

Mercury Up to 101. At 2:30 o'clock Tuesday afternoon the government thermometer in Norfolk registered 101 1/2, making it one of the hottest days of the summer. A breeze made the heat more endurable. It was a terribly oppressive night in Norfolk, despite the fact that the highest temperature recorded for the twenty-four hours was 98. Lack of the slightest sort of breeze, together with excessive humidity, made it one of the most distressing nights of the summer. People perspired and drank water all day long and a good share of the night, trying to keep cool. The weather was hard on grown people as well as children. There is considerable illness in the city as a result of the heat.

Bullets Whiz After a Negro. Four or five bullets were sent whizzing after a negro from Officer O'Brien's revolver last night, in a police chase which would have furnished exciting material for a reel of moving picture films. The negro was finally brought to bay and jailed. Officer O'Brien said he thought one bullet had struck the colored gentleman in the thigh, but the prisoner denied the charge. Stealing \$6 was the allegation placed against the negro, who is employed at the Northwestern eating house. Another negro was the accused. But when the alleged thief had been made captive, the accused had disappeared, so the prisoner was turned loose and has gone back to work.

Stolen Trunk is Recovered. Nebraska City, Neb., Aug. 17.—A trunk containing jewelry said to be valued at \$8,000, checked to this city by Will Kortland, salesman for an Omaha firm, July 31, which disappeared from the depot here, was found on the high school grounds yesterday. It had lain in plain sight of hundreds who pass there every day since it was taken from the depot. It had apparently been abandoned by the thieves without being opened. It will be sent to Omaha today and there opened.

6,000 REGISTER FOR LAND. First Day's Registration in North Dakota Land Drawing. Minot, N. D., Aug. 15.—Approximately 6,000 persons entered their names in the first day's registration for land in the drawing of 160,000 acres in the Barthold Indian reservation. Last night at 10:30 o'clock Minot led with 2,421. Plaza recorded 356, Ryder 280, and Garrison 206.

BODY IS CUT IN TWO. Young Man Killed at Sioux Falls May Have Lain Dow on Track. Sioux Falls, S. D., Aug. 15.—At an early hour the body of Edward King, aged 22 or 23 years, cut in half just below the chest, was found on the main line of the Omaha railroad track in the northeastern portion of the city. A partially filled bottle of chloroform found nearby indicates that he may have stupefied himself with the liquid and then lain down on the track with suicidal intent, or in his stupefied condition had attempted to board an Omaha passenger train, which left here shortly after 10 o'clock for the Twin cities, with the intention of returning to Garrettsville, where for a short time he had been employed. His home was at Fort Worth, Tex.

In Row Over Aero Flight. Fremont, Neb., Aug. 15.—Aviator Walsh's failure both Friday and Saturday to give a satisfactory flight at the driving park disgusted the committee and caused it to take such drastic action that legal proceedings are threatened. Chairman Wolz on Saturday evening following Walsh's little exhibition flight off into a cornfield when he failed to return, told the manager of the man-band that Fremont was through with him and officially called off the program that had been arranged for Sunday afternoon. Walsh's manager promptly announced that he would combat any such drastic measures and arranged to give a free exhibition. The free exhibition was pulled off late Sunday afternoon before a crowd of several hundred people and proved somewhat better than either of the previous two, which were pronounced by the local committee and hundreds of spectators to have been rank failures. Efforts to make a financial settlement with Walsh have been in progress. The committee has paid him \$250. It refuses to give any more, being intent upon saving the balance of the receipts to apply to a free exhibition of flying later in the season, as a means of recompensing the many people who were disappointed with this one.

Committee Was Deceived. Chairman Wolz of the committee declared this morning that he and the other members had been badly fooled by Walsh's advance agent. They were given to understand that Walsh was a noted aviator who was on his way to the international meet at Chicago and that he would be available to Fremont only through the incident of his finding a few spare days on his hands while enroute across the country from California to Chicago. Mr. Wolz and others of the committee believed that they had heard of Aviator Walsh. Now they are inclined to think that it was A. L. Walsh, who has just broken a world's record in the Chicago meet. They have noted that Aviator Walsh seems to be making no effort to reach Chicago in order to participate in the \$100,000 prize meet there.

Saturday Flight a Poor One. Walsh made one flight Saturday afternoon, going up to a height of perhaps fifty feet and soaring off to the north. He was visible for perhaps half a mile to those who were at the park. Then he disappeared. The crowd waited for an hour or more and then commenced to disperse. It was believed the aviator would come back to the park, but he did not do it. It

was learned that he had landed in a cornfield and was unable to arise again. Farmer Captures Biplane. Because he alighted with his machine in a cornfield after the brief flight he made Saturday afternoon, Aviator Charles Walsh became involved in a suit for damages in district court today. Arthur Johnson, owner of the field, wants \$100 for the corn he alleges Walsh's machine ruined. The suit is against the Pacific Aviation company, which manages Walsh's flights. At Johnson's request Judge Hollenbeck issued a writ of attachment against the biplane and the artificial bird is now held in captivity by Deputy Sheriff Condit. The suit opens a new and rather unique field of litigation. It is probably the first of its kind. It was said late this afternoon that Manager Manning would make a settlement with Mr. Johnson, paying the damages. He is anxious to get away with Walsh, who has an engagement to fly in South Dakota, so it is claimed.

SOUTH DAKOTA AT A GLANCE. Express companies are vigorously protesting against the recent tax assessments. Rain marred the celebration in connection with the dedication of the Elks' new home at Mitchell. James E. Matuska, the town marshal of Tabor, was arrested and fined for speeding in an auto without a license. There is talk of building an electric line from Valentine, Neb., to Fairfax, and from there to Sioux City, via Orchard, Neb.

A tornado at Colome carried Caleb Schmidt and a five-horse team 160 rods through the air. Schmidt is in a serious condition. The final hearing in the South Dakota rate case has been set for Aug. 22. Judge Willard of Minneapolis will conduct the hearing. Ralph Burnette, Theodore Vauler and Vyle Smith, three lads who live in Aberdeen, were arrested at Peever on a charge of horse stealing. St. Martin's academy at Sturgis is being enlarged to accommodate the unusually large number of students who have applied for admission. Lightning struck the Cargill elevator at Dell Rapids and it was burned off the ground. The loss was about \$1,000.

Towns in the Black Hills are making a howl because the railroad companies refuse to make rates to tourists visiting the resorts of that region. Geo. T. White of Watertown made the best amateur score at the big shooting tournament in Omaha. His record was 145 out of a possible 150. B. E. Adkins, who recently purchased a large share of the stock in the Farmers State bank at Artesian, has been elected president of the institution. Two boys at Hurley, who robbed John Mikkelsen just for fun, may find it no joke. They will be prosecuted and may have difficulty in proving the humorous intent of their stunt. John Wadden, a wealthy Madison banker who died last week, left sums of money to a number of Catholic institutions, including the sisters' school at Aberdeen. The town of LaBeau is dissolving after one of the gamest struggles for existence ever put up by a western town. The houses are being moved to Moberg.

Hail has done some damage to crops near Ipswich. A new schoolhouse to cost \$8,000 is to be built at Timber Lake. Several bands of horse thieves have been operating in different parts of the state. The corner stone of the new court house at Highmore was laid with great ceremony. The United Milling Co. will resume operations in their plant at Sioux Falls about Sept. 15. James E. Chase, one of the best known residents of the northern part of the state, is dead. Two thousand one hundred applicants took the teachers' examinations in the various counties last month. The state board of equalization has raised the tax valuation of much property in various parts of the state. The matter of establishing a cemetery at Corsica is being agitated. The town has none at the present time. Representatives of the commercial clubs of the state will meet at Huron on Sept. 13 for the purpose of forming a state federation. Rapid City is making plans to increase its water supply. The additional water will be brought through wood pipes for a distance of about five and one-half miles. E. C. Westnarby, night operator for the Milwaukee road at Morrilton, was attacked while on duty by an insane man. The man was captured and found to be Louis Shrebert of Portage, Wis.

The grand commandery of Knights Templar of South Dakota has closed a successful three-day conclave at Chamberlain. John S. Vetter of Aberdeen was elected grand commander. One thousand four hundred dollars worth of cream is being sent out of Presho every week. Over 1,000 tons of wild hay will be exported and the corn crop will be unusually large. A new Catholic school will be opened at Watertown Sept. 4. Fred McDonald of Sioux Falls was fined \$15 for swearing at a woman. Petitions have been filed for the location of two more artesian wells near Pierre. Prairie fires near Aberdeen burned out three homesteads before it was put under control. The wool season at Belle Fourche closed with a total clipping of 1,920,000 pounds, 160,999 pounds more than last year. The Milwaukee has been given until March 1 to move its stock yards at Mitchell. They are too close to a residence district. The 5-year-old daughter of Mr. and Mrs. H. L. Parker of Hot Springs swallowed an inch and a half fencing sta-

ple. Physicians in attendance recovered Beulah Binford was not called before the jury as a witness. Neither was Paul Beattie, cousin of the accused man, who says he purchased the gun with which Mrs. Beattie is supposed to have been killed, at the instance of the latter's husband. The indictment covers broadly all degrees of homicide from murder in the first degree to manslaughter.

Many Unusual Features. The history of the crime with which Henry Clay Beattie, Jr., has been charged contains many features of unusual interest. The accused, who is now about 25 years of age, is the son of Henry Clay Beattie, sr., a well-to-do business man of this city. Young Beattie received a fair education and, at an early age, began to indulge in a fast and reckless life. About four years ago he became acquainted with Beulah Binford, a handsome girl, who, at that time, was not quite 14. Her child was adopted by Mrs. Mary Trout of Richmond, but it died in July of last year. Young Beattie induced Beulah Binford to go to Raleigh, N. C., where she promised to remain, so as not to interfere with Beattie's marriage plans. More to please his father, upon whom he depended for a living, young Beattie about two years ago married Miss Louise Owen, the pretty daughter of a resident of Dover, Del. The marriage was not happy. A few months ago Beattie met the Binford girl by accident at a baseball game at Norfolk, and she was easily induced to return to Richmond. Beattie and the girl met frequently. Beattie's father learned of the affair and is said to have threatened his son with the withdrawal of his support. In the second week of July last year Mrs. Beattie, with her baby, went to visit her uncle, Thomas A. Owen, within a mile of South Richmond. She was to return home on July 19. On the evening of July 18 young Beattie came to Mr. Owen's house in his automobile to take his wife out for a ride. They left, driving along the Midlothian pike. About 11 o'clock that night Beattie returned to Mr. Owen's house in his auto, steering with one hand, while he has holding his wife's lifeless body with the other.

His Story Not Believed. Beattie said that his wife had been shot and killed with a shotgun by a tall man with a long beard, who had held them up, while they were driving along the Midlothian pike. The case called for an investigation by the coroner and after a long and quite sensational hearing the coroner's jury gave the verdict that Mrs. Beattie had been shot and killed with a shotgun in the hands of her husband, Henry Clay Beattie, Jr. The latter was arrested and lodged in the Henrico county jail, where he spent his time unconcernedly. The Binford girl was arrested as a possible accomplice. Since his imprisonment Beattie stuck to his original story, but his position became serious when Paul Beattie, a poor relative of the accused, confessed that he had bought for the prisoner the shotgun with which the murder had been committed. The state has succeeded in forging a strong chain of circumstantial evidence against Beattie.

A BRYAN GRANDDAUGHTER. William J. Bryan, Jr., is Father of a Little Girl. Lincoln, Aug. 15.—A baby girl weighing eight and one-fourth pounds was born to William J. Bryan, Jr., and wife at Fairview Sunday evening at the residence of Mr. Bryan's father. Both mother and child are doing well. Mrs. Bryan is the daughter of Alexander Berger, a Milwaukee grain dealer.

For Keya Paha Road. Springfield, Neb., Aug. 16.—Saturday was red letter day in Keya Paha county, when more than 1,000 citizens gathered here to attend a railroad meeting and chicken barbecue. One-half of the subscription necessary to secure a railroad from Bassett to Springfield was raised and the balance is but a matter of a few days. The island of Keya Paha will soon be attached to the main land. The people here have long needed railroad facilities and as this is the first real opportunity to get a road they are giving liberally to the project, as much as \$3,000 being subscribed by single individuals.

POLICE BILLIES OF PAPER. Those Made of Wood Break Too Easily When Used. Lynn, Mass., Aug. 15.—An order has been placed by the Lynn police department for thirty-six policemen's "billies" made of hard rolled paper. It has been found that wooden sticks, formerly used, broke at times when violently whacked over the heads of disturbers of the peace. It is hoped the paper clubs will have sufficient strength to cope with any condition of affairs that may arise.

ENGLISH THE WINNER. Joplin, Mo., Aug. 16.—Clarence English of Omaha, was given the newspaper decision over Pete Shagnassy of Oklahoma City, in a ten-round bout here.

DUEL IN CAFE. Son of Cuban President in Assassin Role. Havana, Aug. 15.—Miguel Gomez, a son of President Gomez, and Congressman Armandi Gomez, editor of El Dia, an anti-administration newspaper, the principals in a impromptu pistol duel, are under arrest. The exchange of bullets took place at the Cafe Cosmopolita, adjoining the Hotel Inglaterra, the most fashionable section of the city. Andres was at supper when the young man alighted from a palace coach and entered the cafe. Both men emptied their revolvers, but neither the principals nor spectators were wounded. Gomez was badly frightened when

taken to the police station and at first attempted to deny his identity. Then he declared he had no recollection of the shooting. Finally he broke down and weeping confessed, according to police, that he had attempted to assassinate Andres in revenge for the latter's editorial attacks on his father and himself. Andres is a bitter opponent politically of President Gomez and recently established the El Dia, which has since conducted an energetic campaign against the administration and also assailed personally the integrity of the chief executive. The paper has also made some slighting remarks concerning young Gomez, who recently returned from London where he was sent as special attaché to the Cuban legation and the coronation of King George. Recently the statement has been freely made that Miguel Gomez went heavily armed and that the editor's life was in danger.

Ready to Fly. Neligh, Neb., Aug. 16.—Special to The News: All arrangements have been completed and only weather conditions will prevent this city from having a most successful race meet and baseball tournament. All races will start promptly at 1:30 in the afternoon, and the ball game will follow one hour later. There are ten starters in the 2:18 pace and five in the 2:40 trot for this afternoon. A band stand has been built across the track from the main amphitheater, which will be far more convenient to the public as well as the musicians. William Blakely, the aviator, who will navigate the air each afternoon, says that the biplane is now in shape to make the first flight today. He says the past two days have been ideal for flights and only hopes for a reasonably calm afternoon, when he assures the people of Neligh that there is no hot air, nor misrepresentation in fulfilling his contract. There have been crowds of people during the past two days watching the wonderful machine being assembled.

Results in Madison County. Primary returns in Madison county were very slow coming in. An extremely light vote was cast. Indications at noon Wednesday were that Darlington had been nominated by the Madison county republicans for treasurer over Ruth by a majority of about 300.

Fitch is leading Davis for the republican nomination for commissioner in the Madison district and apparently has been nominated by a substantial margin. On the democratic side Taylor has a strong lead over Ostdiek for register of deeds. Stirk had a slight lead over Beiersdorf for the democratic nomination for treasurer at noon. Fifteen precincts out of twenty-five gave Darlington 519 and Ruth 229. Fifteen precincts gave Stirk 219 and Beiersdorf 199. Fourteen precincts gave Taylor 235 and Ostdiek 108. Seven precincts gave Fitch 156 and Davis 99.

Darlington in Lead. Darlington got the following votes: Shell Creek 87; Norfolk city 205; Meadow Grove 29; Warnerville 13; Tilden 15; North Deer Creek 4; Grove 3; Madison outside 24; Fairview 2; Madison, first ward, 33; Union 12; Madison, second ward, 59; Enola 4; Battle Creek 16. In the same order of precincts Ruth got: 121, 23, 17, 1, 12, 4, 4, 1, 2, 15, 1, 15, 2, 10—total 506 to 225.

Stirk-Beiersdorf Race. In the Stirk-Beiersdorf race, giving Stirk's name first, the vote by precincts already reported was: Madison, first ward, 19-10; Enola 2-5; Union 5-2; Madison, second ward, 14-15; Meadow Grove 11-3; Grove 0-1; Fairview 13-3; Madison, outside, 10-4; North Deer Creek 6-0; Norfolk city 27-17; Tilden 6-12—total 219-199.

Taylor Wins Over Ostdiek. In the Taylor-Ostdiek race, giving Taylor vote first, result was: Norfolk city 93-40; Battle Creek 64-4; Tilden 16-2; Union 1-5; Meadow Grove 10-4; Grove 1-0; Madison, outside, 6-11; Fairview 5-11; North Deer Creek 6-11; Madison, first ward, 5-24; Enola 15-3—total, 235-108.

Fitch Seems a Winner. In the Fitch-Davis race, giving Fitch vote first, the result was: Madison, first ward, 24-25; Enola 3-3; Madison, second ward, 35-37; Union 10-4; Madison, outside, 6-19; Kalamazoo 20-2; Newman Grove, a lead of 58 for Fitch—total, 156-99.

Family Down With Typhoid. Seven members of the family of Herman Loney, living three miles west of Niobrara, are down with typhoid fever, caused by drinking river water. Three other members have recovered sufficiently to be able to assist in the care of the now afflicted, and with a trained nurse in supervision, are getting along very nicely.

CITY AN ARMED CAMP. Three Thousand Soldiers in City of Liverpool. London, Aug. 16.—Liverpool, the storm center of the strike which is menacing the trade of Great Britain, is under arms. In addition to her own police and reinforcements from the surrounding cities, 3,000 troops of infantry and cavalry under Gen. MacKinnon Wood were quartered in the city. These troops, as was shown during the riots of the early morning, were prepared to back up the police with force of arms in maintaining order.

The riot in Great Homer street, while not directly connected with the strike, has had a good effect in its outcome, as the rowdy element was subdued. The trouble began when a constable arrested a man for having assaulted a woman. Roughs rescued the prisoner from the officer, and police reserves, who were hurriedly called, could not control the mob, which vented its fury in wrecking the

shops of the neighborhood. Then 200 troops were brought to the scene. The soldiers were at once made targets of bricks, bottles and other missiles hurled from roofs and windows of nearby buildings. Several soldiers and police received shocking wounds. A bayonet charge was ordered and after this failed to clear the streets an order to fire into the air was given. Two volleys were discharged over the heads of the rioters with great moral effect. A number of the rioters were wounded by bayonet charges, but none was hit by bullets. Many of the rioters were arrested.

Joseph Kohler Dead. Ewing, Neb., Aug. 16.—Special to The News: Joseph Kohler, an old and highly respected citizen of Ewing, passed away at 9:30 Monday evening after five or six months of the most intense suffering. Mr. Kohler was attacked about a year ago with cancer of the face, which gradually developed into a malignant form, from which, despite the efforts of all medical skill, finally proved fatal. The deceased was born in Bergen Switzerland, seventy-six years ago. About thirty years ago he settled in southeastern Holt county, where he continued to live until his removal to Ewing in 1909, at which time he also disposed of his farm. Mr. Kohler leaves a wife and one daughter, Mrs. Mary Thiele, to mourn his loss, two other children having preceded him to the other shore. The deceased was a good citizen, honorable and upright, his dealings with his fellow man always being on the square. His funeral took place yesterday afternoon at 4 o'clock, his remains being followed to the Ewing cemetery by a large number of his friends and fellow citizens.

Richard Harrison. Beemer, Neb., Aug. 16.—Special to The News: Richard Harrison, an old time resident of this vicinity, died Monday night and will be buried Saturday. His wife died six months ago. Mr. Harrison was the head of a large and prominent family in this community.

Norfolk 13, Winside 12. In a slamfest, filled with errors, Norfolk beat Winside at baseball Tuesday, 13 to 12. The feature of the game was a home run by Watson in the eighth inning, which netted the winning score.

Two More Cups for Golf Play. Two more golf cups have been put up for play at the Country club. S. M. Braden has announced a president's cup which will be given to the first club member making the local course in bogey—forty-one strokes. The directors have put up a handicap cup for tournament play, the name of each season's winner to be engraved on the cup going permanently to any player who wins for three seasons in succession. Directors' Cup Matches. The following handicap matches will constitute the first round for the directors' cup and this round must be played off on or before Wednesday, August 23: G. H. Burton vs. Colegrove. Reynolds vs. Killian. Cabaniss vs. Huntington. Braden vs. South, jr. Mayer vs. Zuelow. South, sr. vs. bye. C. B. Salter vs. J. B. Maylard. D. Mathewson vs. C. J. Fleming. Beels vs. Reid. Chambers vs. Hall. Witznigan vs. Baum. Delaney vs. Hazen. Durland vs. bye. Davenport vs. bye. E. F. Huse vs. Weatherly. G. B. Salter vs. P. H. Salter. C. S. Parker vs. Rev. Edwin Booth. Burnham vs. Thew. Logan vs. Stafford. N. A. Huse vs. Kingsley. Brush vs. bye. Thompson vs. bye. Thorpe vs. bye. All match Gow vs. Erskine. Hight vs. bye. J. S. Mathewson vs. Butterfield. McKinney vs. Zut. Degner vs. Klesau. Christoph vs. Utter. Haase vs. bye. Carter vs. bye. The handicaps will be figured just as they were in the Burton cup tournament. A player's five lowest scores of the season will be averaged as a basis for the handicap. The difference between this average and bogey will be the handicap. Three-fourths of the handicap will be allowed and the games will be match play. All match results must be reported to Chairman George B. Christoph of the golf committee.

Four Cups Now Up. This makes four cups now to be played for—the Burton cup, the third round of which is now being played; the directors' cup, in which the first round will start immediately; the president's cup for the first bogey score; and the Sol G. Mayer cup, the rules of which have not been announced but which will undoubtedly be offered in an open tour without handicaps.

Taft at Ocean Grove. Washington, Aug. 15.—President Taft left Washington today for Ocean Grove, N. J., to address the camp meeting association.

TUESDAY TOPICS. Misses Hazel and Marie Forbes of Bonesteel are visiting with the families of Dr. H. J. Cole and C. C. Gow. The funeral of D. P. O'Brien will be held Wednesday morning at the Church of the Sacred Heart, at 9 o'clock. A party of Norfolk golf enthusiasts are planning to motor to Omaha Wednesday evening to watch Thursday's play at the trans-Mississippi tournament. Donald Hardy has gone to Blissfield, Mich., to accept a position with the Sugar factory at that place of which S. H. McClary, formerly of Norfolk, is

superintendent. The best crop there is said to be the largest in many years. Dr. and Mrs. H. Salter have issued invitations for a reception to be given for Dr. Salter's parents, Mr. and Mrs. G. B. Salter, on Saturday, August 26, the occasion being the golden wedding anniversary of the guests of honor. S. M. Rosenthal shows his faith in Norfolk by improvements which he has made to his property. Besides improving his residence to the extent of several hundred dollars, Mr. Rosenthal has released the Rudat building for another five years and has invested a considerable sum in new fixtures. The Norfolk Chemical and Oil Works on the first anniversary of their locating in Norfolk announce plans to increase their equipment within the near future. They are planning to do their own compounding and to add other features to their plant. Although this factory has been in Norfolk only a year, they have developed an enormous business and are doing four times as much as they had expected at this time, Mr. Wasson says. The chautauqua this year, although it did not net as large receipts as some smaller town chautauquas, was the smallest financial success of any Norfolk chautauqua yet held. Each year the receipts have increased. Gov. Glenn is regarded as the strongest number on this year's program, which closed Sunday night with an interesting address by Hattie Moore Mitchell. Norfolk is still discussing the pleasing prelude of Sunday rendered by the Beethoven trio—Miss Marian Gow, violinist; Miss Ruth Beebe, cellist; and Mrs. Dick, pianist; assisted by Miss Marie Forbes, soprano, of Bonesteel, who is visiting in the city and whose voice is considered very fine.

NO AMERICAN CARDINAL. Pope Pius Thinks This Country Entitled to Only One. Rome, Aug. 15.—The physicians found Pope Pius X. changed only little, but gradual improvement was perceptible. His temperature was slightly below that of the night, during which it was 98.7. The weather was cooler and the patient was more cheerful. The pontiff sat up again and Dr. Petacci and Dr. Marchefava suggested that he remain longer in his arm chair, as they thought this position helped to restore his strength. After seeing Cardinal Merry Del Val, the papal secretary of state, and Monsignor Bialek, major domo of the Vatican, the pope asked for Cardinal De Lai, secretary of the consistorial congregation, with whom he wished to discuss several questions relating to the church in America. The reports from the United States that Archbishop James Edward Quigley of Chicago, had been elevated to the cardinalate are stated to be wholly unfounded. The pope, it is asserted, has never considered holding a consistory for such a purpose. It is generally known that because of this year's celebrations of the jubilee of Italian unity, a consistory would not be held before December at the earliest, while it is more likely to be held next year. At that time, although there are twenty-one vacancies in the cardinalate, it is believed that no American will receive a red hat, the pontiff adhering to his opinion that that country should have not more than one cardinal during the life of Cardinal Gibbons.

STRIKE SPREADING. London, Aug. 15.—The strike fever has become epidemic in Great Britain. From one end of the country to the other men either have struck or are threatening to do so, and even the women and girls in the smaller factories of the large cities are demanding better conditions of labor. At the docks only a portion of the men returned to work and a good deal of uneasiness prevailed as many of the men refused to accept the settlement arranged by their leaders. The same description fits the situation at the railway stations, where many of the porters and carters are demanding greater concessions than had been agreed on.

Oiled Streets Ruin Gowns. F. G. Coryell has received the following letter from M. Inhelder, president of the Pierce State bank at Pierce, regarding that city's experience with oiled streets. In reply to a letter addressed to him by Mr. Coryell: "Pierce, Neb., Aug. 14.—F. G. Coryell—Dear Sir: The oiled streets are all right except the nuisance that it sticks to your shoes and to the ladies' dresses, and the stuff is carried into the house and ruins rugs and carpets. "Yours truly, "M. Inhelder."

Order of Hearing of Final Account. In the matter of the estate of William Hazel, deceased, in the county court of Madison county, Nebraska. Now on the 15th day of August, 1911, came Amelia Hazel, the executrix of said estate, and prays for leave to render an account as such executrix. It is therefore ordered that the 11th day of September, 1911, at 1 o'clock p. m. at my office in Madison, Nebraska, be fixed as the time and place for examining and allowing such account. And the heirs of said deceased, and all persons interested in said estate, are required to appear at the time and place so designated, and show cause, if such exists, why said account should not be allowed. It is further ordered that said Amelia Hazel, executrix, give notice to all persons interested in said estate by causing a copy of this order to be published in the Norfolk Weekly News-Journal, a newspaper printed and in general circulation in said county for three weeks prior to the day set for said hearing. In testimony whereof I have hereunto set my hand and affixed my official seal this 15th day of August, A. D. 1911. Wm. Bates, County Judge. (Seal)
