## NEW QUAKE AT MESSINA

EARTHQUAKE SHOCKS OF VIOLENCE THERE AND AT REGGIO.

MORE SEVERE THAN OTHER

WALLS OF HOUSES NOT COMPLETELY DEMOLISHED, FALL

PEOPLE FLEE IN PANIC

A woman and a child, caught under falling walls, are crushed and woman later dies—Eight shocks during the night—Worst at 7:20 a. m. Messina, Sicily, July 1.—Earthquakes, both here and at Reggio, at 7:20 o'clock this morning created a great panic among the people of these two cities.

Walls of houses not completely demolished in the visitation of December were shaken down and the inhabitants of the towns rushed from the streets toward the open country.

A woman and a child caught under the wreckage sustained serious injury, the woman subsequently dying.

The earthquake shocks have become more intense recently. The shocks of this morning were undulating and vertical and accompanied by deep roaring sounds. The first one was followed by an explosion like the roar of cannons and lasted between 8 and 10 seconds.

It is said that this quake was of greater severity than the fatal one of the night of December 28. The wooden houses and huts erected for the accommodation of the people seemed to be thrown from one side to another. Cries filled the air as the people fled into the road.

Detachments of police and carabinieri were dispatched for the protection of the wooden huts built with American money, but which have not yet been destroyed. The population fled in the districts where walls threatened to fall on them toward the American huts with the intention of taking forcible possession of them.

Between 8 o'clock last night and 7:20 o'clock this morning a total of eight shocks were experienced.

## TO OPEN RESERVATIONS

South Dakota Senators Find All in Readiness for Them.

Washington, July 1.—Senators Gamble and Crawford were at the interior department to see about the opening to white settlement of the Cheyenne and Standing Rock Indian reservations, and found that it is expected that all will be in readiness to issue a proclamation opening those lands during the latter part of August.

The commissioner engaged in appraising and classification of the Indian lands has about completed its labors on both reservations, and reports are expected to reach the department within the next few weeks. On the receipt of these reports the proclamation will be drafted and issued before September 1. It is now believed that all will be in readiness so that the actual registration of prospective settlers upon these reservations may begin about the first week in October.

The department now has under consideration the claims of the various cities and towns desirous of being named as registration points. Senators Gamble and Crawford have each received numerous letters from officials of many towns all wishing to be assigned as registration points. The secretary of the interior has vacated the order of withdrawal under the reclamation act in connection with the Belle Fourche project in South Dakota as far as the same relates to 197,760 acres of land in the Rapid City and Belle Fourche land districts and restored the said lands to public domain, where not otherwise withdrawn, reserved or appropriated. These lands are subjected to settlement on and after September 28, and to entry filing on and after October 25, settlement or occupation prior to September 28, 1909, being expressly forbidden.

The girls have been bathing in this manner for several weeks, but it was not until recently that some young men discovered their habit. The women police are proposed to assure the girls of privacy, and also to require them to be a little more clothed than at present. Two women on duty at a time is the proposition to be presented to the city council.

## CUMMINS MAKES LONG TALK

Iowa Junior Senator Held Floor Till 4:30 in Afternoon.

Washington, June 30.—Income tax was practically the only subject and Senator Cummins of Iowa and Borah of Idaho the only speakers before the senate. Mr. Borah was not heard until towards the close of the day's session when the Iowa senator yielded the floor, which he had held since Tuesday. He took for his text the declaration made by Senator Aldrich to the effect that he would vote for the corporation tax amendment only as a means of defeating the income tax, and without resorting to personal attacks he criticized the position of the chairman of the finance committee, who had presented the corporation tax amendment to the senate. Mr. Cummins also paid his respects to Mr. Aldrich on account of his avowal of Tuesday.

Mr. Cummins took the floor as soon as a quorum could be obtained, soon after 10 o'clock, and, with a brief intermission for luncheon, an innovation in the senate, he held it until 4:30 o'clock in the afternoon. Senator Flint of California took Senator Aldrich's place in charge of the tariff bill.

There was no little curiosity as to where Mr. Aldrich had gone on his brief vacation, but the only information on this point forthcoming was that he was on the water. Taking advantage of the absence of Mr. Aldrich, the "insurgents" took complete control of the order of business and, despite earnest protests from members of the finance committee, adjourned more than an hour before the accustomed time.

## CHUNG SIN GOES TO PIECES

EXPRESSMAN IDENTIFIES HIM AS ACCOMPLICE OF LEON'S.

HELPED PACK BODY INTO TRUNK

Contrary to Chung Sin's Own Story, an Express Driver Declared Positively That Chung Was With Leon When Trunk Was Moved.

New York, July 1.—The complacency of Chung Sin, once the room-mate of Leon Ling, who is wanted for the murder of Elsie Sigel, on June 9, went all to pieces when Arthur Logan, an expressman, identified him as one of the men he saw on the top floor of the house when he went for the trunk containing the girl's body. Chung, on the contrary, has sworn by all his ancestors that he never saw the trunk packed or moved.

"You are the man," Logan said in Chung Sin's presence, "who told me to take the trunk down stairs carefully. There was another still fellow with you in the room—the same that came over to the office half an hour before to give me the order to call for the trunk."

"All mistake," protested Chung, "never see you before." The Chinaman's voice broke and he shook as if in fear of his life. Logan was led out still positive in his identification.

Martin Lurey, the chauffeur who drove a Chinaman and a trunk from the Harlem laundry to a chop suey restaurant in Newark, on the morning of June 10, could not identify Chung Sin and still believes that it was Leon he had in his taxicab.

## SUMMER RESORT LOST IN STORM

FATE OF RESIDENTS OF TARPON BEACH, TEXAS, UNKNOWN.

FISHING CRAFTS WASHED TO SEA

Wire Communication to the Island was Lost and it is Not Known What Fate May Have Claimed the People Summering There.

Brownsville, Tex., July 1.—Tarpon Beach, a summer resort on the lower end of Padre Island three miles from the mainland, is isolated and inundated with the fate of the inhabitants unknown. A number of fishing crafts and a gasoline launch have been swept out to sea or wrecked.

These are the meagre details known here of a storm of extraordinary severity which raged off Point Isabel and the adjacent coast.

The storm broke shortly after dawn and continued unabated, throughout the day. Immediately before loss of communication with Tarpon Beach, where a number of persons have taken quarters for the summer, the water had reached a depth of seven feet and was rising.

Before other details could be received the wire which was working was lost.

## WOMEN WEEP AND PASS THE LIE

WASHINGTON SUFFRAGETTES GET INTO VIOLENT SESSION.

CALL EACH OTHER "THIEVES"

"Scoundrels" and "Liars" are Part of the Pet Names Used—Policemen, Called to Riot, Find the Women All in Tears.

Seattle, July 1.—The state convention of the Woman's Suffrage association was marked by scenes of confusion and almost violence.

A fraction numbering about fifty, led by Mrs. Mary Arkwright Hutton of Spokane sought to oust the political officers headed by President Emma Smith Devoe, whose supporters numbered about 200.

The report of the committee on credentials declared the Spokane delegates not entitled to seats.

In the debate some delegates called others "thieves," "liars," and "scoundrels," and there was hysterical weeping and screaming.

Being notified that there was a riot at Plymouth church a squad of policemen entered and found the convention in tears.

The report of the credentials committee was adopted.

## AEROPLANE SUFFERS MISHAP

Wrights Again Fail to Fly—Machine Working Better, Though.

Washington, July 1.—Insufficient power again was responsible for the misbehavior of the Wright aeroplane at Fort Meyer. The first flight attempted by Orville Wright resulted in slight damage to the machine and ended the experiments for the day. Its duration was about 30 seconds.

Mr. Wright said that the aeroplane would be ready for another trial today and that more power will be used.

The aeroplane glided down the starting rail at 6:48 o'clock and flew at a height of about fifteen feet for the length of the drill grounds. It was evident that the machine was working much better than the day before.

## PROHIBITION ENJOINED

Temporary Restraining Order Granted in Tennessee.

Memphis, July 1.—A temporary restraining order was issued last night in answer to the petition of the stockholders of the Tennessee Brewing company which attacked the constitutionality of the sales and manufacturers' act passed in conjunction with the recent state-wide prohibition. The restraining order will be in effect until July 8, when arguments as to the permanent injunction will be heard.

While the stockholders of the local company alone appear as plaintiffs to the suit, the issue, it is understood, will be made a test to the prohibition law generally.

## EQUALIZATION BOARD.

Madison, Neb., June 30.—Special to The News: The board of equalization met at 1 p. m., with all members present and County Attorney Nichols as counsel for the board.

The northwest quarter, section 15, town 21-1 west, land of Joseph Muck, was raised from \$4,500 to \$8,500, actual value. Pursuant to an arrangement with the board at its last meeting, A. J. Linderholm, manager of the Crowell Lumber and Grain company of Newman Grove, with home office at Omaha, appeared to show cause why the company's book accounts and credits in the sum of \$9,300 should not be added to its assessment. Mr. Linderholm urged the allowance of debts as an offset against such book accounts, but the county attorney advised the board that such could not be done under the present revenue law. Then Mr. Linderholm requested that the \$9,300 book accounts be stricken from the assessment as an improper item for assessment, but this was also denied.

The assessment of the Farmers Elevator company at Madison was also heard. M. C. Garrett, the company's secretary, appeared at the request of the board and was examined as to several items. The board and Mr. Garrett agreed that the item of improvements on leased land should be raised from \$3,000 to \$4,250.

Tom Davis, auditor for Nye-Schneider-Fowler company, appeared before the board in behalf of that company's interests at Newman Grove, with the result that there was added to its assessment for book accounts and credits the sum of \$4,800.

Pittsburg, July 1.—Jack Johnson, the colored heavyweight champion of the world, boxed Tony Ross of New Castle, Pa., in a six-round bout given under the auspices of the National Athletic club at Duquesne garden. While the bout was declared a draw, on account of state laws prohibiting the rendering of a decision in boxing contests, it is said Johnson easily had the better of the bout from start to finish.

Bonfire at Madison.

Madison, Neb., July 1.—Special to The News: About 7 o'clock last evening, when the thermometer hovered around 100, the siren whistle, giving the fire alarm, suddenly aroused the community as nothing else can. In a few moments fifty men had raced with the hose and the hook and ladder carts to the east side of the city, only to find a bonfire of rubbish burning in an alley. Some excitable person had thoughtlessly turned in the alarm without investigating.

## BRYAN RAPS DEMOCRATS

Says Some Democratic Senators Have Been Playing Horse.

Sioux Falls, S. D., July 1.—"We should have an income tax and a corporation earnings tax enacted by congress this year," said William Jennings Bryan, as he stopped in Sioux Falls on his way to Madison and Watertown.

"I see no reason why one should be used as the alternative for the other. In order to get them, we must obtain amendments to the constitution. Not that I believe that congress would be unable to enact a constitutional law, but I do not think we should take any chances. The income measures should include the tax on individual incomes and the incomes of corporations. Our last platform demanded an amendment to the constitution authorizing an income tax, and I take it that all democrats will vote for it. But there is no reason why an income tax could not be incorporated in the present tariff bill."

"Can you depend on your democrats in the senate to vote right on the income tax?" Mr. Bryan was asked.

"Well," he said, hesitatingly, "we have some senators down there who have been playing horse, but I think they will be given a better opportunity to employ their horses at home the next election."

## ENJOIN GUARANTY

NEW BANK DEPOSIT GUARANTY LAW TIED UP IN COURTS.

CAN NOT GO INTO EFFECT

BANKS WIN FIRST ROUND IN SECURING RESTRAINING ORDER.

FORCE OF NEW LAW HELD UP

Judges Vandevanter and Munger, in Federal Court at Lincoln, Grant Injunction to Fifty-two Banks Restraining New Guaranty Law.

Lincoln, June 30.—In the federal court today Judges Vandevanter and Munger granted an injunction to restrain the new state banking board from putting the bank deposit guaranty law into effect.

The constitutionality of the statute will be discussed in opinions to be filed later.

The bank deposit guaranty act was passed by the late session of legislature. It was to become effective July 2. Governor Schellenberger named Sam Patterson secretary of the banking board and preparations were made for carrying out the provisions of the law.

Fifty state and two private banks applied to the federal court, alleging that the act confiscated property without due process of law. Attorneys argued the case Monday and yesterday.

London, June 30.—The 116 suffragettes arrested last night during a raid on the house of commons in an effort to put a petition to Premier Asquith were arraigned in the Bow street police court this morning, and after lengthy arguments for and against their rights to present a petition to the premier, which were raised by Mrs. Parkhurst, the magistrate adjourned all the cases until July 9 and the women were released on their own recognizances.
