Aetna Breachbill, Ben Peterson and Jake Breachbill drove into Valentine with 68 head of hogs, the entire bunch weighing 15,480 pounds. The local dealers offered the boys \$4.55 which afterward was increased to \$4.75 per cwt., but the boys said nit. They shipped the hogs and got \$4.95 net for them.

PORCUPINE.

An Opportunity

We want a man in this locality to sell the **WHEELER & WILSON Sewing Machine.**

We can offer exceptional inducements to someone who commands a horse and wagon and can devote his time to advancing the sales of our product.

Energetic men find our proposition a money-maker, capable of development into a permanent and profitable business.

QUIGLEY & CHAPMAN,
DRUGGISTS.

NORMAL NOTES.
Mrs. Etta Pettyerew, of Cody, entered normal this week.
Miss Bessie Short, of Stuart came to Valentine Monday to enter junior normal.
Misses Octavia Heimer and Pauline Mathis, of Gordon, enrolled Monday for the last four weeks of school.

We need just 13 more students to make our normal enrollment this year equal the enrollment of last year. We enrolled six new ones last week and four this; so at that rate we hope to surpass the enrollment of last year.

On Monday, July 31, that great orator of the west, Robert McIntyre, will be with us. No orator of Mr. McIntyre's equal has ever visited Valentine and no one here who cares to hear a fine lecture should miss this opportunity.
