SO DECLARES PRESIDENT OF NA- his mother-in-law, Mrs. Anna Mc-TIONAL ORGANIZATION.

CAMPAIGN TO START IN FALL

The National Convention of the Women's Temperance Union Will Be Held at Omaha in October to Get the Battle Started Here.

Omaha, April 22.-Nebraska is to be the next battleground in the general campaign for prohibition, according to Mrs. Lillian M. N. Stevens, national president of the Women's Christian Temperance Union, who with SENATE RESUMES Miss Anna Gordon, vice president, is in the city, conferring with officials of the state and local unions.

Mrs. Stevens said Omaha was chosen as the convention city this year principally on the ground that conditions in this state are regarded as ripe for the submission of a prohibition amendment and that the full force of the union will be centered here in 1910.

The holding of the national convention here next October is intended as the real opening of the campaign, Prohibs Work in Florida.

Tallahassee, Fla., April 22.-The first battle for prohibition in the Florida legislature was begun today in the house with the introduction of a bill for a constitutional amendment for state-wide prohibition. Hours before the legislature convened Tallahassee was crowded with men, women and children who had come to town by train and wagon.

Washington, April 22.-The tariff bill was again taken up soon after the senate convened today and the reading of the measure by paragraphs was continued.

It was agreed today that at any time while the measure was being considered for amendment any paragraph in the bill might be reverted and be subject to amendment without the necessity of resorting to any formal parliamentary procedure.

Oil People Ask Protection. Independent producers and refiners were given a hearing by the senate committee on finance today in support of a resolution adopted by them asking congress to place an ad valorem rate of 50 per cent on crude petroleum and all products thereof and also asking that these products be excepted from the drawback clause of the Payne bill. They claim that the Standard Oil company produces only 11 per cent of the crude petroleum produced in the United States, while it does 821/2 per cent of the refining.

PATTEN REACHES COLORADO

Drives Through Snow to Friend's Ranch-Tired and in Bad Humor.

Trinidad, Col., April 22.-James A. Patten, Chicago's "wheat king," arrived here today and left shortly afterwards for Tercio, Col., near the New Mexico line, from whence he will drive overland twenty-five miles to the ranch of W. H. Bartlett near Vermejo park, New Mexico. A heavy snow storm prevails and the trip will be made through snow drifts.

Patten appeared tired and extremely nervous and he was not in the best of temper. "None of your business," was his

answer to a question as to his mission in Trinidad. "I've been hounded to death by reporters for weeks." Asked concerning the report that he had experts gathering data on July wheat throughout the west, Mr.

Patten refused to answer. It is understood he will spend some time at the ranch and as it is remote from telegraphic and railroad communication, his desire for rest and relaxation will probably be gratified.

At the hotel where Mr. Patten rested for a few hours he was warned by the clerk that it would be dangerous to attempt the overland trip from Terrio to the Bartlett ranch today, as a furious blizzard is raging in the mountains.

"I don't care," said Mr. Patten. "I want seclusion and rest and I am going after it."

The stage cannot reach the Bartlett ranch before nightfall, and the roads on the census bill, but owing to the are in a dangerous condition as a result of the almost unprecedented snowfall, tremendous snowslides being of frequent occurrence over the mountain passes.

Hutchinson, Kan., April 22.-James A. Patten, the Chicago wheat bull passed through this city late last night enroute to Trinidad, Colo., to visit at the ranch of a friend near there in Idaho. Mr. Patten said he had been making no personal investigation of the wheat fields, but was fleeing from newspaper publicity.
