### CURFEW AT FAIRFAX.

#### Boys Will Quit the Streets and Stores be Closed at Same Hour.

Fairfax, S. D., Sept. 25.—Special to The News: The town board at their last meeting established a curfew and hereafter the town bell will ring at 8 o'clock, and all young men under sixteen will have to get off the street. At the same time all the business men, by mutual agreement, will close their stores. This is a good plan and there will be more social doings from now on in Fairfax.

### HOW MARKET DAY WORKED

#### W. H. BUTTERFIELD KNOWS OF WATERTOWN FAIR DAYS.

#### HE DROVE TWENTY MILES TO IT

#### The Trade Day Acted as an Attraction for Many Lines of Business and He Bought Harness of Same Dealer There for Many Years Afterward.

Among the Norfolk people who have seen in actual and successful practice the "trade day" plan which has been suggested for this city, is W. H. Butterfield. He lived for many years at Columbus, Wis., twenty miles away from Watertown, whose fair was recently spoken of by G. A. Kuhl as a model upon which Norfolk could work. Mr. Butterfield regularly drove to Watertown, twenty miles away, for the purpose of finding trades of various sorts in this bargain hunting crowd. He not only procured many articles there, but he also exchanged many horses and other similar possessions among people who flocked to Watertown.

As a result of the habit acquired of visiting Watertown, Mr. Butterfield formed a habit of buying all of his harness from a certain harness maker in Watertown and, likewise, he formed the habit of patronizing Watertown tailors for all of his clothes. For years after he had moved away from Wisconsin, he still sent back there for his harness that he bought. This merely shows what the day did as a magnet for other business.

#### Another Feature.

A feature which has long been talked of in Norfolk, is being revived among merchants as a possible plan for assistance in developing trade days. This is to refund railroad fares for certain distances when goods are bought to certain amounts. Sioux City and Omaha merchants do this right along and make it win. It was formerly argued that it could not be done because there was no secretary to handle the joint business of all in the organization, who could pro rate the expense and tax each merchant according to the sales, but now that the Commercial club has been organized, the secretary of that organization could fill the place.

A number of the merchants who have discussed this plan, seem to be heartily in favor of it.

### TO HAVE DANCE HALLS.

#### Omaha Pastor at Head of Movement to Provide Places of Amusement.

Omaha, Sept. 24.—A proposition is under way in Omaha by several of the churches by which they hope to provide four halls in which to hold dances for the young people who now frequent the public dance halls of the city. It is planned to hold these dances twice a week and to have in attendance each night one of the church women who will be interested in this work for the young people. Rev. Robert B. H. Bell is at the head of the plan.

With a party of newspaper people, guided by Mogy Bernstein and Assistant Probation Officer Carver, and under the protecting wing of two city detectives, Rev. Bell visited the dance halls of Omaha Saturday night and remained until a late hour to study the conditions under which many young people take their Saturday night amusement. Three dance halls were visited.

When the tour of inspection was over Mr. Bell announced that the church people hope to establish at least four halls in Omaha where young people may go to dances decently and in order. "Dancing is a natural amusement for young people and I am heartily in favor of it. But the romping and hugging which I have seen is not dancing. It is something beyond my comprehension. This head to head business is not dancing. If we establish our dance halls as we hope to do we will have ladies in charge of the halls who will look after the young people and see that everything is conducted decently and in order. We recognize the fact that they must have proper recreation and that we must provide something better in the place of these dance halls. We hope to lay this matter before the Omaha Women's club and to have their co-operation in the matter."

### Revival at Fremont.

Fremont, Neb., Sept. 25.—Representatives of four churches met and outlined plans for a series of revival meetings, commencing November 11, conducted by Evangelist Milford Lyon.

### GOVERNOR'S POWER DISPUTED.

#### Member of Board Says Mickey Has No Authority to Stop Contract Work.

Lincoln, Sept. 24.—It has been denied by a state official who is a member of the board of public lands and buildings either that installation of the elevator carrier system and other mechanical apparatus at the Hastings insane asylum has ceased by direction of Governor Mickey, or that he has any authority to order it stopped. The real situation is declared to be that only a part of the equipment has arrived at the institution and that such of it as is on hand will be put into place. The member who was interviewed pronounced it an absurdity for Governor Mickey to assume that he could interrupt a contractor engaged in carrying out the terms of a legal contract.

As to the governor's assertion that the work would entail a deficiency for the Hastings asylum, this is also contradicted. Land Commissioner Eaton, who is chairman of the board, called up Superintendent W. B. Kern by long distance telephone and made inquiry regarding that point. He was informed that all the money needed to pay for the work is on hand. The appropriation for the institution includes money to be used for all purposes, and there is believed to be sufficient money for running the institution the remainder of the biennium.

"Governor Mickey is authority, so far as state institutions are concerned," said his critic, "does not go beyond appointing and removing officials. He does not seem to be very successful about that."

It is pointed out that the method of letting the contract for mechanical appliances at Hastings was the same as that generally followed by the board. Since it was awarded, the board took similar procedure in the building of porches at an outlay of about \$6,500. This was in July, and Dr. Kern, the superintendent, was instructed to let the contract instead of the board doing it direct.

### Benefit Football Team.

Neligh, Neb., Sept. 24.—Special to The News: Tomorrow evening a dance and oyster supper will be given in Romig's hall for the benefit of the Neligh high school football team. The affair will be one that everybody can attend and will be assured a good time. The proceeds of the supper and dance will be used in purchasing necessary wearing apparel for the eleven. In an interview with Captain Kryger it is assured that a game has been arranged with Norfolk to be played here the second week in October. The official line-up of the Neligh players is as follows: Kryger, right half; Coker, full back; Thornton, left half; Miller, quarter back; Housh center; Rohen, right guard; T. Bulmer, left guard; Thompson, right tackle; Leonard, left tackle; H. Bulmer, right end; Getchell, left end; Cole, Pickrel and Skinner, substitutes.

### NELIGH AND FREMONT.

#### First of the Series Was Won by Fremont at Neligh.

Neligh, Neb., Sept. 25.—Special to The News: The ball game yesterday afternoon between Neligh and Fremont was won by the latter by a score of 8 to 4. A strong south wind pre-

vented good playing on either side. Neligh was unable to reach the home plate until the fifth inning, and this inning lost the game for the home team. After two men were out and a pop-up to Neligh's short stop who fumbled the ball resulted in Fremont making four scores, and clinching the game. Had that not happened the score would have been tied. Following is the score by innings:

Fremont 1 2 0 1 4 0 0 0 0—8

Neligh 0 0 0 0 0 1 0 1 1—4

Batteries: Fremont, Primley and Shea; Neligh, Alstott and Alberts. Hits: Fremont 7; Neligh 11. Struck out by Primley 6; Alstott 11. Base on balls, off Primley 4; Alstott 3. Errors, Neligh 7; Fremont 2. Two-base hits, Webster and Dunaway for Neligh. Three-base hit, Dunaway. Two-base hits for Fremont, Primley and Cook, J.

The same teams play again this afternoon. Dunaway in all probability will pitch for Neligh and Cook for Fremont.

### 700 TEACHERS MAY COME

#### PRESIDENT PERDUE, OF TEACHERS' ASSOCIATION, HERE.

### NORFOLK MAY BE CHOSEN AGAIN

#### In Case the City Will Offer What the Teachers Ask, This Will be the Place of Meeting—Can Double Number of Teachers Attending.

Norfolk may be visited by 700 or 800 school teachers at the annual meeting of the North Nebraska Teachers association next spring, if the matter is properly pushed, according to County Superintendent F. S. Perdue who is in Norfolk today visiting schools of this portion of the county.

Although Norfolk has not been definitely selected as the convention city for next spring, yet the teachers who were here last spring voted a preference for this city and, according to Mr. Perdue, Norfolk will be given the meeting if the city will do what is expected of it by the association.

The selection of the meeting place for next year has been left with the executive committee which is composed of the following: F. S. Perdue, Madison, president of the association; F. C. Marshall, Center, county superintendent of Knox county, vice president of the association; Miss Fairchild, Spencer, secretary of the association; A. V. Teed, Ponca, treasurer of the association.

Last year there were 400 teachers in Norfolk for the meeting and the number could be doubled for the coming meeting, according to President Perdue, if systematic effort is put forth to that end by Norfolk.
