PLAYS PRANKS IN HIS AERO

Wood Circles Tall Buildings and Has
Fun at Washington.

Washington, July 14.—President Taft received his aerial visitor shortly before 3 o'clock today. The president stood on the rear porch of the white house as Aviator Harry N. Atwood of Boston, after circling the Washington monument flew directly into the white house grounds and landed on the grassy lawn, a short distance from the portico. Alighting from the machine, Atwood walked to where the president stood and was presented by him with a gold medal from the Aero Club of Washington.

Washington, July 14.—Harry N. Atwood, the Boston aviator, flew over the city in his aeroplane, played aerial pranks with the Washington monument, circled tall buildings, had fun with an army of automobiles, bicycles, pedestrians and police by pretending to land at various points in Potomac park and finally, after a series of sweeping circles near the capitol, soared in the gathering dusk to the army aviation field at College Park, Md., whence he had come.

The trip will be followed by another today, when Atwood will land near the white house and receive the medal from the Washington Aero society.

Atwood's most spectacular effort followed his circling the monument. After wheeling thrice around the big shaft he sped away in the direction of the Virginia hills. Turning sharply the aviator drove his aeroplane directly at the top of the monument as though he intended to knock off the aluminum top, and when almost directly over the apex, he shut off his motor and came sliding down. The crowd and police who had been decoyed to the river bank, made a rush back toward the monument but Atwood, laughing, turned on his engine again and swept back directly over their heads. After a number of complicated evolutions he turned the nose of his plane toward the Maryland field.

The weather was perfect for the flight and a great crowd witnessed the demonstration, which lasted nearly an hour.

GOTHAM GETS ICE TODAY

Shortage is Relieved by Arrival of Ten
Big Ice Barges.

New York, July 14.—The ice famine here precipitated by the recent hot weather was relieved today by the arrival of twelve big ice barges fully laden. This, however, will not terminate the district attorney's investigation prompted by Mayor Gaynor into charges that the Knickerbocker ice company unjustly increased the price of ice to retailers during the stress of the weather. Ten police detectives have been working on the case and there is a possibility of its presentation to the grand jury.

VOTE CANADIAN PACT JULY 22

CONGRESS ADJOURNS AFTER LEG-
ISLATIVE DAY AUGUST 7.

DATES GIVEN FOR FIVE BILLS

Senate Adopts Agreement Without Opposition to Vote On Canadian Reciprocity On July 22—Dates for Big Bills Are Agreed Upon.

Washington, July 14.—An agreement to vote on the Canadian reciprocity bill on July 22 was adopted in the senate today without opposition. Agreements were also made for votes on other measures which will carry the session through the legislative day of August 7, immediately after which congress will adjourn.

The agreement in full reached at a conference of the various elements of the senate at 1 o'clock today and later adopted in the senate calls for votes as follows:

July 22—Canadian reciprocity.
July 27—Wool revision bill.
August 1—Free list bill.
August 3—Congressional reapportionment bill.

August 7—Arizona-New Mexico statehood bill.
All the bills included in the agreement already have passed the house. If amendments are made to them, they will be still subject to quick conference between the representatives of two houses.

The "legislative day" for statehood would permit a "recess" from day to day if found necessary.

CUMMINS NEW AMENDMENTS

Senator Bristow Attacks the Present
Sugar Tariff.

Washington, July 14.—Senator Cummins introduced new amendments to the Canadian reciprocity bill today. He sought to couple a revision of the tariff metals with the reciprocity measure; the other proposed a revision of the duty on oil cloth and linoleum.

Senator Bristow resumed his speech against the reciprocity bill and his attack on the present sugar tariff. Senator Bristow declared Cuban reciprocity had taken \$10,000,000 out of the government's revenue from the sugar tariff and put it into the treasury of the sugar trust.

"That twenty percent reduction in the sugar duty," said he, "has enabled the sugar refinery to buy their sugar in Cuba at twenty percent less."

ARTHUR SEE IS GUILTY

Founder of Absolute Life Cult, Con-
victed by Jury on One Ballot.

Chicago, July 14.—Evelyn Arthur See, founder of the absolute life cult, the chief tenant of which was said to be the establishment of a perfect race, was found guilty of the abduction of Mildred Bridges, the 17-year-old daughter of the cult. The jury was only forty-five minutes and is said to have taken but one ballot. The statute fixes the penalty at from one to ten years in the penitentiary.

The jury also returned a verdict of guilty of contributing to juvenile delinquency, which had been incorporated in the abduction charge. They were instructed to retire and return with a single verdict.

Counsel for See offered the claim that the return of two verdicts necessitated a new trial and made an immediate appeal for a re-trial of the case.

BURKE UNDECIDED.

Washington, July 14.—Representative Charles H. Burke of South Dakota arrived here after a brief stay at home. Mr. Burke went to South Dakota to make an inquiry into political conditions with a view of determining whether he would be a candidate for the senate to succeed Robert J. Gamble.

"I have come to no conclusion in the matter," said Mr. Burke in discussing the senatorship. "It is too early for any announcements. I shall move slowly in making up my mind as to the senatorship."

Friends of Mr. Burke say he has received assurances of support from representatives of both the party factions in the event he enters the race against Senator Gamble.

O'Neill, Neb., July 14.—Special to The News: W. P. Simar, one of Holt county's supervisors, surprised his friends yesterday when they discovered he had quietly married Miss Helen Schultz of Atkinson Wednesday night. Mr. Simar was serving on the board for several days and none of his fellow members had any inkling of his coming marriage. SENATE PROBES RESUMED

With Final Vote on Reciprocity Near,
Speeches Continue.

Washington, July 14.—With the final vote on the reciprocity bill approaching three more speeches were on the program of the senate today. These were second day installments of the attacks of Senators LaFollette of Wisconsin and Bristow of Kansas on the bill and an outline by Senator Stone of Missouri of the reasons why amendments should not favor any amendments to that measure.

The house was not in session, but several of its investigating committees including the sugar trust inquiry and Controller Bay Investigating committee resumed their sessions today as did the senate committee probing the election of Senator Lorimer.

Chicago, July 14.—D. A. Kreamer, an amateur aviator, fell seventy-five feet with his biplane while making tests for an international pilot's license and was killed. His engine fell on his back, crushing him and he lived only a few hours.

Kreamer had gone one and a half of the five kilometers required by the test and in making the last turn, banked his machine too steeply and it turned over and dashed to earth. The accident occurred at the field of the Aero Club of Illinois.

JOY FEAST ON OLD FASH-
IONED GRUB.

Pierce, Neb., July 14.—Special to The News: Charles H. Kelsey of Neligh delivered an interesting address to the G. A. R. reunion here yesterday afternoon. During the afternoon hard tack, preserved by Col. Charles A. Worker from war times, was served to the veterans. In the ball game Pierce beat Wayne, 6 to 5.

In the evening a camp fire was addressed by Chaplain A. G. Brande of Pierce and other veterans also spoke. Ex-Gov. Shallenberger will speak this afternoon.

The strikers, armed with revolvers, attacked the police from different quarters and the city was thrown into a state of terror. Shops this morning are closed and no newspapers appeared on the streets. A state of siege probably will be proclaimed.

TRIED TO CALL HIM OFF

Washington, July 14.—Dr. William
T. Hornaday, the rector of the New
York zoological park and member of
the Camp Fire club, testified before
the house committee on expenditures
in the department of commerce and
labor, that Secretary Nagel and Fish
Commissioner Bowers "tried to sup-
press" him two years ago because he
sought legislation to preserve the di-
minishing food of seals on the Pribiloff
Islands. Representative Town-
send of New Jersey, author of the
resolution of inquiry, developed that
Secretary Nagel and his subordinates
tried to convince members of the
Camp Fire club that Dr. Hornaday,
who was leading the seal fight, "should
be called off." An echo of the per-
sonal verbal encounter between Henry
E. Elliott of Cleveland, O., and Com-
missioner Bowers took place today.

Elliott shook his fist in Bowers' face and said:

"I want that man put on the stand. He called me a liar. He's not going to get away from here. I am going to fix him."

The committee, however, deferred Mr. Bowers' examination by Mr. Elliott until next week.

GREAT SUFFERING FROM FIRES

NINETY DEAD ALREADY BURIED;
EVERY HOUR ADDS TO LIST.

COFFINS COME BY THE CARLOAD

Porcupine District in Canada Fire-
swept and Hundreds Are Homeless.
Thousand Have Already Left—Signs
of Great Suffering.

Cobalt, Ont., July 14.—Every hour adds to the list of those dead, injured and rendered destitute in the fire-devastated Porcupine district, where the property loss probably is more than \$2,000,000.

The number of dead in the district remains largely a matter of conjecture. About ninety bodies either have been buried or designated for shipment in the coffins now being rushed northward by the carload. Many persons are missing from more densely populated townships. How many of the hundreds living in comparative isolation have perished only days of work by the organized relief parties can reveal. A message from Porcupine early today stated that seven bodies had just been found at the Vipond mine. Their condition would make identification impossible. Women and children, thinly clad, and bearing marks of the awful fight against flames and smothering smoke, are still flocking into the larger towns in this vicinity and North Bay.

Those escaping with slight injuries or none have gone through to North Bay to be carried free of charge by the Canadian Pacific railroad and Grand Trunk railway to their destinations.

Those more or less severely injured are taken to the hospitals in Haileybury, Cobalt, Lindsay and North Bay. All the hospitals are filled with sufferers.

Hundreds of people are at Porcupine awaiting special trains out. About 1,000 already have left.

SOME DISTURBANCE IN PARIS STREET

REVOLUTIONARY THREATS OF
VIOLENCE, HOWEVER, ARE
NOT CARRIED OUT.

Paris, July 14.—Threats of the revolutionary element to mar the national fête with violence had failed up to noon. The incidents were minor disorders by a band of young royalists.

Republican guards occupied the principal centers and prevented the socialists and the striking building workers from marching to Sante Prison and making a demonstration on officials for the freedom of their colleagues who were imprisoned for violence and anti-militarism.

The annual review of the troops at Long Champs was a magnificent spectacle. Five hundred thousand persons saw President Fallieres with the diplomatic corps and the picturesque surroundings and the Abyssinian mission at his side, present the colors to the regiment.

Dirigible balloons performed evolutions above the military field but the army aeroplanes were not permitted to take part in the maneuvers because of the danger to the soldiers on the grounds.

As President Fallieres was returning to Elysee palace, a crowd of royalists shouted "Long live the King," but other spectators turned upon the disturbers and drove them from the streets. Some blows were exchanged and the police made many arrests.

GATES' HEART BOTHERING

Shows Signs of Weakness for First
Time—150 Cablegrams Received.

Paris, July 14.—Throughout the day there was a procession of inquirers at the hotel where John W. Gates lies critically ill. One hundred and fifty cable messages from American friends had been received and turned over to those in attendance upon the sick man.

This morning the financier smiled faintly when Charles W. Gates told him that he would "pull through." The son believes there is an even chance for recovery.

Mr. Gates passed a fairly good night and later the congestion of the kidneys was somewhat relieved. The heart for the first time showed signs of weakness this morning, but it recovered quickly.

The lungs continue to do their work well. The patient suffers no pain, his mind is clear and his temper calm. Assisting Dr. Gros and his associates are four American nurses.

SUFFRAGE CAUSE FOR DIVORCE?

La Crosse, Wis., July 14.—That his
wife has refused to keep house in La
Crosse, saying that she did not desire
to remain with his wife longer be-
cause women will have the ballot in
Wisconsin soon and that she then in-
tends to run for governor, is the hus-
band's defense made to suit of di-
vorce begun here by Mrs. Prisco W.
Olson. Mrs. Olson, however, who was
formerly a school teacher, charges non-support and cruelty.
