The Sterling Jubilee singers en-  
tertained a good audience at the  
M. E. church last night. There  
were four men and two women  
(colored) in the company and their  
singing was good.

Al Thacker and wife, who for  
the past three years have lived on  
the P. H. Young ranch, left Sun-  
day to visit their old home in  
Marshal, Mo. They were accom-  
panied by Ola Grecian and James  
Reed, who have been hunting and  
visiting here the past two weeks  
with Mr. young. Mr. Thacker  
will return to Cherry county about  
election time, and his family will

was crowded at the Blind Boone

many who had heard him be-

The program was very interesting  
and was admirably rendered, and  
the players responded to several  
hearty encores.—Omaha Bee.

U. S. weather bureau report for  
the week ending Oct. 18, 1905:  
The daily mean temperature was  
42°, showing 7° below the nor-  
mal. The extreme for the period  
respectively was 76° on the 12th  
and 26° on the 18th, showing a  
range of 50°. A snow storm be-  
gan about 5:30 p. m. on the 18th,  
melting as it fell, but as the tem-  
perature went down, becoming dry  
and continued at intervals during  
the night, ending this morning  
about 4 a. m. The total precipita-  
tion for the week including the  
melted snow was .58 of an inch,  
making a total for the season to  
date 26.46 inches. The winds have  
been quite brisk and all together  
the week has been notable for its  
unseasonable coolness and its  
moisture.

The Salvation army consisting  
of a man and four girls came up  
from Omaha last Saturday night,  
and Sunday afternoon held services  
on the street in front of the Home  
Bakery and Citizens Meat Market.  
A crowd of two or three hundred  
gathered to hear them. They  
placed their big drum down on the  
ground and invited the people to  
contribute by tossing their coins  
onto the drum. This pleased the  
people who were good at throwing  
and half dollars began to clatter  
upon the drum. The coins fell so  
thick and fast that it kept the girls  
busy picking up stray coins. One  
of them finally remarked, "do you  
think there'd be any danger of be-  
ing hit with a dollar if I should try  
to pick up those coins around the  
drum?" She made the attempt  
and a couple of dollars were tossed  
onto the drum with a thud. Sun-  
day night the Salvation army con-  
ducted services in the M. E.  
church. A large crowd of people  
came out to see them. During  
this week they have been holding  
afternoon meetings on the street  
and of evenings meet at Bethel hall.

## Nebraska Man Arrested in Oregon Jurisdiction.

Portland, Ore., Oct. 10.—That  
Oregon is without a United States  
district judge and that the signa-  
ture of such officer is necessary to  
the extradition of Frank Lambert,  
wanted in Omaha, Neb., to answer  
to a charge of subornation of  
perjury, was the plea made by  
Lambert's attorney yesterday be-  
fore United States Commissioner  
Sladen.

As Lambert refuses to return to  
Nebraska voluntarily it will either  
be necessary to bring a number of  
witnesses from that state to Port-  
land or Lambert will be compelled  
to remain in jail until the presi-  
dent appoints a district judge.

Frank W. Lambert is held at  
Portland, Ore., on a charge from  
the United States district court of  
Nebraska of subornation of perju-  
ry in the land fencing cases in  
Hooker county.

Lambert has raised the question  
of his removal from the United  
States district of Oregon to the  
jurisdiction of Nebraska, on the  
ground that the order for his re-  
moval will have to be signed by a  
United States judge of that dis-  
trict. As there is no United States  
judge in Oregon, an interesting  
question of jurisdiction arises.  
Should his contention succeed, he  
will have to be held in jail at Port-  
land until a United States judge is  
appointed for that district.

The specific perjury charge against  
Lambert is that in April,  
1903, he persuaded one John C.  
Blue, an inmate of the Nebraska  
State Soldiers' home at Grand  
Island, to make filing upon a quar-  
ter section of land in Hooker coun-  
ty under what is known as the  
soldiers' homestead law, and that  
he subsequently prevailed upon  
Blue to lease the land to one Geo.  
G. Ware, the chief figure in the  
U. B. I. Land and Cattle company  
of Hooker county for the period of  
ninety-nine years. Blue never  
went upon the land nor did he  
ever see it and hence Lambert is  
charged with subornation of perju-  
ry in procuring Blue to file upon  
the land and violating his oath that  
the land was entered for his (Blue's)  
personal use and benefit, and upon  
which he proposed making his  
home, and that it was not directly  
or indirectly for the use of any  
other person or persons.

### GOVERNMENT MEN DID IT.

The case was worked up by the  
agents of the secret service de-  
partment of the government, who  
have been assigned to duty in that  
district to assist the special agents  
of the land department in securing  
evidence of fraudulent entries of a  
similar character.

Scores of these fraudulent en-  
tries have been discovered and the  
special agents of the secret service  
department are still working on  
like cases there, and numerous ar-  
rests are to follow. The special  
agents of the land department are  
now engaged making a survey of  
the Bartlett-Richards illegal en-  
closures in the northwestern part  
of the state.

An official connected with the  
investigation of the alleged fraudu-  
lent land enclosures in Nebraska,  
said Tuesday morning:

"The approaching session of  
the federal grand jury, to assem-  
ble at Omaha on Nov. 13, will be  
the most important session of that  
body ever held in the state. From  
present indications from 200 to  
300 witnesses will be summoned  
before the jury and a host of in-  
dictments is looked for. There is  
also the promise of some sensa-  
tional developments regarding the  
fraudulent land entries. The Lam-  
bert arrest is just a starter."—

# A Food to Work On

Work! Work!! Work!!!

Lots of energy is needed to keep up the pace. In  
the struggle, the man with the strong body and clear  
brain wins out every time.

The man of to-day needs something more than  
mere food; he needs a food that makes energy—a food  
to work on.

Although some people may not realize it, yet it is  
a fact, proved and established beyond doubt, that soda  
crackers—and this means **Uneeda Biscuit**—are  
richer in muscle and fat-making elements and have a  
much higher per cent. of tissue-building properties  
than any other article of food made from flour.

That this is becoming known more and more every  
day is attested by the sale of nearly 400,000,000 pack-  
ages of **Uneeda Biscuit**, the finest soda cracker  
ever baked. An energy-giving food of surpassing  
value—sold in a package which brings it to you with  
all the original flavor and nutriment perfectly pre-  
served. *Truly the food to work on.*

Whoever you are—whatever you are—wherever  
you work—**Uneeda Biscuit.**

PORCUPINE.

## To the Voters of Cherry County:

At the request of many friends I come before you as a candidate  
for the office of County Superintendent of Public Instruction. I am  
a graduate of the Valentine school and for years I have held a first  
grade teacher's certificate. For nine years I have taught in Cherry  
county. During that time I have been present at every teacher's  
institute and at almost every teacher's association held within twenty-  
five miles of my work. Again and again have I prepared and read  
papers at these meetings on different educational topics.

The teachers of Cherry county all know me and will give me  
their earnest and enthusiastic support.

Several persons, in urging me to accept this nomination, have  
said that since the teachers know me so well they will come to me  
more readily for consultation and advice, and thereby I would be  
able to direct and systematize the work more thoroughly than it were  
possible for any stranger to do it.

The very fact that I have taught four years in my home district  
shows that I have not there neglected my work, and I promise you  
that if elected to fill the office of County Superintendent I shall spend  
no time idly in the office; but whenever I am not compelled to remain  
in the office to perform the duties there, I shall be among the teach-  
ers, cheering, encouraging and directing.

I believe that the office of County Superintendent ought to be a  
most potent factor for the good of the schools and I shall use every  
means in my power to make it such.

I trust you will not consider it egotism when I say that I come  
before you firmly believing that when you consider my educational  
qualifications, my experience, and my intimate acquaintance with the  
needs of the schools of the county, you will conclude that I am the  
logical person to fill the office of County Superintendent for the next  
two years.

MRS. LOTTIE CRAMER.

lutely be cleaned up. This offering of 120 head comprises the tops of  
our saddle and work horses and will be sold to the highest bidder for
