

NORTH NEBRASKA'S CROP

Railroad Man From Lincoln is Amazed at Difference.

Lincoln Journal: "The builders of the state at one time rejected one of the foundation stones as practically worthless," said R. W. McGinnis, but it has been proved that the one rejected was about the best in the bunch.

Mr. McGinnis has just returned from a visit to O'Neill and Amelia in Holt county, where he has extensive creamery and ranch interests.

"We have flowing wells in that country," said Mr. McGinnis, "and wherever we want water in our pastures we drive a well and place a half barrel in the ground for a tank."

"This water could be used for irrigating purposes, then?" "It could be," but who wants to irrigate in a country where there is no drouth, no hot winds, no crop failures.

Holt county is one of the greatest producing counties in the state now, in proportion to population, and population is growing rapidly there now.

"Land can be bought in northern Nebraska for less money than Texas land is being offered for, and, to my mind, the Nebraska farmer who is moving to Texas or Alberta is making a mistake."

North Nebraska is now offering land for from \$5 to \$25 per acre that can't be beat any place you may go.

The people are fluding it out, too, and new settlers are more numerous in north Nebraska now than they were a few years ago.

Look! Listen! Locate. The dry weather in certain parts of Nebraska, Oklahoma and Texas preventing the maturing of crops successfully, and the high price of land in other localities, has caused many who are desirous of obtaining a home where failures are unknown, where the harvests are bountiful and the climate pleasant, to investigate the Teton and Snake river valleys with a view of locating there, where choice land with a perpetual paid up water right and some improvements may now be obtained upon easy terms for \$37.50 per acre.

Are you one of the many desiring a home? If so, purchase a Yellowstone National park round trip ticket, over the Union Pacific, for \$32. Stop off at St. Anthony, Ida. Call at our office and we will show you some of the choicest, most fertile and productive land in the United States. It beats Twin Falls, better than San Luis valley or Big Horn basin. Don't take our word for it, come and see for yourself. Look and listen and you will locate, make plenty of money and always be happy.

Idaho Land and Loan Company, St. Anthony, Idaho. Cure for Cholera. Paris, Sept. 4.—Serum and vaccine for the treatment of cholera has been discovered by the Italian doctor, Salmambini, working under the direction of Prof. Metchnikoff and Dr. Pierre Roux of the Pasteur Institute.

Simmons Has Surrendered. The Bonesteel Herald says that Grover Simmons, the 24-year-old coal dealer at Dallas who was shot and seriously wounded Charles W. Scott a week ago tonight, has surrendered to Sheriff Muller and is being held in jail at Fairfax, awaiting trial. It is said that Scott is resting well and that hopes for his recovery are held out.

Swedish Strike All Over. Stockholm, Sept. 4.—The general strike that began here early in August seems now to be on its last legs, and it is said in authoritative quarters that there will be a general resumption of work September 6.

Tornado Wrecks a Village. Catania, Sicily, Sept. 4.—The village of Scordia was almost wiped out by a cyclone. Five persons were killed and fifty injured, ten of whom suffered grave hurts. One hundred houses were completely demolished and many others unroofed. The cyclone was accompanied by a torrential rain. The populace in the wildest panic took refuge in houses in the quarter Santa Maria, where the statue of Santa Maria Maggiore fell, adding terror to the superstitious element.

JUDGE CLARKSON A LABORER. In Overall's Kenosha Jurist is Working in a Brass Bed Factory. Kenosha, Wis., Sept. 4.—Carrying out his determination to become a

common laborer, Judge Joseph R. Clarkson, whose strange actions in leaving his home and friends to work in a button factory at Sabula, Ia., caused a sensation a few weeks ago, went to work as an assembler of brass beds at the plant of a local company. The judge appeared at work in a suit of overalls wearing an old golf cap and carried his dinner in a pail.

Gregory Wins; Norfolk Wins. Creighton, Neb., Sept. 6.—Special to The News: It was too wet Saturday to risk the races, and only a free-for-all was run.

Gregory beat Norfolk 18 to 3 at baseball Saturday and Norfolk beat Gregory Sunday, 7 to 5. Saturday's crowd was estimated at about 1,700.

Norfolk won the game from Gregory yesterday afternoon. Score, 5 to 7. Although Kirkland pitched a good game for Gregory the Norfolk team, encouraged by the large crowd of rooters from their home town, pulled out a home run, a three bagger and a single, netting them three runs in the first inning.

Kissell, Norfolk's new pitcher, made a good showing and played a wonderful game. Although he did not do much striking out he kept the hits scattered. Kirkland struck out ten men but toward the end of the game seemed worn out.

The features of the game were Lusinsky's home run, Buckmaster's two-bagger, Neno's two-bagger, Brown's one-handed catch and double to first and Joe Ward's and Young's catches in the outfield.

The score: Norfolk—ab r h o a e Neno, ss. 5 1 2 1 2 0 Brown, 2b. 5 0 2 3 2 0 Buckmaster, 1b. 4 1 1 3 2 1 Lusinsky, 2b. 4 1 1 3 1 1 Spellman, c. 4 0 0 0 3 0 Fugate, lf. 4 0 0 1 0 1 Young, rf. 4 1 1 2 0 0 J. Ward, cf. 4 2 2 2 0 0 Kissell, p. 4 1 1 0 2 0 Total. 38 7 10 24 12 2

Gregory—ab r h o a e Nef, 2b. 4 1 2 1 0 0 Murphy, ss. 5 1 2 0 2 0 Graham, 3b. 5 0 2 1 0 0 Carroll, c. 4 0 1 0 0 0 C. Nef, 1b. 4 1 1 1 0 1 Walling, c. 4 0 1 0 2 0 Kirkland, p. 4 0 1 0 2 0 Kelley, rf. 3 0 0 0 0 0 Fugate, lf. 3 1 1 0 0 0 Totals. 36 5 10 20 5 0

Score by innings: Norfolk... 3 2 0 0 0 0 2-7 10 2 Gregory... 0 0 3 0 0 0 2-0-5 10 2 Summary—Two-base hits: Neno, Buckmaster, Ward, Kissell; 3-base hits Buckmaster, Young; home run: Lusinsky; double plays: Buckmaster; Lusinsky, Brown; 4; 4; Kirkland, 2; struck out, by Kissell 4, by Kirkland 10. Time of game, 2 hours. Umpire, Huffsmith.

Saturday's Game. In Saturday's game Walling, Gregory's star centerfielder, was put in the box. He struck out nine men, walked four and got a three base hit besides four base hits out of six times at bat. Hits: Gregory 23, Norfolk 5; strike outs: Gregory 9, Norfolk 7; Batteries: Gregory, Walling and Ford; Norfolk, Young, Ward and Spellman and Buckmaster. Umpire, Huffsmith, Creighton.

BEAT STANTON JUNIORS. Norfolk Juniors Take the Game, Score 13 to 2. About 200 fans witnessed the game between the Norfolk Juniors and the Stanton Juniors on the local diamond yesterday afternoon in which the Norfolk youngsters pulled out a victory by the score of 13 to 2.

Kelleher pitched a good game and held down the visitors for a zero in many tight places. The batting of Piliant and Lucas was good. The features of the game were the high jump and catch of a fly by Dignan and the running catch of a foul by Wetzel.

Owing to the fact that many of the baseball enthusiasts refused to pay the admission fee of 15 cents, the young players only accounted for \$1 at the gate.

R. H. E. Norfolk... 1 2 2 1 0 1 2-13 10 4 Stanton... 0 0 1 0 0 1 0 0-2 3 5 Batteries: Kelleher and Lucas; Holstein and Peterson.

Tilden Man Drops Dead. Tilden, Neb., Sept. 6.—Special to The News: Peter Whitver died on the street in Tilden at about 7 o'clock last evening. He and Mrs. Whitver had been visiting a neighbor during the afternoon and were returning in their buggy when Mr. Whitver fell over and was unconscious. This happened immediately in front of a doctor's office, and the physician was called at once. Life was pronounced to be extinct, however, death appearing to have been instantaneous.

Peter Whitver was among the first settlers of Antelope county, coming here with three brothers in 1869, and locating about three miles from where Tilden now stands. He removed to town about two years ago, but still retained possession of the original homestead at the time of his death.

For several years he had suffered acutely from heart disease and made a practice of spending some weeks each year at Hot Springs, S. D. He leaves a widow and a large family of children, most of the latter having attained their majority. He was held in the highest respect in the community.

B. F. Carney, who committed suicide last Friday, was buried in Odd Fellows' cemetery yesterday afternoon. The funeral was in charge of the Freemasons of which fraternity the deceased was a member.

Valentine Wins Series. Valentine, Neb., Sept. 6.—Valentine took the fourth and last game of the

series from Ainsworth, winning by a score of 11 to 4. This gave Valentine three out of the four games played. The score: Ainsworth... 3 0 0 0 0 1 0 0-4 10 Valentine... 8 0 0 1 0 0 2 0-11 8 Batteries for Ainsworth: McCoy, Reed and Robinson; Valentine: Grimes and Cox. Struck out, by Grimes 9, by McCoy 2, by Reed, 4. Umpire, Curtis.

PILGER CARNIVAL ENDS. Was a Big Success—Pilger Beat Wisner in Fast Ball Game. Pilger, Neb., Sept. 6.—Special to The News: The carnival closed here. It certainly was a success. Large crowds were in attendance and they had plenty of attraction all the time. The last game was a feature. Wisner came up with a strong team and a hot game was the result.

R. H. E. Wisner... 0 0 1 0 1 0 1 0 0-3 3 3 Pilger... 0 0 0 1 1 0 1 1 1-13 4 The feature of the game the home run by C. Cooper in the seventh. Martin for Wisner pitched a very uncertain game, getting 12 strike-outs and allowing 13 hits. Atkinson for the locals pitched a fine and steady game, allowing but three hits, and had it not been for the errors of the home team would have scored a shut-out game.

Batteries: Pilger, Atkinson and Jensen; Wisner, Martin and Zacek. Umpire, Antles.

Mercury Will Fall Suddenly. The rain clouds will clear away and a cold wave will follow. This is the forecast of the weather man.

"Showers and decidedly cooler tonight; Sunday, generally fair and cooler." These are his words. The temperature sank to 58 in Norfolk during the night, and would have to drop 26 degrees to get down to freezing. The forecast does not indicate whether the drop will be that severe or not.

From now on for the next ten days, the weather man will be of big importance to north Nebraska and southern South Dakota, because frost right now would nip some of the late corn and if the freeze will hold off for a couple of weeks, the crop will be a record-breaker.

That's What He Did. Wisner Free Press: Al West reports having rescued a perishing editor the other night. N. A. Huse of Norfolk and a bunch were navigating the country in an auto and were caught in a cold snap with their summer clothes on. Al found the party frozen stiff, brought them to and loaned them overcoats.

Bank at Butte Changes Hands. Butte, Neb., Sept. 6.—Special to The News: A deal terminated here whereby W. D. Forbes sold the Citizens State Bank of Butte to H. F. Soat and F. A. Putnam, both of Naper. Messrs. Soat and Putnam have been connected with the Peoples bank of Naper and are gentlemen of experience and high standing in the banking business.

The new firm has taken charge of the bank and will move their families to Butte, Mr. Soat to occupy the W. D. Forbes residence, which property was transferred to the new firm in the deal.

J. M. Flannigan of Stuart purchased the Peoples bank and is now president of both the Naper banks. Mr. Forbes is one of the landmarks of Butte, having been in business here for over seventeen years. He has not yet determined where he will locate, but the abundance of worldly goods he has gathered around him in this land of plenty places him in a position to go where he will.

Thomas Roberts and bride arrived in Butte expecting to make this their future home, but the recent change in the management of the Citizens State bank, of which he was vice president, will change their plans, and they have not decided where they will locate.

The engine and pump for the city waterworks are on the grounds, the well is being dug and plenty of water has been struck, the mains are being laid at a rapid rate and, all in all, Butte citizens are highly pleased at the progress Contractor Bruce is making and the outlook for the plant to be running on schedule time is very promising.

The sisters for the new Catholic school at Butte are expected this week and school will begin in the new school building October 1.

AEROPLANE HAT IN VOGUE. Milliners' Convention Show Newest Creation From Paris. Chicago, Sept. 4.—The real newest hat from Paris is the "aeroplane" design, twenty inches across the front and almost as long from front to back. Two wings sweep back and out from the middle of the front and a tuft of feathers is placed between in front. It is shown at the milliners' convention here.

No more peach-basket hats; no more scoop-horn nor wide expanse of "merry widows," is the decree, as set forth at the opening meeting of the National Association of Retail Milliners.

The milliners declare that the extreme styles in millinery have gone to stay, because they have meant only the loss of business and money. But, just to show that the exception proves the rule among the new modes which are being shown on pretty living models, is one which, for freakishness, has the "peach basket" beaten all the way. It is called the Cossack, and is of Russian origin. In shape, the new extreme mode resembles an ice-cream freezer turned upside down. It is about eighteen inches in height, with a slightly flaring bottom, which comes down almost to the eyes.

MONDAY MENTION. Miss Emma Schultz is ill.

H. F. Barnhart went to Sioux City today. Mrs. Charles Braasch of Hadar is visiting friends here. Henry Haase and daughter, Miss Ada Haase, went to Hoskins.

Miss Opal Coryell went to Dixon Saturday to open up her school there. Miss Helen Marquardt was at Madison yesterday visiting with her sister, Misses Minnie Maas, Lillian Degner and Agnes Zutz were visitors at Hoskins.

Miss Marie Pahn, Miss Dora Pahn and George Pahn spent yesterday at Hoskins. Mr. and Mrs. B. Dixon were at Creighton Sunday taking in the baseball game.

Miss Emma Melcher, who has been visiting friends here, returned to Pilger yesterday. Mr. and Mrs. Bruce Ramer arrived home Saturday night from a week's visit in Omaha.

Ludwig Koelnigstein is back from the Seattle exposition and his studio will be open this week. Mrs. W. J. Weatherholt, Miss Stella Weatherholt and Miss Edith Estabrook were in Hoskins visiting.

Adolph Moldenhauer starts on his vacation today. He will probably go to Lincoln to take in the state fair. Mrs. L. M. Beeler, who has been in Council Bluffs visiting with Mrs. Beier, returned to Norfolk Saturday.

Miss Frances McCormick of Jackson is visiting at the home of her uncle, James E. Montague, on North Ninth street. Adolph Altschuler of Kansas City was in the city yesterday visiting with his sisters, Mrs. D. Baum and Mrs. J. Baum.

F. A. Beeler, who has been in New York City, Philadelphia and other eastern cities, returned to Norfolk Saturday. Mrs. Eugene U. Maxwell, who has been visiting with the A. H. Viele family, returned to her home in Lincoln yesterday.

Milton Stern of Marshalltown, Ia., is in the city visiting with Mr. and Mrs. D. Baum. Mr. Stern is a nephew of Mrs. Baum. Father Rothkegel is in Norfolk from Wisner. He is now taking the place of Father Fitzgerald, who has been taken to an Omaha hospital.

Mr. and Mrs. John Friday, Mr. and Mrs. Tate Willie, Mr. and Mrs. Emil Koehn and Mr. and Mrs. John Weidenfeller were at Columbus yesterday. R. W. Priest, business manager for Henry B. Harris' "The Third Degree," which comes to the Auditorium Tuesday, September 14, was in the city during the last spring when he traveled ahead of "The Lion and the Mouse."

Both plays are by Charles Klein. Mr. and Mrs. George Kendall arrived home from Omaha last evening. Mrs. Ed Hudson went to Missouri Valley yesterday.

A. B. Dillon of Oakdale passed through the Junction Sunday on his way to Lincoln to attend the state fair. Miss Rebecca Duggan went to Osmond Sunday noon to take charge of her school.

John Long left this morning for Fremont, where he will meet Mrs. Long and daughter, Elsie, and from there they will go to Lincoln to attend the state fair. James McCune passed through the Junction last evening on his way to Whitewood where he will operate the ditching machine for the Northwest.

Miss Nellie Hyde went to Verdigré yesterday noon to teach. Miss Geneva Moolick left yesterday for Pierce, where she will indulge in teaching school for the coming eight months. On account of Monday being Labor day the city council will not hold the regular meeting until Tuesday night.

On account of the bad weather field day at the Country club has again been postponed and will probably take place next Friday. In the absence of Chief of Police Marquardt, who is encamped at Columbus with the greigebund, Night Patrolman O'Brien has been placed on the day force. George Wheeler is acting night patrolman during the absence of the chief.

Charles Beiersdorf, who spent a few days in Pierce county, returned yesterday and reports the biggest apple and corn crop yet recorded in that county. Mr. Beiersdorf says the farmers are too busy to bring the apples to market and are feeding them to the hogs.

Miss Margaret Hamilton went to Plainview to commence teaching a term of school about seven miles northeast of that town. This is the school where the teacher, Miss Louie Royce, in the blizzard of 1888, froze off both feet, and three of the pupils froze to death.

Those who were startled by seeing the fire team making a run up Norfolk avenue soon had their minds at rest when they found out that the wagon was only making a trip to the west side for more hose on account of the many breaks in the new hose, which occurred at the Morton fire on South Fourth street.

Paul H. Wetzel had a narrow escape from serious injury yesterday afternoon, when a small dog ran in front of the motor cycle he was riding. When the motor struck the dog Wetzel was thrown ten feet in the air, luckily landing on his knees and hands and only bruising up his legs, which were swollen last night.

It is said that, owing to engagements which both fighters have elsewhere, they have called the bout off until some future date. Labor day was not observed at the postoffice here, regular hours being kept. The only mails that did not go out as usual were those of the rural routes. Most of the rural carriers went to Columbus to attend the convention of rural carriers there. The banks and the city offices observed the day, but business generally went on as usual.

Norfolk fans won a bunch of money wagered on the Sunday Norfolk-Gregory game at Creighton. It was an exciting finish. The score was tied in the seventh—5 to 5. In the ninth inning—Norfolk's last time at bat—there were two men out and Ward, the batter, had two strikes. The next ball sailed out over the field for a two-base hit. Kissell followed with another two-bagger and Neno did the same thing. These three two-baggers after there were two men out and two strikes on the batsman, clinched the game and won the money.

After an inspection of the new hose with which the fire department had so much trouble at the Morton fire on South Fourth street Saturday afternoon, it has come to light that the hose is rotted in a number of places and was not as good as guaranteed by the company selling it. The company guarantees the hose, which cost the city 90 cents per foot, for five years. The city will ask the company to replace this hose, which has been in use only about nine months. During Saturday's fire the hose burst in ten places.

Reports are that George Graves, the negro from Gordon, Neb., who reported that he was attacked at the Junction last Tuesday, was the victim of a joke on the part of a few fun makers of the Junction. It is said Graves, who is naturally a nervous man, started to run when some one called to him and a few men, just for exercise, led him a merry chase, but with no other intention. If Graves continued running to Stanton he probably must have been badly frightened. As for his being robbed, little credence is given that story at the Junction.

Again the rain was the cause of the postponement of the game between the U. C. T. and the Elks. This time the game was postponed indefinitely, the travelers being disgusted with the weather conditions they were meeting here. Every time a game between these two teams has been scheduled the local diamond has been covered with water and mud. That a game will not be played this season again is probably a fact, on account of the long trips made on the U. C. T. players have started on. One will leave tomorrow on a three weeks' journey and another will probably be gone a month.

Fire partly destroyed the home of John Morton at 411 South Fourth street at 4:30 p. m., while all the family were away. All the furniture, including the stove, carpets and rugs were saved by the quick work of the fire department and volunteers. The property is insured and probably enough to cover the loss. Mr. Morton and his youngest daughter were at Pilger attending the festivities there and Mrs. Morton and her elder daughter were in the city doing some shopping, having locked the house, when they were notified by friends that their home was afire. Mrs. Morton immediately fainted and was placed in a cab and driven to her home, where she was almost prostrated at the sight of her home burning before her eyes. Although the fire department made a record breaking run considering the bad roads, arriving at the fire before it had much of a start, the bursting of the new hose in five or six places delayed the work. When repairs were ended the firemen made short work of the flames, extinguishing them very quickly. The cause of the fire is thought to have been a hot pipe in the ceiling of the kitchen, as Mrs. Morton says the kitchen range was still burning when she left the house.

Looks Like Murder. Detroit, Mich., Sept. 7.—The tragedy brought to light yesterday is still a mystery. The body was taken to an undertaker's establishment in the city of Wyandotte. A preliminary examination disclosed that the head and limbs had been severed by a sharp instrument. The care with which the body was secreted apparently disposed of the possibility that the torso might have been discarded by some physician or student who had been using the body for experimental purposes.

The sack was weighted down with bricks and all the indications point to a murder. It is thought that the victim was about 20 years old. Upon the discovery of the body arrangements were immediately made to drag the creek for the missing head and limbs and an investigation was started to learn if the victim might be one of three Detroit young women recently reported missing.

"The Sunnyside of Broadway." On Saturday night of this week comes Max Bloom in "The Sunnyside of Broadway," a musical comedy with forty-four people. Prices will be 50c, 75c, \$1 and \$1.50. This attraction opened the New Grand theater in Sioux City Sunday and of it the Sioux City Journal says: "Lively songs, good comedy and plenty of it, several clever novelty numbers and a hard working chorus are some of the things which go to make the Sunny Side of Broadway," which formally opened the season for the New Grand theater yesterday, a show worth seeing. While it may not be so pretentious as some other musical shows that have appeared in Sioux City, there are two hours and a half of pretty girl groupings and spot light effects, so that everyone feels as if

\$26.05 To California

Low one-way rates to San Francisco, Los Angeles and other points are in effect daily September 15 October 15, 1909 via

Union Pacific

"The Safe Road to Travel" Tickets are good on comfortable through tourist sleepers, on payment of berth rate. Electric block signal protection Dining car meals and service "Best in the World."

For tickets and general information, call on or address E. L. LOMAX, G. P. A., Union Pacific R. R. Co., Omaha, Nebr

they had been given their money's worth. "Max Bloom's name heads the cast of characters in capital letters, but that does not mean that he monopolizes the stage to the exclusion of all others. He gets a good many laughs in his impersonation of the Hebrew clothier—and he makes up well, which helps some. He is assisted in his comedy work by Al Harrison and J. E. Couplin, who appear as two sons of the Emerald Isle. Coughlin claims Sioux City as his home and he got a good reception when he made his initial appearance yesterday. Don Clark essays the role of the college boy, who is head over heels in debt, and he has several catchy song and dance numbers with Carolyn Ryan, a petite little miss who also sings and dances well. The Wentz brothers furnish a large portion of the fun with their dancing horse stunt, and later on demonstrate their ability as nifty movers of the feet.

"The finale of the first act, in which a shower of real water is introduced, is the most novel of the chorus numbers, although the motor boat song received several hearty encores."

"The Third Degree." Undoubtedly the play of the year is Charles Klein's sensational success, "The Third Degree," which Henry B. Harris has scheduled for presentation here at the Auditorium on Tuesday, September 14.

It is strikingly illuminative of the vicissitudes of life in the crowded and crime-sodden city of New York. It challenges the vicious police methods of extorting derogatory confessions from poor and unprotected victims of their relentless pursuit—whether they be guilty or not. A confession once made, regardless of the suspect's innocence, often leads to a gross miscarriage of justice. Herein lies the author's claim to recognition. His story has a real basis. While he was on the quay at Marseilles, France, waiting for the steamer to carry him to Egypt, he read an account of a case in a New York paper that furnished him his inspiration for "The Third Degree."

In the original case the principal actor suffered the extreme penalty in Joliet prison before the real criminal was apprehended and voluntarily confessed to the crime, which the innocent man had paid with his life. From a social and psychological point of view "The Third Degree" commands close attention. It unfolds a romance of a poor and virtuous girl with the son of an old and well-to-do Knickerbocker family. The son of this family married the girl while he was a student at Yale, and was consequently disinherited by his proud and aristocratic father.

Henry B. Harris, under whose direction the play will be seen here, provided the following sterling cast: Paul Everton, Malcolm Duncan, Fernando Elliscu, Irene Osbier, E. A. Eberle, Alfred Moore, A. H. Symmons, Francis Bonn, Ralph Ramsay and H. H. Forsemann.

Some of these players were here last spring in Charles Klein's "The Lion and the Mouse," under Mr. Harris' management. Prices will be 50c, 75c, \$1, \$1.50, \$2 and \$2.50.

\$5,000 SUIT FOR LIEB. Bonesteel People All Agog Over Recent Deaths. Bonesteel, S. D., Sept. 6.—This community is in the throes of a sensation created by the service of a summons and complaint in a \$5,000 damage suit instituted by Councilman W. P. Stebbins against C. J. Alexander on Tuesday.

The suit, it is said, is the culmination of a church quarrel and the municipal reform movement inaugurated by Mayor Lintecum and C. J. Alexander to strictly enforce the municipal and state laws as to saloons and immoral places in Bonesteel. Alexander is said to be the leading spirit in the fight to "put on the lid" in Bonesteel and it is alleged has inspired the mayor in his recommendations to the council along those lines.

Mayor Lintecum and the city council are not in entire accord and Mr. Stebbins, as president of the council, is said to oppose some measures advocated by the mayor and his party, thus incurring the displeasure of Alexander, who bitterly denounced him in the presence of others. It is further stated that Alexander followed up these charges with a demand for Stebbins' resignation from the Congregational church and a

Dr. Snyder for Elgin Elected President for Coming Year. Humphrey, Neb., Sept. 6.—Special to The News: The Central Nebraska Odontological society held a meeting in this city yesterday, the day being devoted to discussion of timely topics and closing with a banquet. Perhaps the most practical phase of the day's meeting was the table clinics given by Dr. Snyder of Elgin, Dr. Hoopman of Madison and Dr. Oaseber of Humphrey.

Dr. Condon of Humphrey read a paper on "The Business Side of Dentistry." It was discussed quite generally. A banquet was given the visiting delegates at the home of Dr. Condon, at which Dr. Paul, the retiring president, read an original poem. The new officers elected were: Dr. H. E. Snyder of Elgin, president; Dr. N. Matzen, Columbus, vice president; Dr. E. Hoopman, Madison, secretary; Dr. C. P. Condon, Dodge, treasurer. The next meeting will be held in Humphrey in January.

EGAN A CANDIDATE. Sioux Falls, S. D., Sept. 7.—In a letter written to the officers of an Egan club organized at Centerville, George W. Egan of Sioux Falls has announced that he will be a candidate for the republican nomination for governor of South Dakota in next year's primaries and that he will begin his campaign with an address at Centerville on or about the first of October. He has stated privately that he expects to make the most extensive speaking campaign ever undertaken in the state and that that is the reason why he is beginning so soon.

\$100 REWARD. \$100. The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & Co., Toledo, Ohio. Sold by all Druggists, 75c. Make Hall's Family Pills for constipation.
