epidemic. St. Paul, Jan. 9 .- Judge Walter H. Sanborn of the United States circuit court appointed A. B. Stickney and Charles H. F. Smith, both residents of St. Paul, receivers for the Chicago Great Western railroad. A. B. Stick ney is now the president of the road. The firm of Kellogg & Severance of CONVICTED OF CONSPIRACY TO St. Paul was appointed attorneys for

the receivers. The appointment of receivers fol lowed the inability of the company to meet obligations falling due in 1908, and the failure to secure an extension of the obligations. Loss as a result of the boilermakers' strike of last fall is given as a partial cause for the financial straits of the road. It was also pointed out that during the last ten years the road has spent \$19,000, 000 in reconstruction.

The petition for a receivership was filed on behalf of the stockholders and the finance committee by John A. Humberg of Minnesota, George P. mings and Alex Wallace of Great Britain. As soon as the petition for the complainants had been filed an answer ting in the case. was filed on behalf of the board of directors, who voted to become party to the receivership proceedings.

The preference of these two classes of stock are secured by a trust deed to the Manhattan Trust company of New York. There will be a default in the payment of these obligations Jan. 15," said Mr. Kellogg.

Further outlining the condition of the road, Mr. Kellogg said that the Great Western owes \$10,653,413.71, now due or falling due within the next four years, of which notes to the amount of \$545,000 have gone to protest.

Mr. Kellogg further said that the Great Western, which is an Illinois corporation, owns in fee without mortgage lines of railroad in Illinois, Iowa, Minnesota Kansas and Missouri It also owns a terminal lease of a line from St. Paul to Minneapolis.
