

WHAT'S YOUR GOLF SCORE?

Handicap Medal Play is Being Arranged for Country Club. What's your golf score? Sol Mayer wants to know.

The Famous Gibraltar. On board S. S. "Cretic," April 25.—Dr. Ray's party visit tropical islands. Funchal, Madeira, Special to The News: We anchored in Funchal bay at 4 a. m., and the weather was beautiful.

They were discovered by a Portuguese named Zargo in 1418, and were soon colonized and settled, but in 1580 these islands belonged to Spain, but were retaken by Portugal in 1640. Christopher Columbus lived here for a few years and married the daughter of the governor, Pero Estrela.

The climate is tropical, the lowest that the thermometer registers is 47 degrees F. in the winter and the hottest is 76 degrees F. in the summer, thus this is a great health resort.

The streets are generally narrow, from three to five feet, but are all paved with cobble stones, and reach three and four miles up the mountain sides.

The people are mostly Portuguese. The Roman Catholics have two fine churches, the Saint Marie and the Cathedral. The Methodist church has a fine building and a beautiful park in the center of the city and near the public gardens.

The Beggar's Curse You. When you do not contribute to the beggars, they curse you bitterly.

It costs the Methodist church yearly \$3,000 to support the fourteen teachers and ministers.

Living expenses are very high, such as butter forty cents per pound, sugar forty cents per pound, tea \$1.50 per pound, petroleum forty cents per gallon.

One of the Methodist mission workers took us to a most beautiful private banana garden and we saw carloads of bananas growing on the trees.

The whole island is one vast mass of gardens, parks and quintas. They raise potatoes, rye, peas, beans, sugar cane, grapes, oranges, pears, apples and many other products, and manufacture wicker baskets, chairs, trunks, also inland woodwork, embroidery, gold and silver-work.

The housekeepers' chief enemy is a very small ant which does great damage. There are no noxious reptiles in the islands. Wages are low, as for example, a good cook receives \$11 per month; a house servant \$5 per month, and day laborers twenty cents per day.

This would easily create a paradise in any person's life to visit these magnificent places. But after one day in Funchal we renew our long voyage and proceed to Ft. Gibraltar, then we turn south for Algiers in Africa.

My letters will be mailed from Ft. Gibraltar, as that is the shortest and by far the quickest way to America. I will close in the words of Cowper: "God moves in a mysterious way. His wonders to perform. He plants his footsteps in the sea, And rides upon the storm."

The Famous Gibraltar. On board S. S. "Cretic," April 25.—The Temple Tour party visit Spain. Special to The News: It is of very great interest and valuable instruction to visit Ft. Gibraltar, an English fortress and one of the strongest in the world.

It was first used as a fort by a Moorish chief in 711 A. D. This fort is on the north coast of the Straits of Gibraltar, which are from six to thirteen miles wide.

The Rock of Gibraltar is 1,439 feet high, and is 3,210 miles from New York, but by the southern route by which we have come the distance is 3,388 miles or 5,388 miles from the beautiful city of Norfolk. The population of the town of Gibraltar is 26,000 of these 6,000 are British soldiers on duty for the government, and the English have held the fortress since 1704, captured by General Rooke.

This is the way the English treat the Spanish guides when they pass over the border into Gibraltar. Such treatment keeps up a constant strife between the people. America is good enough for me. I have not completed the story of Spain and Ft. Gibraltar, but feel that I must close and will mail this letter at Algiers, which is the capital of Algeria, a French province in northern Africa, 3,520 miles on a straight line from New York city.

Relief at San Francisco. "You remember four years ago on the eighteenth day of last month, the civilized world was shocked by an awful calamity that held in its terrible grasp the city about San Francisco bay. You will remember that about 4,000 people were made homeless, and the report that the women and children of that city slept in the hills and in the streets, I went there as your messenger bearing your message of brotherhood to the stricken members of this society who lived in the city.

Madison Wins Two Prizes. The Box Elder camp badges were seen everywhere when the Columbus-Madison special train, carrying over 100 Madison delegates, arrived in the city at 2 o'clock Wednesday afternoon. This delegation was the largest and won the prize of \$50 given by the Commercial club.

Chairman C. E. Hartford of the local entertainment committee, headed the line of March. Mr. Hartford rode a white horse, while immediately behind him, riding black horses in full uniform rode the eight Norfolk

At 5:30 Captain C. L. Anderson and Lieutenants Pilger and Anderson took their positions on Norfolk avenue and Fourth street, where they judged the drilling of the Madison and Wayne drill teams, the only teams participating, both of which, according to the national guard officers, put up splendid drills. No points were decided, but the prize of \$25 cash was awarded the Madison team, the officers declaring they were better drilled than the Wayne team.

At 8 o'clock the doors of the Auditorium were thrown open to the public, who enjoyed the history of the tuberculosis germ ably described by Head Consul A. R. Talbot who, with the aid of illustrated pictures of the tuberculosis germ and the tuberculosis sanitarium of the Modern Woodmen of America in Colorado, where he had saved hundreds of men have been saved from the disease, made a plea for donations for additional utility buildings at the sanitarium grounds, which he says are badly needed.

are heavily taxed and the poorer and middle-classes receive little education. The constant occurrence of blights are very degrading and demoralizing, and yet the Spaniards feast upon these cruel performances. There is a continual wrangle on between the Spaniards of La Linea and the town of Gibraltar (being a few miles from each other) and the citizens hate each other intensely which is shown in this incident, for we took an English guide from Gibraltar to La Linea, but after he had taken us through the city, and when we were about to leave, the Spanish guides complained to the police and our guide was arrested and taken to prison, and we came away alone. He was kept about two hours and fined and then turned loose.

SOCIETY

Pleasures of Week. Smoke from burning joss sticks and other oriental fires, Japanese lanterns and various colored lights met the gaze of a number of young men on Thursday evening when they entered Marquand hall, where young ladies who have been entertained by the gentlemen throughout the dancing season in turn were the entertainers.

Wayne Normal Notes. Miss Mabel Gannon of this year's scientific class, was elected assistant principal at Carroll. About fifty students took the county examinations at the college on Friday and Saturday of last week. A company of college cadets will assist the G. A. R. on Memorial Day in decorating the graves of the soldiers.

Creighton Commencement. Creighton, Neb., May 28.—Special to The News: The Creighton high school commencement was held last night. This was the first class yet graduated that had thirty-two university credits. Following are the members: Thurl B. Strain, Thomas A. Joyce, Gordon Saunders, Dwight Lyon, Ione Simmons, Vern Witwer, Fern Witwer, Elsie Hazen, Blanche Spingley, Eva Keller.

What It is Killing Larks? What's the matter with the lark? What is this blasting evil that has killed the roots and made black, unlight patches where once lay green, velvet carpets of bluegrass? It's a grub worm, says the state university expert. Writing to a Norfolk man, the scientist declares it is the June bug grub worm that has made a sorry spectacle of the lawns in Norfolk. And one Norfolk man puts forth the theory that perhaps the increasing army of English sparrows, which are threatening to completely exterminate the American song bird, are to blame for the thriving of the grubs.

The "Ghosts" Are Found. The ghost mystery of the Norfolk Western Union telegraph office has been solved. The voices of men talking in the room when no one except the lonely operator was about, have been discovered to come from the relay of the telegraph instruments which connect the Northwestern railroad telegraph wires to the joint telephone line used by the superintendent's office and telephone stations along the railroad line.

E. J. Townley, local manager for the Western Union, was startled a few nights ago by voices of a number of men calling to each other. The voices seemed to come from under the telegraph table upon which a number of instruments were clicking. He investigated but, finding no one under the table he went downstairs, believing someone was in the Bee Hive store, which is located directly under the telegraph office.

Real Estate Transfers. Real estate transfers for the past week. Compiled by Madison County Abstract & Guarantee company. Office with Maps & Hazen, Norfolk. Carrie E. Hoyt to John Ennes, warranty deed, \$1, lot 17, block 3, Norfolk Junction.

G. E. Thompson to H. Halderman, warranty deed, \$1, lots 7, 9 and 10, block 19, R. R. addition, Newman Grove.

Robert L. Canote to Leulla Canote, warranty deed, love, lot 10, block 4, Dorsey Place addition, Norfolk Junction.

Sarah A. Roberts and husband to Peter Retwisch, warranty deed, \$350, part of block 6, McComb's Suburban

Stefan Scoops The News. Did you ever hear of a newspaper man deliberately scooping his own paper? It happened in Norfolk this week. A piece of news that occurred in a News man's home last Sunday is printed only today—a week behind time—because the father of the new boy managed to keep it a secret all

time. Yes, it's a boy. Karl Franklin Stefan is his name. And Karl Stefan, sr., on the staff of The News and always on the alert for a "story," deliberately, maliciously and cold-bloodedly kept that story from his paper until the new boy was pretty nearly grown-up—a whole week old.

Now what do you think of that? This makes a boy and a girl in the Stefan home, 109 South Eleventh street. And the rest of The News staff are hoping the new boy will grow up and be president, just to get even with his father for the mean trick he played on his paper.

Wayne Normal Notes. Miss Mabel Gannon of this year's scientific class, was elected assistant principal at Carroll. About fifty students took the county examinations at the college on Friday and Saturday of last week.

A company of college cadets will assist the G. A. R. on Memorial Day in decorating the graves of the soldiers. The many friends of the normal will be glad to know that Miss Hattie Schultheis has been elected as teacher in the Norfolk schools for next year.

Among new students to enter this week are, George Murray of Page, and Miss Martha Purgel of Hartington. Miss Carroll went to Grant, Neb., the last of last week, giving an entertainment for the schools presided over by Vernon Rightmire.

Professor Power goes to Bellwood this week where he will give the graduating address for the school presided over by Gomer Jones. The eclosion department will give an entertainment in the chapel in the near future.

Creighton Commencement. Creighton, Neb., May 28.—Special to The News: The Creighton high school commencement was held last night. Notice to Land Owners. To All Whom It May Concern: The commissioner appointed to view and locate a road commencing at a point thirty (30) rods east of the southwest corner of section twenty-one (21), township twenty-four (24), range two (2), west of the sixth P. M., in Valley precinct, Madison county, Nebraska, running thence west along said section line to within eight (8) rods of the southwest corner of said section twenty-one (21), township twenty-four (24) north, range two (2), west of the sixth P. M., thence in a northwesterly direction along the north side of a sand hill (which sand hill is located on the southwest corner of said section twenty-one (21), township twenty-four (24), north, range two (2), west of the sixth P. M., to a point four (4) rods north of the southwest corner of said section twenty-one (21), township twenty-four (24), north, range two (2), west of the sixth P. M., and terminating at a point forty (40) rods north of the southwest corner of section twenty-one (21), township twenty-four (24) north, range two (2), west of the sixth P. M.

And also to vacate the public road now established, commencing at a point thirty (30) rods east of the southwest corner of section twenty-one (21), township twenty-four (24) north, range two (2) west of the sixth P. M., and running thence in a northwesterly direction and terminating at a point on the section line forty (40) rods north of the southwest corner of said section twenty-one, township twenty-four (24), north, range two (2) west of the sixth P. M., has reported in favor of the location and vacation thereof, and all objections thereto or claims for damages must be filed in the county clerk's office on or before the 26th day of July, A. D. 1910, or said road will be established and vacated without reference thereto.

S. R. McFarland, County Clerk. (Seal)

Order of Hearing of Final Account. In the matter of the estate of Aaron C. Anderson, deceased.

In the county court of Madison county, Nebraska. Now on the 14th day of May, 1910, came C. E. Burnham, the administrator of said estate, and prays for leave to render an account as such administrator.

It is therefore ordered that the 14th day of June, 1910, at 1 o'clock p. m., at my office in Madison, Nebraska, be fixed as the time and place for examining and allowing such account. And the heirs of said deceased, and all persons interested in said estate, are required to appear at the time and place so designated, and show cause, if such exists, why said account should not be allowed.

It is further ordered that said C. E. Burnham, administrator, give notice to all persons interested in said estate by causing a copy of this order to be published in the Norfolk Weekly News-Journal, a newspaper printed and in general circulation in said county, for three weeks prior to the day set for said hearing.

In testimony whereof I have hereunto set my hand and affixed my official seal this 14th day of May, A. D. 1910. Wm. Bates, County Judge. (Seal)

WANTED—Success Magazine. One with experience, but would consider any applicant with good natural qualifications; salary \$1.50 per day, quires the services of a man in Norfolk to look after expiring subscriptions and to secure new business by means of special methods usually effective; position permanent; prefer with commission option. Address, with references, R. C. Peacock, Room 102, Success Magazine Bldg., New York.
