Auto Falls on Him. Valentine, Neb., Aug. 15.—Special to The News: Billy Smith of this place, while out riding in his automobile accompanied by Mr. Perry, attempted to turn around in a mud hole and had his machine turn over with him, throwing Mr. Perry out and catching him under the machine.

Madison County Teachers. Madison, Neb., Aug. 15.—Special to The News: The Madison county institute opened at the high school

engaged by the party, who is said to be one of the best drivers in the country.

Mr. and Mrs. Colpetzer only recently completed a trip of 1,200 miles, visiting many cities on the Atlantic coast in the same machine.

Made Merry at O'Neill. O'Neill, Neb., Aug. 15.—Special to The News: Rain prevented the finishing of the races scheduled for Saturday.

It rained all forenoon and the track could not be gotten into condition in time to pull off the postponed races, so everything at the grounds was declared off and the crowd, which was fairly large, centered their attention on the various attractions on the carnival grounds.

Showers of confetti began falling early in the evening and before midnight the happy crowd of milling humanity had complete possession of the main street and the individual nery enough to try to run the blockade emerged spluttering and choking from confetti.

The through was happy and good natured and everybody was disposed to make the last night of the races a hummer. Those inclined to sing collected squads of fellow singers and treated the crowds to patriotic songs.

Others whose talents ran to public speaking orated from barrel heads and prominent elevations. The fun ran unchecked until 2 a. m. Sunday morning without a moment's lull and no accidents.

STARVES FOR SYMPATHY.

Joe Teutan Hasn't Eaten a Square Meal for Four Days. Madison Post: Joe Teutan, the fellow being held in the county jail until the fall term of the district court for being implicated in the daylight robbery of a Norfolk jewelry store and who made an unsuccessful break for liberty last Saturday night is playing a new game which will probably prove as unsuccessful as his break for liberty.

After his little stunt Saturday night he was ushered into one of those cozy corners known as a cell, and has since that time been kept there and will probably continue to keep house there until fall.

Sunday night when he was offered his supper he refused to eat and ever since then when asked by Deputy Sheriff Smith if he wanted his meal he would say, "No, sir." The sheriff is inclined to think that Teutan has been up against a jail sentence before and that he is playing the starving game for a purpose.

Either to excite the sympathy of his jail companions or to become ill and be liberated from close confinement and thus gaining another opportunity to make a break for the outer world, Teutan has not had a square meal in four days, but it has been learned that he has eaten a slice of bread or two slipped him by some of the other fellows.

Governors as Advertisers.

Darlow Ad-News: The Chief executive of the state, or ought to be, the principal advertising agent for the commonwealth.

No official is in better position to bring good publicity to a state, and it is gratifying to know that men like Governor Shallenberger of Nebraska, Governor Hadley of Missouri, Governor Eberhart of Minnesota, and others in this mid-western country, are making speeches and writing articles that cannot fail to draw the attention of the world.

Governor Hadley is on record as saying that the executive officer of a state should be its chief advertising agent, and the refreshing remarks of Governor Eberhart at the national advertising convention in Omaha proved conclusively that he is acting upon that very theory.

From the public statements made by these governors we gain the hope that they will lend double emphasis to their words when they make up their messages to their respective legislatures.

Appropriations for state advertising must be made by these legislatures, and the recommendations made by a governor, backed by the appeals of advertising clubs, commercial organizations, and business men as individuals, will go far toward bringing favorable action along such lines from the law-making bodies.

We are led to believe that candidates for the legislature from various counties should be asked to give their views on this proposition, and that, wherever possible, voters desirous of having their state properly advertised should vote for those candidates who favor an appropriation of this kind.

And the candidate who is ready to insert such a plank in his declaration of principles will no doubt find it an exceedingly popular addition to his platform.

Madison County Teachers. Madison, Neb., Aug. 15.—Special to The News: The Madison county institute opened at the high school

building of this city today with an excellent attendance for the first day.

County Superintendent Housel in charge. The instructors are F. M. Hunter, superintendent of Norfolk schools; G. M. Hopkins, principal at Meadow Grove; E. L. Rouse, a member of the Peru state normal faculty; Emma R. Miller, county superintendent of Cuming county; W. T. Stockdale, superintendent at Madison; Reese Solomon, instructor of music at Norfolk; Gertrude N. Rowan, Lincoln. The indications are the session will be the most interesting in the history of the county.

MORE CONES SEIZED.

Federal Food and Drug Inspector Confiscates Property. Omaha, Aug. 15.—Seizure of 185,800 ice cream cones was made in Omaha by United States Deputy Marshal Haze under the direction and at the request of Henry B. Evans, federal food and drug inspector.

The charge is made that the cones contain boric acid, an adulterant and alleged by the department of agriculture to be a harmful poison in food stuffs.

This is the largest single seizure of cones ever made, the total bulk amounting to more than half a carload. Previous to this time the record seizure was made in New York City, the number of cones in that case being 102,000.

The seized cones were the property of the Waterloo Creamery company, and were manufactured and shipped here by the Star Wafer company of Oklahoma City. Inspector Evans has been on the track of the latter concern for some time. He came here Wednesday and purchased samples of the cones for analysis.

As soon as the presence of boric acid was detected he sent an order from Judge T. C. Cumber for the seizure of the cones, and called upon Deputy Marshal Haze to make the confiscation.

farmers in the vicinity of Elgin. According to Dr. W. F. Conwell, the wife of Mr. Pederson is a very feeble-minded woman, and was brought before the board of insanity to this city on June 20 last, but was not considered insane by that body and allowed to return home.

The following are the names of the coroner's jury that returned a verdict of hanging by his own hand: W. J. Armstrong, O. S. Armstrong, D. F. Armstrong, J. C. Caldwell and A. Tiernew. The witnesses examined were: C. A. Button, A. P. Matson, F. V. Martin and S. A. Newbraugh.

The only child at home was with the mother when the suicide happened.

The plan to bury the man was interfered with by neighbors yesterday, who suspected foul play. So the coroner, sheriff and county attorney went over today to hold an autopsy to convince them that the man suicided.

West Point Business Changes. West Point, Neb., Aug. 15.—Special to The News: W. B. Mullin has purchased the restaurant and confectionery business of H. Henke at West Point, and has taken possession. Mr. Mullin will also continue to operate his cream and produce business.

The financial statement of the treasurer of the newly created West Point Speed association just published shows a very gratifying state of affairs. In spite of the bad weather of the third and last race day, the balance in hand is \$842. A dividend of 25 percent has been declared and paid to the subscribers and in addition to this a scrip dividend has been declared to the stockholders of 25 percent. This scrip is a permanent investment and is worth more than par, the association owning nearly \$3,000 worth of buildings permanently erected on the grounds.

The Cuming county teachers' institute closed its sessions. A very successful meeting was had. Nearly eighty teachers were enrolled. The work of Prof. J. A. Doremus of Auburn and Prof. Reese Solomon of Norfolk were subjects of especial praise.

The new rectory in St. Anthony's parish at St. Charles, a wealthy settlement of Germans five miles southwest of West Point was dedicated yesterday with appropriate ceremonies. Very Rev. Dean Ruesing of West Point conducted the exercises, assisted by Revs. Schoof of Monterey, Hettwer of Stuart, Klemenz of West Point, Alberts of Crofton and Korte of Constance. Congressman Latta was present and addressed the assembly. A very large concourse of people from all parts of the county were present.

Frederick Plantenburg, a farmer and storekeeper at Aloys in this county, has again been adjudged insane and is in care of the sheriff until room can be found for him at the Norfolk hospital. This is the fourth time Mr. Plantenburg has been committed as insane, he having in former instances recovered under treatment sufficiently to be sent home. The inordinate use of liquor is supposed to be responsible for his trouble.

Henry Fuhrman is about to begin the erection of a large barn on his farm southeast of West Point. The structure will be 30x60 feet and will have a solid concrete foundation and floor.

Prof. M. I. Ellis of Coleridge has made application for the superintendency of the West Point city schools made vacant by the resignation of Prof. R. M. Campbell who goes to Columbus.
