Marriage at Ancon.

Panama Star and Herald: One of the prettiest weddings ever witnessed upon the Isthmus was solemnized last Monday evening in Ancon when Miss Jean S. Gwynne became the bride of John W. Tannehill.

The bride is one of the most beautiful and admired of the fair members of Ancon society, and the groom for five years has been a trusted employe of the department of civil administration, at present being postmaster at Ancon.

The reception hall at Anconita was artistically decorated with palms and ferns and a lovely picture was presented when Miss Blanche Grove, the bridesmaid, and little Miss Kathleen Reeder, the flower girl, entered, preceding the bride, who was garbed in white, bearing a marvelous cluster of white orchids, upon the arm of Dr. Reeder. The bridal party, to the soft strains of Mendelssohn's wedding march, advanced to a beautiful bower of foliage and orchids and were met by the Rev. J. R. Bicknell, the groom and his best man, Crede Haskins Calhoun. The minister spoke the marriage service in his usual impressive manner and the happy pair, made one, turned to begin the voyage of life together, bearing with them the heartiest good wishes of their many friends, of whom a host from Panama and the zone were present to witness the union of the popular young people.

The joyous gathering then repaired to the refreshment tables, which were exquisitely decorated with rare and

beautiful flowers, and drank to the health of the bride and cut the wedding cake with all the time-honored ceremonies.

Mr. and Mrs. Tannehill sail Thursday for Jamaica, where they will spend their honeymoon.

THE LONGEST WALK IN THE WORLD.
Hal Chase and Jimmy Callahan were discussing baseball after the game recently, and attention was called to the fact that the manager of the New York Americans had struck out three times, as had "Ping" Bodie. "Hal, do you know what is the longest walk in the world?" asked Jimmy.

"It's pretty hard to say," replied Chase.
"Well, it's that walk from the plate to the bench after striking out," declared Callahan, and Chase agreed with him. "That's one time," remarked Chase, "that a ball player doesn't know what to do with his hands or which way to look."

CUBAN REBEL SURRENDERS.

The Leader is Found to be in Last Stages of Tuberculosis.
Havana, Aug. 4.—Gen. Acevedo, who endeavored to start a revolution at Regla on Monday night, surrendered this afternoon to Gov. Asbert in the town of Santa Maria Del Rosario, a short distance south of Havana in the vicinity of which he had been hiding. He was brought here and placed in jail to await the action of the civil court.

Acevedo said that four days ago he was requested to go to a certain place in the vicinity of Guanabacoa, where he met a party of armed men, mostly negroes. He said they threatened him with death unless he promised to lead them in a movement against the government. Having exacted this promise, the party disappeared and Acevedo said he was so frightened that he took to the woods for the purpose of hiding from them. He said he had never been in the vicinity of Luyano, where Manuel Naranjo, a truck farmer, was murdered on Monday night by a band. The murderers were believed to have been Acevedo's followers. Ace-

redo protested his loyalty to the government and expressed himself as greatly relieved at being assured of protection against the alleged revolutionists whom he met near Guanabacoa.
Apparently he is in the last stages of tuberculosis and there is little doubt that he is deranged. The government regards him as not being responsible for his actions.
