OMAHA ATTORNEY TAKES HAND

Elmer E. Thomas, Attorney for the Civic Federation of Omaha, Proposes to Contest the Issuance of Licenses in Norfolk.

The arrival of Elmer E. Thomas, attorney for the civic federation of Omaha, in Norfolk Wednesday evening and the announcement that he has been engaged as special attorney by the W. C. T. U. of Norfolk together with the statement that remonstrances against every saloon keeper...

Attorney Thomas of Omaha, who has been back of the anti-saloon fight at Wayne, was in Norfolk Thursday morning returning to Omaha at noon.

Before Mr. Thomas' arrival seven remonstrances had been filed with the city clerk. He announced Thursday morning that before night remonstrances would be filed against every applicant for a Norfolk saloon license.

The first seven remonstrances against the granting of saloon licenses were directed against R. L. Beveridge, William G. Berner, J. F. Walton, William Stokes, Emil Moeller, W. E. Koehn and Ray Weber. The remonstrances were filed by a committee of the local W. C. T. U. consisting of Mrs. Brewer as president, Mrs. Balantyne as secretary and Mrs. Thomas as treasurer.

Mr. Thomas stated that if the remonstrances were turned down by the council the granting of the licenses would be appealed to the district court provided the evidence warranted it.

Four additional remonstrances against the granting of saloon licenses were filed in the city clerk's office during the early part of Thursday afternoon. The applications of P. M. Barrett, C. A. Tarepenning, A. H. Reineccius and C. F. A. Marquardt were objected to in this collection of remonstrances.

During Thursday afternoon two additional signatures were placed on the saloon remonstrances in addition to the names of the three ladies who are the filing the remonstrances.

Wayne, Neb., April 30.—Special to The News: D. C. Patterson, a wealthy and prominent real estate man of Omaha, was brought to Wayne last night by Sheriff Mears and hauled up before Justice Alter this morning on a charge of violating the rules laid down by the board of health.

Mr. and Mrs. Patterson and their daughter came to Wayne several days ago. The daughter was taken sick with diphtheria. Mr. Patterson applied to the board of health to allow him to be fumigated and return to his home in Omaha, where his business was pressing.

Mr. Patterson then had the nurse in the house fumigate him, drove to Wakefield, caught a train and then went to Omaha. The board of health sent the sheriff down for him and he was brought back last night.

Mr. Patterson appeared in his own behalf this morning. He claimed that the law of the board of health allowed him to be fumigated and released from quarantine. Justice Alter dismissed the case and Patterson returned to Omaha.

MATTER OF COUNTY SEAT

GREGORY COUNTY IS STILL WAGING CIVIL WAR.

BOARD MUST MAKE A RECORD

Sheriff McMullen Has Been Serving Copies of an Alternative Writ of Mandamus on Commissioners Requiring Them to Make Record.

Herriek, S. D., April 30.—Special to The News: Sheriff McMullen was yesterday and today serving copies of an alternative writ of mandamus on the board of county commissioners, issued from the chambers of the judge of the First Judicial circuit, requiring the board to meet and make a record on the county seat petitions, showing that the Burke petition contained the names of 1,599 legal voters of Gregory county, and that 101 names of legal voters were on both the Herriek and Burke petitions and were not counted on either, or show cause before the judge at Fairfax on May 1 why they have not so done.

This is the first move that has been made in the county seat fight of this county since the board of county commissioners made their finding on March 21 and ordered the town of Herriek placed on the ballot against Fairfax at the coming election.

The object of this move on the part of Burke is to try to induce the board to make a record which would show on its face that neither town had a majority of the legal voters of the county on its petition.

The citizens of Herriek are not disturbed over this move, as the board has already found that there are not to exceed 3,000 legal voters in the county, and could not now find that there are 1,599 legal voters on the Burke petition. There were, perhaps, more than 1,700 names on the Burke petition, but there are several hundred of these names who were not identified as voters.

CURRENCY BILL MODIFIED

VREELAND INTRODUCES SUBSTITUTE FOR HIS MEASURE.

ELIMINATES ALDRICH FEATURES

Measure Provides for Emergency Currency Based Entirely on Clearing House Securities—Provisions for Corporate Bonds Are Left Out.

Washington, April 30.—As the result of a series of conferences between Republican leaders in the house, the first of which was held yesterday, Representative Vreeland (N. Y.) introduced a bill to take the place of the currency bill introduced by him last week. In the new bill, which is declared to represent the views of a substantial majority of the Republican members and which is the measure that will be presented to the conference of the Republicans of the house to be held within a few days, nothing is left of the Aldrich currency bill except the provision for the payment of interest on government deposits in national banks. The provisions for the issuance of emergency currency on corporate bonds are swept away.

The new bill provides for the formation of national clearing house associations by not less than ten national banks having an aggregate capital and surplus of not less than \$5,000,000. A tax of 4 per cent on emergency circulation, based on clearing house association securities, is provided for the first month, this tax to be increased 1 per cent each month until it reaches 10 per cent, where it is to remain until the currency is retired.

Another section of the bill provides for the creation of a currency commission, to consist of six members of the house, six members of the senate and six to be appointed by the president.

FLEET SAILS FOR MONTEREY

BATTLESHIPS LEAVE SANTA BARBARA AFTER FIVE DAYS' STAY.

JACKIES WRECK A RESTAURANT

Sailors Vent Their Anger for Alleged Ill Treatment—Dance of the Flowers is Closing Feature of the Entertainment of Officers.

Santa Barbara, Cal., April 30.—After a stay of five days in this port, the Atlantic fleet of battleships sailed this morning at 6 o'clock for Monterey, the next scheduled stopping place on the long itinerary. A dance of the flowers last night in honor of the officers of the fleet and in which forty of the young women of Santa Barbara's social circle took part, was the closing feature of the entertainment here. The dance was given on the Plaza Delmar, where a large tent had been erected. The visit to Santa Barbara has been replete with social functions in honor of the officers and the spectacular floral parade eclipsed anything seen on the entire cruise from Hampton roads. But the stay of the enlisted men here has not been an entirely happy one. No special entertainment was arranged for them, and they were allowed to go their own way without official attention of any sort.

The incident of last night, in which a small restaurant was partially demolished by indignant sailors, was not officially reported to the flagship. It is not known that Admiral Thomas will take any steps in the matter, although he deprecates very greatly that anything of the kind should have occurred to mar the excellent record of the men for good conduct ashore. There is no outward disposition, however, on the part of even the citizens of Santa Barbara to blame the blue-jackets for their drastic action for alleged ill treatment of them.

PLOT TO MURDER BISHOP HARRIS

Officials Safeguard Missionary During Stay at San Francisco.

San Francisco, April 30.—Warned that a number of Koreans in San Francisco were preparing to assassinate Bishop Merriman Colbert Harris upon his arrival on the Pacific Mail steamship Korea from the Orient, Surveyor of the Port Woodward, accompanied by a number of other federal attaches and members of the local police force, met the steamer upon its appearance in port, and, placing the divine upon the revenue cutter Golden Gate, caused his removal to Oakland. The action of the officials came in response to a request from Washington. As a companion of the late D. W. Stevens, adviser to Korea, who was shot down at the ferry depot while on his way to Washington, and one who had studied conditions in Korea under the Japanese rule, Bishop Harris was warned by the American ambassador to Japan and the Japanese officials before leaving the Orient to avoid making any statements on the Korean questions upon his arrival at San Francisco which might be likely to arouse Korean residents in this city. While the archbishop was making his way around the Pacific on the liner Korea a number of telegrams were received from Washington by local federal officials to the effect that a plot to murder a missionary upon his arrival had been formed among the Koreans of this city, and the surveyor of the port was directed to take every possible means of safeguarding the divine during his stay here.

The news of his reverse was followed immediately by the departure for Fez of Sultan Abdel Aziz's army, 5,000 strong, with five cannon, under the command of General Bagdadi, chief of the sultan's army. Two French and some Algerian officers accompany General Bagdadi.
