The "Wednesday Club" met with Mrs. D. Mathewson.

Dakota Miner Shows Nerve.
Rapid City, S. D., Oct. 16.—With his right leg broken twice below the knee and his right arm fractured between the elbow and wrist, Bert Miller, a miner in the Silver City district, lies at the point of death in Rob Riley's cabin tonight. Miller descended to the bottom of a thirty-five foot shaft and was repairing the timber, when a cavelin completely buried him. His leg was broken, but he succeeded in digging himself out with his hands and was crawling out of the shaft, when a second cavelin buried him to the shoulders, this time breaking his arm. With his left hand he dug himself out and rolled and crawled two miles to Riley's shack. The flesh on his hands was torn away to the bones, so that physicians had to amputate them. He was in a terrible plight from 6 a. m. to 10 p. m. and now he is a raving maniac, and physicians will hold out no hope for his recovery.

Fatal Fire On Prairie.
Stuart, Neb., Oct. 16.—Special to The News: During the high northwest wind yesterday, a prairie fire broke out in the neighborhood of John Deserve's place, six miles northwest of town, and burned over a belt of country about two miles wide and eight miles long before it was brought under control. R. H. Dohney, living three miles northeast of this place, was badly burned. It is not yet known whether his injuries will prove fatal, but late word says there is little hope of his recovery.

Bold Hold-up in Omaha Cafe.
Omaha, Oct. 18.—Early today two unmasked men entered an all night restaurant at 1406 Parnam street, opposite the Paxton hotel, tied George Paxton, the man in charge of the place, to a large box in the room and escaped with the contents of the cash register. The amount secured was small. The scene of the holdup is in the business center of the city.

Dakotans Guilty of Murder.
Vermillion, S. D., Oct. 18.—The jury in the trial of Nels Swenson returned a verdict of guilty of murder in the first degree and fixed the penalty at life imprisonment.

Swenson was charged with killing his daughter-in-law, Bertha Swenson, on July 7, last, on his farm near here.

Clothing Aflame, Runs to Water Tank.
With clothing aflame, he ran and jumped into a water tank that stood some distance away. Those who saw him say it seemed a miracle to see him running from the flames alive. It

was the guard that he plowed that enabled those fighting the fire to stop it where they did. The team ran wildly away, dragging the plow after them. Timely aid from town and near neighbors saved the buildings of H. Starks, H. Shald and W. A. Jones. About 1,000 tons of hay were burned. John Deserve, Edward Hart, M. Starks, H. Peters, W. A. Jones and A. J. Hahn lost all or nearly all of their hay. Hahn was the heaviest loser—thirty-nine stacks. Others who lost hay are Dickenger Bros., Richard Hovey and Shaal.

Word received late last evening from Dohney is that there is not much hope for his recovery.

Hoskins Farm Hand Killed.
Hoskins, Neb., Oct. 15.—Special to The News: A man named Lawson, a farm hand employed by Charles Chapman, six miles north of town, fell out of a wagon driving home last night, while drunk, and was killed.

The man had been out to a wedding feast and hilarity had been the feature. Lawson was unmarried and about 28 years old. His parents live in New York state.

Kealey, Neb., Oct. 15.—Over 300 republicans attended the harmony banquet here last night. Speeches were delivered by United States Senators Brown and Burkett, State Chairman William Hayward and National Committeeman Victor Rosewater.

Senator Brown made an extended defense of the new tariff, declaring it an improvement over the former law, and asserting that time would prove it to be in most things a just measure.

Sold Liquor to Indians.
Sioux Falls, S. D., Oct. 15.—The authorities of McCook county have placed under arrest Frank Sullivan, a saloon man of Salem, on the charge of having sold liquor to a man who had been placed upon the blacklist. As the result of his preliminary examination Sullivan was held for appearance at the next term of state circuit court in McCook county. In default of bonds he has been placed in the Davison county jail for safe-keeping pending his trial at the next term of court. It was believed he would be safer in the Davison county jail than in the McCook county jail at this place.

New Building Two Stories High.
The new A. C. Taylor building, being erected at the corner of Third street and Norfolk avenue as an addition to Beeler Bros' store, will be two stories high instead of one.

This has just been decided upon by Mr. Taylor, and contract to that effect has been given to L. M. Ogden, the contractor who is in charge of the work.

For what purpose the second floor will be used has not yet been determined. It is said to be likely that it will be fitted up for office rooms and a lodge room to be leased to local organizations. A ball room may be a feature.

News that the building is going up two stories instead of one will be received with general satisfaction by Norfolk people.

Move on Foot to Pave North Third.
A movement is now on foot to pave North Third street a block from Norfolk avenue, when the business portion of Norfolk avenue, North and South Fourth street and South Third street are to be paved.

Property owners in the North Third street vicinity are seeking to have that block included with the balance of the business portion of the town.

It is said by those who have investigated the matter that there is practically no objection among property holders on Norfolk avenue to the immediate paving, and arrangements to connect with the new Main street sewer are being made, preparatory to the paving.

It is probable the mayor and city council will discuss the paving in a preliminary way at the next council meeting.

The watch owned by the dead man has been recovered at a pawnshop, where it was stated that Johnson was the man who pawned it.

Johnson's coat and shirt were soaked with blood.

He carried a new knife, the blade of which was covered with blood.

He has been identified as being the man who took a drink with Frankland the evening of the murder and as being the man who went down the elevator into the Union station with Frankland shortly before the latter was found dying.

Bold Hold-up in Omaha Cafe.
Omaha, Oct. 18.—Early today two unmasked men entered an all night restaurant at 1406 Parnam street, opposite the Paxton hotel, tied George Paxton, the man in charge of the place, to a large box in the room and escaped with the contents of the cash register. The amount secured was small. The scene of the holdup is in the business center of the city.

Dakotans Guilty of Murder.
Vermillion, S. D., Oct. 18.—The jury in the trial of Nels Swenson returned a verdict of guilty of murder in the first degree and fixed the penalty at life imprisonment.

Swenson was charged with killing his daughter-in-law, Bertha Swenson, on July 7, last, on his farm near here.

BOOZE AT HASTINGS ASYLUM.

Sudden Increase in Demand for Fine Liquors.

The increase in the purchase of booze at the state hospital for the insane at Hastings is even more noticeable than the increase in the amount of tea purchased when the amount jumped from 1,000 pounds for the same period. Superintendent Baxter asked the state board of purchase and supplies to purchase \$205.45 worth of intoxicants for the three months ending December 31. The estimate included three kinds of brandies, six kinds of wine, two brands of whisky and one of rum. As the estimate for the preceding three months called for only four and one-half gallons of alcohol, some members of the state board propose to hold up the bid for mixed drinks on the ground that Christmas cheer and Thanksgiving can go by without so much of the fine French brandies. The contract for \$205.45 worth of the "obnoxious" was approved by the state board for Arrens & Neimyer of Hastings, but the deal may be declared off if some of the board have their way. This is the bunch of booze that Superintendent Baxter asked for and the state board let the contract for:

Neligh Wins Three Straight.
Minnesota, 14; Nebraska, 0. Chicago, 15; Illinois, 8. Michigan, 33; Ohio, 6. Fordham, 12; Cornell, 6. Carlisle, 14; Syracuse, 11. Harvard, 17; Maine, 0. Princeton, 20; Sewanee, 0. Pennsylvania, 13; Brown, 5. Yale, 17; Army, 0. New York, 29; Haverford, 0. Kansas State, 5; Kansas Aggies, 3.

Neligh, Neb., Oct. 18.—Special to The News: The Neligh high school football team made it the third successive victory by defeating the Madison boys Saturday afternoon at Riverside park by a score of 21 to 0. The game was far more interesting than the score would indicate, and was considered the best played all around so far this season.

The visitors excelled the home eleven in weight, but were powerless in checking the end runs and terrific speed brought about by three of the Neligh players. Fifteen and twenty-minute halves were played. The home boys secured fifteen points in the first half and six in the second.

It is expected that Neligh will play Wisner next Saturday at their own grounds, and Atkinson will be here for the Thanksgiving game.

Madison Team Returns.
Madison, Neb., Oct. 18.—Special to The News: Superintendent Stockdale and Principal Day and the Madison high school football team returned from Neligh Sunday morning, acknowledging that they had been fairly beaten by Neligh, but of the belief that practice and training in trick playing would enable the Madison team to regain and keep its reputation as the champion football team in this portion of the state. Neligh showed its superiority chiefly in its trick plays.

Next Saturday Genoa plays Madison at home and a week from Saturday Neligh comes to Madison.

Hotels Must Obey the Law.
Hotels in northern Nebraska will have to live up to the law. George H. Spear of Norfolk, one of the best known commercial travelers in this territory, has just been appointed by Governor Shallenberger as hotel and fire escape inspector for the Eleventh district. M. L. Martin, also of Norfolk, has been named as the other inspector, there being two deputies to a district.

Mr. Spear's territory includes the counties west to Cherry, north to Boyd, east to Cumings and all north-east save Burt.

Mr. Martin's territory includes Madison county.

Serve Without Pay.
These officials serve without pay, the last legislature having enacted the law but failed to provide for salaries.

The traveling men of the state, having secured this legislation, do not intend that it shall be annulled for want of enforcement, and consequently have undertaken to see that the law is lived up to, without asking pay for their services.

Have Police Powers.
The deputies have police powers and can make arrests. Mr. Spear says that the law will be rigidly enforced and that some of the hotels in this part of the state will have to make radical changes in their means of protecting hotel guests' lives.

GOVERNOR TO MEET TAFT.
Official Reception Denied at Omaha Will Be Accorded on Journey.

Lincoln, Oct. 18.—Governor Shallenberger is at last to be given an opportunity to officially meet President Taft, a pleasure he was barred from when Taft visited Nebraska by reason of the hostility of Omaha business interests

that didn't like his signing the early closing of saloons law.

The governor will join the presidential party at St. Louis on December 25 for a river trip to New Orleans. The party will be made up of a number of western governors, and will be the guests of the Lakes-to-the-Gulf Deep Waterways association. The governors have been invited to occupy seats on the platform of the coliseum, when the president makes his speech there, and later the executives board a steamer set apart for their entertainment, where they will have the president as a guest.

John Arcorn is in Trouble.
Tripp County Journal: Jack Arcorn made an attempt to strike G. O. Van Meter with a large rock. It seems the trouble grew out of the recent prosecutions for cattle stealing. A son of Mr. Arcorn is one of the parties held on bail, and Mr. Van Meter has been active in the prosecution of the actions instituted. Someone who evidently desired to cause trouble told Arcorn that Van Meter had made some disparaging remark about him and Arcorn then started out on the hunt of Van Meter. He found him near the New Lamro hotel and it was there the assault was made. Mr. Van Meter, however, was watching Arcorn and by quick action narrowly dodged the rock hurled at him. Mr. Arcorn was seized before he could repeat his attempt and was placed under arrest.

John Arcorn, a Rosebud half-breed, will be recalled as having spent considerable time in Norfolk during the past year. At one time he was driving an automobile through Norfolk to the Rosebud from Omaha, and his car broke down between Stanton and Norfolk. Some months ago Arcorn's son was killed by falling off a horse on the Rosebud reservation. Arcorn was in Norfolk last week.

Section Man Hurt at Beemer.
Beemer, Neb., Oct. 18.—Gust Elopollas, a Northwestern section man, was run over by a hand car Saturday and badly cut up. He will recover.

Norfolk Girl Weds in Germany.
Word has been received from Germany announcing the wedding of Miss Minnie Verges of Norfolk and Johannes Fritchie, at Greussen Thuringen, Germany. Miss Verges went to Germany to visit with relatives about six months ago, and the announcement of her marriage comes as a surprise to her relatives here. This is the first news which has been received from her since she departed for the fatherland.

Hay Rack Blown On Him.
Sioux Falls, S. D., Oct. 16.—As the result of a peculiar accident, Venclo Kovar, a well known farmer living in Clark county, was seriously injured. He had been plowing in a field and was returning to the farm residence when he was the victim of the accident. While passing a wagon upon which there was a hayrack a sudden gale of wind lifted the hayrack from the wagon and dashed it down upon him. The heavy rack struck him squarely on the head, cutting a deep slash across the entire scalp and otherwise injuring him. It was believed for a time by those who hurried to the scene that he had been killed, but physicians, after hard work, succeeded in bringing him back to consciousness.

Charge Murder in First Degree.
Neligh, Neb., Oct. 16.—Special to The News: County Judge Wilson stated last evening that it was impossible to give the time of the hearing of F. M. Thornberg, who is charged with the killing of A. G. Rakow. It depends a great deal on whether a fight will be put up by the defense, said Mr. Wilson, in a question if it was probable that the hearing would be in the forenoon of next Monday.

Murder in the first degree is the complaint filed against Thornberg, and this will be the charge he will be tried on before the county judge between the hours of 9 a. m. and 5 p. m., next Monday. The state will be represented by County Attorney Rice and Charles H. Kelsey. The defendant has secured the services of M. F. Harrington of O'Neill and O. A. Williams of this city.

Civil Service Needs Men.
Western states do not supply the civil service with as many employees as do the eastern and middle states, according to a circular letter received at the local postoffice. Civil Service Commissioner Washburn of Washington says there is a scarcity of applications filed for positions in the civil service by people from the west. On October 23 examinations for employment in many of the departments of the civil service will take place. Applications for examination blanks can be made with John R. Hays, postmaster of the Norfolk postoffice, who has them on hand. A splendid opportunity is offered by the government to men in all capacities, from cook up to editor, teacher, engineer, mechanic draftsman, etc. The salaries range from \$400 and board up to over \$2,000. Among the positions which Uncle Sam is asking and urging men from the west to fill are:

Cooks in the Indian service at salaries ranging from \$400 to \$600 per year; these usually include room and board.

Tobacco expert in the Philippine service, \$2,000 to start.

Mechanical draftsman, \$1,000.

Testing engineer, \$900 to \$1,200.

Telephone operator, \$50 per month.

Both men and women to be allowed examination for this position.

Domestic science teacher, Indian service, \$600 per annum.

Forest ranger, for work in any part of the United States.

Teacher of agriculture, \$800.

Attendant, Indian insane asylum, \$480; for both men and women.

Deputy shipping commissioner, \$900. Highway engineer, \$1,200 to \$2,250. Engineer, United States military academy, West Point, N. Y., \$1,200.

Engineer draftsman, supervising architect's office, \$1,600 to \$1,800.

Aid in grain standardization, \$900 to \$1,200.

Editor, bureau of education, \$2,000.

It may be stated for those not familiar with civil service positions that the salaries named are only to start with and that they are increased and positions from one department to another can be secured easily by government employees, who usually take examinations for better positions.

Although the time is short, there is plenty of time for those who are looking for government positions to file their applications for some very good offices.
