

# NORFOLK AVENUE IS STILL A MUD STREET

### ADMINISTRATION TEMPORARILY BLOCKED IN PAVING EFFORT.

### LEGAL REMONSTRANCE FILED

### Raising a Protest Which Could Not Be Ignored, Remonstrators Forced Council to Return Paving Bids Unopened—Future Doubtful.

Paving for the time being was again blocked by a remonstrance and threats by certain Norfolk avenue property owners at the meeting of the city council held last evening to let the contract for paving a portion of Norfolk avenue this fall. Mayor Sturgeon and members of the council who were anxious to comply with the popular demand for paving, realized that technicalities could be raised against the plan for paving which had been agreed on and when presented with an ultimatum by the anti-pavers admitted that the plan would have to be abandoned. The bids were accordingly ordered returned unopened.

An "Opinion" and a Remonstrance. The legal aspect of the paving situation was emphasized by the remonstrators, who had legal champions before the council in two Norfolk attorneys, Bert Mapes and Jack Koenigstein. An opinion of great length by Attorneys Koenigstein, Powers and Barnhart was also tendered the council. That body threw up its hands and voted to return the paving bids unopened.

The paving protest read as follows: "To the honorable mayor and council of the city of Norfolk and to all whom it may concern:

"We the undersigned, property owners within the proposed paving district, remonstrate against the letting of a contract for paving in said district at this time, for the following reasons:

"First, that until permanent water, gas and sewer connections are made for each lot in said proposed district, it is not advisable to pave.

"Second, that there is no authority vested in the city council at this time to award a paving contract.

"Third, that there is no method provided or suggested for the paving of intersections except by an issuance of certificates of indebtedness, which is illegal and void.

"Should a contract for paving be let the collection of the tax will be resisted and any effort to pay for intersections will be contested."

The remonstrance was signed by A. Bear, H. C. Sattler, W. A. Emery, P. M. Barrett, C. E. Farley, W. A. Moldenhamer, Ludwig Wetzel, C. S. Evans, Henry Kling, Charles S. Bridge, William G. Berner, F. C. Asmus for Mrs. Louise Asmus, C. S. Hayes, A. Buchholz, Albert Degner, J. D. Larrabee and J. Koenigstein.

May Yet Pave. Members of the council and citizens generally believe that one or two ways of paving may still be open. This will come up later.

Norfolk's "certificates of indebtedness" were called into question by one of the attorneys last night in the effort to block paving. The result may be a "ban" on the certificates in the future. Every administration in past years has issued the certificates to carry on the city's business when tax collections had failed to bring in the required fund. It is quiet possible that all lines of city work may be curtailed for some time to come.

Other paving plans were discussed following the break-down of the action started on the basis of the ordinance passed in the Friday administration. "We have been in good faith," declared Mayor Sturgeon just before the council adjourned. "We knew that the time limit of the Friday ordinance had expired and that technicalities could be brought against our plan for paving for the street intersections, but I did not believe that any one would press these technicalities as had as we need paving."

Craven Would Pave Third. With possibly one exception every councilman present seemed to favor paving. "Bring me a petition to pave Third street between Norfolk and Madison avenues and I will not only sign the petition to pave but I will pay for the alley intersection," said Councilman Craven.

It was declared that ninety per cent of the people wanted to see Norfolk avenue paved.

Cost of Sewers. The cost of the four new sewer districts was found last evening to be as follows: No. 5, \$48 1/2 per running foot of frontage; No. 6, \$50; No. 7, \$42; No. 8, \$42.

Council Humor. There was some pleasantry at the council meeting. Councilman Winter had been appointed to look up the condition of the Junction hose company. "They promised to write down a report," said Winter, "but they never brought me the slip." "They gave you the slip alright," laughed Councilman Pat Dolan. "They did not," said Winter. "Say, Dolan, can't you get a company down there that will stand pat?" demanded a councilman. "Stand Pat?" interjected another city father. "That's what the council has to do,

but isn't it asking too much of the hose company?"

Council Proceedings. Special meeting of the city council, held at 8:15 p. m. at city hall. The assessment of sewer districts No. 5, 6 and 7 was levied as follows: No. 5 at \$48 1/2 per foot; No. 6 at \$50; No. 7 at \$42.

Council met in regular session at 8:35. Present Councilmen Schwenk, Winter, Craven, Fuesler, Dolan and Hibben. Absent, Kauffman and Degner.

On motion of Winter, seconded by Schwenk, the bills of F. Lamb and of the Norfolk Light and Fuel company were allowed.

The report of the fire inspectors was accepted. A remonstrance against paving was read. On motion of Fuesler, seconded by Winter, it was made part of the record.

Moved by Craven, seconded by Hibben, that paving bids be opened. Carried. Later it was moved by Winter, seconded by Schwenk, that the motion to open bids be reconsidered. It was then moved by Winter and seconded by Schwenk that in view of the fact that no provision was made for paving the intersections in the paving district from Norfolk bridge to Seventh street, that the bids for paving be recalled and that the bids received by the clerk be returned unopened. Carried.

On motion of Dolan, seconded by Winter, the water commissioner was instructed to order meters in wherever sewer connections have been made. The city engineer was instructed to issue no sewer permits until a meter was put in on the city water connection.

The following walks were ordered in: Lot 5, block 2, Koenigstein's addition; lots 7 and 8, block 4, Koenigstein's second addition; lots 1, 2, 3, 4, 5, 6 and 7, block 8, C. S. Hayes' addition; lots 1 and 13, block 16, Durand's first addition; lots 1, 2, 3 and 4, block 7, C. S. Hayes' addition; lot 9, block 16, C. S. Hayes' addition. Council adjourned at 10:45.

## EXCURSIONISTS WILL MEET TO TALK IT OVER

### LOOKS NOW AS IF EXCURSION MIGHT YET SUCCEED.

All persons interested in the success of the proposed trade excursion north on the Norfolk-Dallas line of the Northwestern, are requested to meet in the Pacific hotel parlors Wednesday evening at 8 o'clock.

At that time definite plans will be discussed, and the matter of taking the Norfolk band along will be determined. Also the matter of Pullmans will be taken up for settlement.

Mayor Sturgeon now believes that the trip is a possibility, although a good many more business men must indicate their intention of taking the trip, if the excursion is to succeed. He believes, however, that enough more names will be forthcoming to assure the trip.

Mr. Sturgeon thinks there may be 150 business men to take the trip when the time comes. The date for the excursion is not definitely settled, but it will probably be within the next week or so.

## AINSWORTH WHIPS FAST IOWANS

Wins 3 to 0 Victory From Denison, Ia., Nine.

Ainsworth, Neb., Aug. 26.—Special to The News: Denison, Ia., has a crack ball team but it met its Waterloo here yesterday afternoon in a game with Ainsworth, the local team winning by a score of 3 to 0.

DeSilva, the south paw pitcher and Ainsworth manager, was at his best, allowing but three hits and striking out sixteen men. He also got a two base hit at a time when two men were on bases.

The score: Denison . . . . . 0 0 0 0 0 0 0 0 0 0 Ainsworth . . . . . 0 0 0 2 0 0 0 1 x—2 Batteries, Ainsworth, DeSilva and Chapman; Denison, Paul and Ballard. Umpire, Charles Murphy.

The same teams will play here again Friday.

## AUGUST CLOSING COLD.

Last Week Was Seven Degrees Below Normal in Temperature.

Lincoln, Aug. 25.—The weather bulletin for the week ending August 24, made public today, is as follows: The week was partly cloudy and cool, with an excess of rain in the central and southern counties.

The mean temperature was between 64° and 68°, which is about 7° below the normal. Friday was the warmest day, with maximum temperatures quite generally between 80° and 85°. At many places the maximum temperature was below 80° on five days.

The rainfall exceeded one inch in most central and southern counties. In Hitchcock, Furnas, Phelps and Kearney counties it was above three inches. In the northern and northwestern counties the rainfall was light, ranging from light sprinkles of less than half an inch. Most of the rain fell Tuesday night or Wednesday, but very light showers occurred on two or three other days in most parts of the state. The total rainfall from April 1 to date is decidedly above the normal in nearly all parts of the state.

# ROSEBUD TOWNS ARE JUBILANT OVER NEWS

### GOVERNMENT ASKS OPTIONS ON BUILDINGS FOR REGISTRATION

### TELEGRAM BROUGHT NEWS

Gregory and Dallas Learned of the President's Proclamation When Telegrams Came From Washington Asking About Available Buildings.

People in the new towns of Gregory county, South Dakota, are jubilant over the president's proclamation opening Tripp county lands to settlement in October. First news of the proclamation went into the Rosebud country when the department of the interior telegraphed to Gregory and Dallas Tuesday requesting options on buildings for registration purposes. The Norfolk News was the first paper to take the news into that territory. This is the story told by a Gregory man who reached Norfolk at noon.

Soldiers' Rights. Indications are that the rush will be larger than that in Gregory county four years ago. Soldiers who served three months in the civil war, Spanish-American war or Philippine insurrection will not be required to visit the registration towns for the purpose of registering, but may register through an agent.

## WEDNESDAY WRINKLES.

George N. Beels went to Niobrara this morning. Miss Emma Lane went to Pilger Tuesday noon. W. A. Meserve of Creighton was in the city today. Mrs. John Krantz went to Dallas, S. D., this morning. Dr. H. T. Holden was called to Pierce Tuesday noon. John Krantz and son, Earl, went to Neligh Wednesday noon. S. A. Richardson of Butte was the guest of D. F. O'Brien Tuesday. Mrs. Clem Barnhill and Miss Violet Miller went to Osceola, Ia., Wednesday.

Miss Mina Trulock went to Stanton at noon to attend the teacher's institute.

T. C. Cantwell was in Pierce yesterday.

H. W. Bartlett of Pilger was in the city yesterday.

Carl Schulz of Wayne was in the city yesterday.

Rev. Mr. Brauer of Hadar was in the city yesterday.

Mrs. H. Holbrook of Pilger was in the city Wednesday.

Miss Mae Barrett returned from Omaha last evening.

Mr. and Mrs. H. Kiesau, who have been visiting at the Kiesau homes for two weeks, returned to Waukon, Ia., at noon.

Mr. and Mrs. Venus Nenow have returned from Battle Creek.

Postmaster Carl Kramer of Columbus was in the city yesterday.

Ed Lehman, who has been visiting friends in the city, left Tuesday for Milwaukee.

Miss Elizabeth Rees, who has been visiting her brother for several weeks, leaves today for Sheridan, Wyo., where she will teach school.

Myron D. Karr of Columbus, candidate for state railway commissioner, was in the city Wednesday. Mr. Karr is at the head of a large brick company at Columbus.

A new porch is being built on the Atlantic hotel.

John Schelly is just recovering from a ten days' siege of neuralgia.

Hiss Hanna Sar has accepted the position of cashier with the Bee Hive store.

Miss Meta Wilde has accepted the position as stenographer with Smith Brothers.

L. B. Nicola is taking his annual two weeks' vacation from the Durland Trust company.

Mrs. Julia Boden was married Monday afternoon to Joseph Volts at Madison. The couple will make their home in the city in the Beels block.

The Baptist Sunday school held their annual picnic Tuesday at Spring Branch. Two hayracks full of children went out and had a jolly time.

John Stinehauser has returned to his position with Davenport's shoe store after a week's vacation spent in traveling through Minnesota and Iowa.

Fred Hellerman has returned to his position with the Star clothing company after a two weeks' vacation spent visiting friends and relatives at Sleepy Eye, Minn., and Marshallfield, Wis.

Dr. and Mrs. J. C. Myers are spending a few weeks camping out at Taff's grove. They have installed a telephone to keep in touch with the world and are spending their time fishing and resting.

The water pressure at the Chicago Lumber company's fire Tuesday morning was so strong as to attract attention, bringing comment both from the firemen and the spectators. After the department arrived, the fire, which had gained considerable headway, was extinguished in a very short time.

Meadow Grove News: R. Y. Appleby of Stanton, Republican candidate for state senator from this district, was in town last Saturday afternoon getting acquainted with the voters. While here he gained many friends who have pledged to support

him at the primaries to be held September 1.

Battle Creek Enterprise: The little son of Mr. and Mrs. Sam Kent, Jr., who had one foot nearly severed and the other badly cut in a mower a couple of weeks ago, is getting along nicely. The cast was taken from the injured members the first of the week and the wounds were found to be healing rapidly. It is thought no serious results will follow the accident.

Columbus Telegram: Rev. L. R. DeWolf entertained at the M. E. parsonage four of the district superintendents of the north Nebraska conference, formerly known as presiding elders. They were Dr. Wm. Gorst, of Omaha; Dr. D. J. Tindall and Dr. Thos. Bithell of Norfolk, and Dr. G. H. Main of Central City. The reverend gentlemen were here to outline work for the annual conference to be held at Stanton September 23.

George M. Dudley was quite badly hurt Tuesday noon at the Northwestern up town depot by slipping on a baggage wagon, while in the act of removing a trunk, and falling backward upon the endgate, bruising his back and fracturing several ribs. No medical aid could be reached by telephone so he was taken home in a hack. He will be unable to be about for some time, but the injuries are not serious. No bones were broken, the ribs being fractured rather than broken.

A plan for affording Norfolk farmers more hitching posts is now occupying attention of a committee from the city council. Mayor Sturgeon has suggested that the city build an enclosed yard in which horses may be tied and protected. He would have a man employed by the city to help in hitching and unhitching the teams. His plan contemplates charging a five-cent fee for the privilege of hitching in the yard. It is said that since hitching on the street has been prohibited, farmers have not enough places in which to hitch.

# NORFOLK WILL SEE TENS OF THOUSANDS

### NORFOLK THE ONLY GATEWAY TO TRIPP COUNTY LANDS.

### LAND RUSH WILL BE DRAMATIC.

The Northwestern Railroad From Norfolk to Dallas is the Only Railroad Leading to Tripp County—Crowds Will Soon Begin.

Beginning within the next few days, Norfolk may expect to see great crowds of landseekers passing through this city on their way to Tripp county, S. D., to look over the lands that are to be given away by lottery in October.

This will be one of the government's greatest lotteries and it will attract national attention. Unquestionably hundreds of pretty school teachers from the east will register for a chance to draw farms, just as they did in the days of the Bonesteel rush. There will be all kinds and conditions of men passing through Norfolk en route to the front.

The rush will be dramatic in the extreme. Every day during the rush many special trains will be run from Norfolk to the end of the line, because Norfolk is the gateway and the only railroad running to the reservation extends from this city.

## People Walked Streets.

Four years ago during the Bonesteel rush, people walked the streets at night in Norfolk. They couldn't find enough beds in the town to sleep in.

It is expected that the rush will be greater this year. The Northwestern railway handled the rush before without an accident of any sort. Superintendent C. H. Reynolds at the time estimated that about 100,000 people had been transported from Norfolk to Bonesteel and back. And not a mishap occurred.

The News Scoops. Norfolk's daily paper has been extraordinarily fortunate in securing scoops on Rosebud stories of importance.

Four years ago this paper took the president's proclamation into Bonesteel twenty-four hours ahead of any other paper.

A year ago last January The News took the story of the treaty between the Indians and Major McLaughlin for Tripp county, into the Rosebud country twenty-four hours ahead of any other paper.

Yesterday this newspaper took the story of the opening date into the reservation country just twenty-four hours ahead of any other paper. From now on people will rush into the new country to be on hand for the opening. Many will set up this sort of business or that for the rush period. And money will be made from the throngs of thousands.

It was estimated that \$20,000 was spent in Norfolk by the Bonesteel rush crowds.

## Carnival vs. Picnic.

Meadow Grove News: Carnival or no carnival, that's the question to soon be settled in Tilden says the Citizen. From the present expression of the business men, the town is likely to forego this jubilation and instead of having three days' admixture of holiday, hard work and a liberal supply of imported rowdiness, to make the business men's picnic the event of the season of 1908.

# MIDNIGHT FIRE IN A NORFOLK LUMBER YARD

### COAL SHED OF CHICAGO LUMBER COMPANY BURNS.

A fire in the yards of the Chicago Lumber company about 12:40 Tuesday morning called the fire department to fight a blaze in the heart of the city and resulted in about \$300 damage. The fire caught in a coal barn in the northwest corner of the yards, probably from spontaneous combustion. Three coal bins and contents burned. The lumber sheds and other adjacent buildings were damp from recent rains and as there was no wind stirring the fire did not spread from its place of origin although it had gained considerable headway when the department arrived. The firemen kept the flames under control and confined them to the single shed.

About two years ago the yards of the Chicago Lumber company were the scene of a more serious fire, which for a time was thought to threaten other business property. The guests of the Pacific hotel fled from the hotel at that time, removing trunks and other belongings in haste.

Tuesday morning's fire was discovered by Night Officer Kell.

## NORFOLK PHONE MAN TALKS.

W. J. Stadelman Favors Measured Service in Telephone Business.

Sioux City Journal: The reforms are bound to come in the conduct of the telephone business was the declaration of W. J. Stadelman of Norfolk, Neb., manager of the Norfolk Long Distance Telephone company, who was in Sioux City on business with the Interstate Supply company.

Mr. Stadelman declared that within five years patrons of telephone lines would be paying for the actual service they get rather than a monthly rental. The man who uses his telephone twenty times a day will pay more than a man who uses his telephone only two or three times. Then perhaps people will not be so free in inviting their neighbors to use their telephones.

"A man who rides ten miles on a railroad train does not have to pay as much as does a man who rides 100 miles," said Mr. Stadelman. "Therefore, why should a man who uses his telephone but little pay as much as the man who keeps the wires hot? The nickel-in-the-slot telephones in the large cities are merely the forerunners of similar devices in the smaller cities."

Mr. Stadelman said improvements are being made constantly in the automatic telephone services; that hardly any two systems, with the exception of those in Omaha and Norfolk, were alike. With the installation of each system something new is added. Since the Sioux City system was installed push buttons have been abolished on many systems. As soon as a connection is established by turning the dial the bell on the other end begins to ring and continues to ring at intervals until the "party" on the other end takes down the receiver.

## Creamery for Lake Andes.

Sioux Falls, S. D., Aug. 25.—Special to The News: The business men of Lake Andes have inaugurated a movement for the establishment of a creamery at that place. Lake Andes is situated in the heart of the best agricultural portion of Charles Mix county, and hundreds of farmers in that vicinity would give the creamery loyal support. Those behind the movement are contemplating calling a mass meeting at an early date for the purpose of organizing a stock company and establishing and operating the creamery.

## Three Injured in a Runaway.

Pine Ridge, S. D., Aug. 24.—While returning from the mission school Mrs. George C. Dawson of Porcupine, S. D., and Mrs. Harry Dawson and Miss Margaret Dawson of Washington, D. C., were quite badly injured by the team overturning the wagon. Mrs. H. A. Dawson, of this place, was with the party, but jumped as soon as she noticed that things were not right and escaped without injury. It is presumed that the accident was caused by a tug becoming unhitched and letting the wagon tongue down.

## URGED COUNTY OPTION

Omaha Speaker Tells Norfolk People Saloon Is the Issue.

Addressing a small audience in the G. A. R. hall Tuesday evening, Rev. W. S. Ritchie of Omaha, urged his hearers to vote for county option, which he said was the issue in Nebraska.

## Tripp Notes.

Lamro, S. D., Aug. 21.—Special to The News: Over 16,000 tons of hay is being put up near Lamro and is selling at \$2.56 a ton. C. A. Houlton of Delmont, S. D., who recently purchased sections ten and nine, is here improving the same.

## TOOK FRIENDS BY SURPRISE

Mr. Ewing of Hartington and Miss Buckendorf of Norfolk Wed. A wedding, which was arranged so as to take the friends of the young couple by surprise, took place at 11:30 o'clock Wednesday morning at the home of the bride's parents, Mr. and Mrs. L. Buckendorf, Rev. C. W. Ray,

pastor of the Methodist church uniting in marriage David E. Ewing of Hartington and Miss Laura L. Buckendorf of this city. The wedding was a very quiet affair. Mr. Ewing arrived in Norfolk thirty minutes before the ceremony. An hour later he and his bride left for Sioux City, where they will spend a few days before going to Hartington, where Mr. Ewing is in the clothing business.

Business Changes in the Northwest. John R. Blair is erecting a building in Herrick and will start a jewelry store. Gus Matoushek and Anton Srp have formed a new real estate firm at Gregory. John A. Davenport has sold his general store at Elgin to Ben Payne and A. F. Conway of Neligh and will leave Elgin for a larger place. William Hollstein's new meat market building at Stanton has been completed. Horton Munger, who has been in Stanton, has taken charge of the Nye-Schneider elevator and lumber yard at Gregory, S. D.

## WILLIS UNDER KNIFE

Battle Creek Postmaster is a Very Sick Man.

Battle Creek, Neb., Aug. 26.—Special to The News: Postmaster F. H. L. Willis of Battle Creek is a very sick man. An operation was performed upon him yesterday afternoon by Drs. Condon of Omaha, Campbell of Tilden and Tanner of Battle Creek. Mr. Willis is suffering from cancer of the stomach and liver. He is seventy-two years old and his condition is such that he might collapse at any time although he might survive a short time. He rested fairly well last night, under the circumstances.

## RICH 160 ACRE FARMS THE LOTTERY PRIZES

ABOUT 3,500 VALUABLE HOMESTEADS OFFERED IN TRIPP.

HOW TO GET IN AT DRAWING

Details of the Great Land Drawing in the Rosebud in October—Gregory County Farms, From the Bonesteel Drawing, Sell for \$5,000.

"You're going to register, I suppose?" In a day the Rosebud and the Tripp county opening have replaced the weather as a topic of conversation. The president's proclamation has come to the relief of the man who wailed "Is it hot enough for you?" "Going to register?" is the stock question and the answer is "Tripp for mine."

But how do you get a Rosebud homestead?

Who Can Be Homesteaders. Any man or unmarried woman, over twenty-one years of age and a citizen of the United States, who does not own more than 160 acres of land and who has not heretofore exercised his or her homestead rights stands a chance of drawing one of these Tripp county homesteads, of securing 160 acres out of the million of fertile acres that compose the unappropriated public land in Tripp county. People who have declared their intentions of becoming citizens are not barred and men or women under twenty-one years of age, if at the head of a family, may take a homestead.

To Register. The would-be possessor of a Rosebud homestead must appear in person at a registration office at Dallas, Chamberlain, Gregory or Presho, S. D., or at O'Neill or Valentine, Neb., during the registration days beginning October 5. No fees are charged for the initial registration. Old soldiers and ex-sailors may register by mail.

The Drawing. The drawing will take place at Dallas on October 19. The names of those who have registered for the drawing will there be placed on a wheel or in some other receptacle. The first name drawn will have first choice of a location, the second name second choice and so on.

3,500 Rich Farms. There will be 3,500 homesteads and it is said that any of the first 3,500 homesteads that can be selected will be worth taking. As many of those who draw homesteads fall to file it is probable that any of the first 5,000 names drawn will give title to 160 acres of land worth securing.

Within a given time from the close of the drawing the lottery winners are required to present themselves in the order in which their names were drawn and designate the land upon which they desire to file.

Here is the section of the Burke bill governing the payments required to secure a Tripp county homestead:

Cash Payments. "Article 14—It is agreed that the price of said lands as homesteads shall be as follows: Upon all lands entered or filed upon within three months after the same shall be open to settlement and entry, \$6 per acre. And upon all land entered or filed upon after the same shall have been opened to settlement and entry, \$4.50 per acre. After the expiration of six months and within four years after the same shall have been opened, the price shall be \$2.50 per acre. That

Mix Tone Bros. Cinnamon in equal parts with flour; subject it to any test you please; you'll find it even then as strong as ordinary kinds. Strength and quality—always conspicuous characteristics of Tone Bros. Spices—result from unexcelled facilities for selecting, handling and grinding. All of

# TONE BROS SPICES

are sealed air-tight; the pure, rich seasoning properties of the spice are in the package when it reaches you. Grocers—10c.

There are two kinds of spices—Tone's and "Others."

TONE BROS., Des Moines, Iowa.

The price shall be paid in accordance with rules and regulations prescribed by the secretary of the interior upon the following terms: One fifth of the purchase price to be paid in cash at the time of entry and the balance in five annual installments to be paid in one, two, three, four and five years respectively from and after the date of entry. That in case any entryman fails to make the annual payments, or any of them promptly when due, all rights to the land covered by his or her entry shall cease. And any payments theretofore made shall be forfeited and the entry cancelled; and the land shall be reoffered for sale and entry under the provisions of the homestead law at the same time that it was first entered. That the lands disposed of under the townsite law shall be paid for at the price provided by law. That all lands remaining undisposed of at the expiration of four years from the opening of the said lands to entry may be, in the discretion of the secretary of the interior, sold to the highest bidder for cash without regard to the above minimum price."

Residence Required. Fourteen months actual residence is required to "prove up" on a Tripp homestead, after which the homesteader may make a complete payment for his lands and receive a clear title. Eight months are given in which to get settled on the homestead. But these preliminary months do not count in the fourteen month term, which begins when the homesteader takes up his actual residence on the 160 acres.

The other requirements of the government are not excessive. A nominal amount of improvements must be made and a small portion of the land brought under cultivation.

Value \$5,000. People who lived on Gregory county farms for fourteen months and secured clear titles are now selling their farms for a round \$5,000. And Tripp county land is said to be even more fertile.

# NELIGH RACES COURT WEATHER MAN'S SMILE

THE WEEK'S BALL SCHEDULE REVISED AT NELIGH.

Neligh, Neb., Aug. 26.—Special to The News: It is up to the weather man to make good for the success of the mid-summer jubilee, race meet and base ball tournament in this city the balance of the week. All is harmony, in fact the same that has been the usual custom among the citizens of Neligh during previous events. As was announced Norfolk vs. O'Neill will play today on the
