

Latta Not So Well.

Rochester, Minn., Aug. 26.—Congressman J. P. Latta did not have as good a day as he has experienced since his operation Wednesday morning, he having suffered more pain as the result of gases collecting, and he seemed more weary. He rested little and passed an uncomfortable night. While this is not so favorable, owing to the age of the patient and the necessary wear on his vitality, there is no occasion for alarm tonight or any apprehension. His chances for recovery still remain very bright.

More Rain on Rosebud.

Dallas, Aug. 26.—Special to The News: This section of the country, Tripp and Gregory counties, have been visited by rains for the past two days, making a total rainfall for the summer of about fifteen inches. Corn is looking fine and all indications point to a good crop.

Rain at Niobrara.

Niobrara, Neb., Aug. 26.—Special to The News: Good showers of rain visited this vicinity late yesterday afternoon and evening. These rains help the late pastures.

This Pullet a Live One.

Emerson, Neb., Aug. 26.—Mrs. H. L. Beardsley, living near Emerson, is the proud possessor of a Rhode Island Red pullet that certainly does not believe in race suicide. This industrious young fowl, hatched January 21, 1911, began laying July 10. After laying every day for about two weeks she manifested a desire to set. She was given a setting of eggs, and August 17 hatched out a brood of eleven downy chicks, being herself not quite seven months old.

Contractors Not Here.

Contractors who have the job for the construction of the proposed new Union Pacific depot did not arrive in the city as they stated in their letter to the Norfolk Commercial club. Local Agent C. W. Landers looked for the contractors' arrival yesterday and cannot explain their non-arrival. "We had a telegram this week saying that everything was settled for the new depot," says Mr. Landers, "but further than the letter written to the Commercial club by the contractors and the last telegram I know nothing regarding the new depot."

Agent Landers is already being besieged by applications for work. One carpenter, one grading outfit, a foreman of brick work and other laborers have applied.

NEW HEAD OF G. A. R.

Judge Harvey Trimble of Princeton, Ill., Elected Commander in Chief. Rochester, N. Y., Aug. 26.—Judge Harvey Trimble of Princeton, Ill., was elected commander in chief of the Grand Army of the Republic. The Sons of Veterans auxiliary elected the following officers: President, Mrs. Flora Whitney, Wakefield, Mass.; vice president, Mrs. Addie M. Haskins, Long Beach, Cal.; treasurer, Miss Frances Fox, Rochester, N. Y.; chaplain, Mrs. Libbey Meis, Philadelphia; inspector, Mrs. Martha Stevens, Lyndonville, Vt.; installing and inspecting officer, Carrie J. Boutwell, Concord, N. H.; patriotic instructor, Mrs. Pearl Willis, Franklin, Ind.; national press correspondent, Miss Jennie Thole, Dwight, Ill.; convention stenographer, Miss Addie Wallace, Indianapolis, Ind.

New Grain Begins Moving.

Duluth, Aug. 26.—New grain is beginning to move in, 103 cars having been received at Duluth yesterday. The demand for tonnage on the lake, however, will be light for the next few weeks. The middle or end of October is believed to be the time for the general movement. November shipments will be very heavy. Stocks of wheat at Duluth at the end of last week were 192,321 bushels against 1,869,308 at the same date last year. Other grains were 508,140.

Army Veterans Want Land.

Minot, S. D., Aug. 26.—Veterans of the civil, Spanish, and Philippine wars are registering for land at the opening of the Berthold Indian reservation in large numbers. Citizens of Minot are receiving hundreds of letters from veterans in the east asking them to register under a power of attorney. So many requests of this nature have been received that Judge Witten today held that all persons of ordinary intelligence, whether married or single, are allowed to register for land. The total registration up to last night was 12,283.

IN RACE FOR CONGRESS.

Judge Frank McNulty of Aberdeen Seeks Nomination. Aberdeen, S. D., Aug. 26.—The Aberdeen Daily News announces the candidacy of Judge Frank McNulty of the Fifth judicial district for the republican nomination for congress from the Second district, at the June primaries in 1912. He is 37 years of age, a graduate of the law department of the University of Minnesota. He practiced at Sisseton, S. D., until the fall of 1909, when he was appointed judge of the Fifth judicial district by Gov. Vessey when Circuit Judge James H. McCoy was made a member of the state supreme court. He has been identified with the insurgent faction in South Dakota. His home is in Aberdeen.

WANT A NEW TRIAL.

Modern Woodmen Ask Rehearing on the Bryant Insurance Case. Madison, Neb., Aug. 25.—Special to The News: The Modern Woodmen of America have commenced suit in the district court of Madison county, against Hannah Street, nee Bryant, alleging in its petition that on August 10, 1907, defendant, then Hannah Bryant, commenced action against the plaintiff for \$2,000 upon a benefit cer-

ificate issued by the plaintiff insuring the life of Elard E. Bryant, her husband, that on November 29, 1910, as a result of a trial before Judge A. A. Welch, a verdict was rendered against the plaintiff herein; that immediately thereafter the plaintiff filed a petition for a new trial and requested official Court Reporter W. H. Powers to transcribe shorthand notes taken at the trial; that on December 29, 1910, a motion for a new trial was overruled; that owing to pressure of work of an unusual character and kind the court reporter, W. H. Powers, after the lapse of eighty days from the final adjournment of the court, failed to provide the plaintiff with a complete transcript of the trial notes, at which time the motion for new trial was passed upon, trial had and judgment rendered.

Plaintiff alleges that one of the issues upon which plaintiff relies to reverse the judgment is that there is not sufficient evidence to sustain a verdict of the jury, and that the question cannot be considered in the supreme court without the bill of exceptions, and by reason thereof plaintiff is denied its right of appeal. The plaintiff further alleges that the evidence in the trial disclosed that the said defendant had a meritorious defense in that the said Elard E. Bryant had misrepresented the condition of his health and that he had an incurable disease at the time he became a member of the order.

Prayer of the petition is that verdict and judgment be set aside and a new trial granted upon the issues raised in the original pleadings and for a restraining order preventing enforcement during pendency of petition.

TIDE TURNS FOR WILEY.

He Wrests Victory From Defeat in the Eleventh Hour. Duluth, Minn., Aug. 25.—Arrival of reinforcements in the last hour gave the so-called Wiley delegation in annual convention of state and national pure food department victory. Lucius Brown of Nashville was elected president and H. E. Barnard of Indianapolis vice president of the organization over candidates of the delegation that have taken the side of Secretary Wilson in the late agriculture clash.

The pendulum swung to the side of the so-called Wiley men in the convention with the arrival of Food Commissioner Strode of Ohio. He brought four votes and a declared admiration for the national chemist. This practically assured Mr. Brown's election following the admission of his supporters that they expected defeat by a small margin.

The remainder of the ticket was elected as follows: Second vice president—C. H. Billings, Alabama (Wilson); Third vice president—Joel G. Wink, Jr., Minnesota (neutral); Secretary—W. M. Allen, North Carolina (Wiley); Treasurer—James Faust, Pennsylvania (unanimous); Executive committee—Edwin DeBarre, Oklahoma (Wilson); S. J. Crumrine, Kansas (Wiley); Charles D. Woods, Maine (Wiley).

Seattle will entertain the convention in 1912.

Steamer Reported Lost.

Detroit, Aug. 25.—A special to the Journal from Midland, Ont., says the steamer C. C. Martin of Midland with a crew of ten was probably lost in the storm on Georgian bay Monday night. The barge Albatross in tow of the Martin sank during the storm but her crew reached the lighthouse at the mouth of the French river last night in a boat. Nothing has been heard from the Martin.

A School for Orphans.

Detroit, Aug. 25.—The question of establishing an industrial school for the orphans as well as children of living members of the order, is the principal matter which the annual convention of the Loyal Order of Moose is considering at its session today. The newly elected officers were installed today and unless the large amount of routine business makes it necessary to hold a meeting Saturday morning, the convention will end tonight.

CONTRADICT CONFESION.

Defense in New York Trial Would Disprove "Third Degree" Statement. New York, Aug. 25.—Most of the important evidence of the prosecution was in when the trial of Paul Geidel for the murder of William Jackson continued today. The district attorney expected to finish his case in time to permit the defense to open this afternoon. The sworn statements of three witnesses who say Geidel confessed the crime in all its details will be contradicted by the defense. Two of these witnesses were policemen and the other Geidel's roommate, Patrick McGrane.

Eagles Adjourn.

San Francisco, Aug. 25.—Delegates to the grand aerie, Fraternal Order of Eagles, held two sessions today and cleared up the business of the meeting of 1911.

Fisher in a Storm.

Cordova, Alaska, Aug. 25.—Secretary of Interior Fisher and his party were caught in a terrific storm that was sweeping over Controller Bay and made a landing at Pete Peak at the

mouth of the Bering river. It is believed that they are camping there, although they may have decided to walk over the hills to Katala, five miles away.

Entertain for Wycoffs.

Madison, Neb., Aug. 25.—Special to The News: The ladies of the P. E. O. sisterhood entertained their husbands at the home of Mayor Fred H. Davis, in honor of Mr. and Mrs. George R. Wycoff, there being present sixteen couples. The evening was devoted to progressive high-five, after which a dainty lunch was served by the sisterhood. Mrs. Judge Foster, on behalf of the ladies, presented Mrs. Wycoff with a P. E. O. spoon, and on behalf of her husbands, R. G. Mossman presented Mr. Wycoff with some realistic photographs of rural life in Arkansas, their future home, which was the occasion of much merriment.

Rosebud Crop Conditions.

Colome, S. D., Aug. 25.—Special to The News: Colome is coming to the front as the Tripp county town that is going to do things. The Von Sogern Bros. and Tackett elevator is almost completed and will be receiving grain in a few days. Nye-Schneider-Powder Co. are just beginning work on their elevator and coal sheds. There is another prospective elevator, though work has not yet begun on it. Every one remarks that the Colome depot is the most up-to-date on the Bonesteel line. All the merchants are enjoying a good trade. Crops are good and everyone is correspondingly happy. Farmers often remark that their corn will make thirty-five and forty bushels per acre. Small grain did not do very well, but one man near here threshed seventy acres of wheat that averaged eleven bushels per acre.

There are some buyers of real estate in the county and they all seem pleased to find this part of the county in such a thriving condition.

Notices have been posted for an election on the question of water works and there is little doubt that they will carry.

SOUTH DAKOTA AT A GLANCE.

The town of Murdo has begun an extensive advertising campaign. The state association of pharmacists is holding its twenty-sixth annual convention at Huron.

The third annual fair of McCook county will be held at Spencer Sept. 6, 7 and 8.

Rev. W. F. Minty, pastor of the Methodist Episcopal church at Ethan, died suddenly of heart disease.

All the boy scouts of South Dakota will be encamped at the state fair on Sept. 13 and 14.

The Black Hills Baptist association held its twenty-second annual meeting at Rapid City with a large attendance. J. P. Beebe, a representative in the lower house of legislature from Brule county, died at a hospital in Kimball.

Yankton boosters are taking up the project of a golf to Winnipeg automobile road, which was started in Nebraska.

The system of dispatching trains by telephone will be in operation on all the Northwestern lines in the state by Sept. 1.

Tribe is brewing because the Northwestern road forgot to list for assessment its line between Rapid City and Washta.

The republican primary organization at Huron will hold a meeting on Sept. 12 to start a boom for Robert M. LaFollette for president.

Lieut. Edward J. Moran, who has been appointed by the government to instruct the South Dakota militia, has reported for duty at Pierre.

Public baths are to be established at Deadwood by making use of the hot water pools surrounding the plant of the power and light company.

Judge Loomis S. Cull, candidate for the republican nomination for governor, has announced himself as favoring the Richards district primary bill.

A large force of workmen is rapidly getting the state fair grounds into shape for the fair, which takes place in the week of Sept. 11 at Huron.

Oiled Streets Bad.

"Oiled roads are very good for country roads, but they are not proving a success in the cities or on the streets of any town."

This is the statement brought to Norfolk by a Norfolk citizen who has just returned from Columbus, where he declared the main street is oiled and is proving a nuisance. Hotel keepers declare that the floors of the hotels are being ruined on this account.

Fred G. Gettinger, a prominent traveling salesman, declares that at Lorraine, Ia., the streets have been oiled only a short time and already many suits of clothes have been ruined.

"The smell of the oil when the sun is beating down upon it is sickening," says Mr. Gettinger. "The oil at Lorraine has been down only two weeks and there are many kids against it."

Her Rings Come Back.

After being the victim of thieves in the Fremont station, Miss Emma Heckman of this city is congratulating herself upon the safe and mysterious return of two diamond rings which were stolen from her while she stood for a moment in the ladies' rest room at the Fremont railway station.

Miss Heckman, after losing the rings, came back to Norfolk and later went to South Dakota, where she visited with her sister. Upon her return to Norfolk she found her rings waiting for her at her home. The station agent at Fremont was given a mysterious package shortly after the theft and, on opening it, found the rings.

10,000 In Parade.

Detroit, Aug. 24.—The principal session of the convention of the Order of the Moose was scheduled for today and the selection of the 1912 convention city was also on the program. A dozen resolutions and a number of amendments are now before the convention. Kansas City, Denver, Los

Angeles and Seattle conducted vigorous numerous convention campaigns on the streets yesterday. While it was generally believed yesterday that Kansas City or Denver would secure the 1912 meeting, the delegations from the other two cities refused to concede the honor until the vote was taken. A large amount of money was spent on the question of the next convention. Each lodge represented in last night's parade is to receive a set of moving picture films taken of the procession in which close to 10,000 Moose participated.

TOO MANY CARELESS FIRES.

Cut Out That Element and Cost of Flame Would Be Much Reduced. Milwaukee, Wis., Aug. 24.—"In this day of conservation there is no line of endeavor along the lines of preservation that can be more profitably pursued than that of the prevention of fires and the cutting down of losses caused by them," said C. A. Palmer, insurance commissioner of Michigan, in addressing the national convention of insurance commissioners today on "Fire Prevention."

If carelessness could be eliminated entirely as a cause of fire he had no doubt that the prospective \$300,000,000 of property loss from fire for the present year would be materially reduced.

NICARAGUAN PRESIDENT OUT.

Report Says Diaz has Left Country to Join Estrada. New Orleans, Aug. 24.—An unconfirmed report reached here today from Bluefields that President Adolfo Diaz had relinquished the presidency of Nicaragua to his minister of war, Gen. Louisa Menz. Diaz is said to have left Managua, the capital for Bluefields, where he expected to meet former President Juan Estrada.

Foresters Select Place. Detroit, Mich., Aug. 24.—The 1913 convention place of the Foresters of America was the feature of today's meeting at the annual convention here of the order. Much interest is also taken in a report scheduled for presentation to the convention by the committee appointed to investigate the advisability of the erection of a sanatorium by the lodge where members of the order could be treated free. The installation of the newly elected officers takes place Friday.

Holt County Candidates. O'Neill, Neb., Aug. 24.—Special to The News: The following were nominated at Holt county primaries: Republicans—Clerk, H. B. Burch, clerk of court, C. E. Hall; treasurer, J. M. Hunter; sheriff, Henry D. Grady; superintendent, Minnie B. Miller; surveyor, M. F. Norton; coroner, E. T. Wilson; supervisors, T. D. Selvers, J. O. Hubbert, Floyd Wolf.

Democrats—Clerk, S. F. McNichols; clerk of court, John A. Harmon; treasurer, M. R. Sullivan; sheriff, John Nelson; superintendent, Minnie B. Miller; surveyor, M. F. Norton; coroner, P. J. Flynn; supervisors, T. D. Selvers, Anton Prussa, H. W. Tomlinson.

"Coffee John" Free Again. Colome, S. D., Aug. 24.—Special to The News: "Coffee John," who was arrested some time ago on the charge of selling liquor to Indians, has appeared on the streets here again. It seems there was no evidence to convict him of the charge. At the time of his arrest it was said he was wanted in Iowa for an old crime but it now appears he is not the John Bowen wanted at all. Iowa officers were here to identify him but failed to do so and he was released.

BEEF PRICES ADVANCED.

Increase of Three Cents on Kansas City Market. Kansas City, Mo., Aug. 24.—An increase in the price of beef which packers predicted would result from the summer drought has arrived. The wholesale price of the best grades of beef here has jumped 3 cents in the last six days.

Norfolk Wins From Winside.

Norfolk, 3; Winside, 2. With the score 2 to 1 in favor of Winside in the ninth inning, South for Norfolk three-sacked and was brought home to tie the score by Hoffman, who reached first on Ramsey's error. Bovee hit and brought Hoffman home, winning the game.

This all happened in the last of the ninth inning in yesterday's fast game with Winside on the driving park diamond, and although the attendance was poor the game was so exciting from start to finish that the noise of the few fans equaled that of a 400 crowd.

Bovee pitched a "no hit" game until the eighth inning, when Pomeroy singled. Pomeroy singled again in the ninth and Simon followed with the same kind, making three hits in the two innings—two by the same man. This, however, ended the hitting on Winside's list. Fox, the "spit ball" artist who has given the fans an ugly taste with his exhibitions with the slippery elm, pitched a fine game. But seven hits were taken from him, starting with a three-bagger by Koplin in the second inning. This hit looked like a home run, but Koplin reached third easily and on Durkee's error he stumbled a few times and reached the home slab safely. Pomeroy played a good game in the catcher's box and proved to be Winside's heaviest hitter. Fox struck out eleven men.

Something to a "near" rag chewing match was started in the fourth inning when Winside delayed the game by threatening to quit. Krahn had hit safely and South was struck out. Koplin sacrificed but beat out the slow one to first, where he was called out by Umpire Davenport. Koplin, according to rules had possession of the line, but Ramsey stood directly on the bag. Koplin waved his arms and

Ramsey was slow in throwing home. Krahn, having touched the plate for a score fair and square. Winside quit immediately, declaring Koplin had interfered with Ramsey. Norfolk lost no time in making satisfactory arrangements with Manager Simon, who agreed to let Krahn bat to third and Koplin get another chance at bat.

This, however, did not help Norfolk. Koplin flew out to Simon, who in a spectacular long throw doubled Krahn out to Durkee.

Some League Ball.

From that time on the game was anybody's and both teams buckled down to real league playing. In the seventh Winside tied the score and threatened to score more, but between Bovee and Hoffman Norfolk pulled out of a bad hole. In the eighth Winside filed the bases two times and two times the fast work of Hoffman, Koplin, Watson and Bovee pulled things back to rights. In the first of the ninth Winside hit twice and on an error they scored. The fans were wild in their rooting when Norfolk went to bat for the last time. The end was an exciting one. South struck at Fox's spit ball twice and missed it. The third time he connected and the ball narrowly missed the "box of cigars" sign and rolled into the tall grass for a three-bagger. Winside threw far but South was safe on third. Koplin, who was imported from Pilger, was looked for to bring South home from third, and although he lost no time in connecting, the ball went high in the air and Pomeroy took it in. Watson, who had been playing an errorless game on first, allowed Wynkoop, on the "bench," to take his place at bat, but Fox threw him out with a "spit-ter." With two down the fans looked down in the mouth, but Hoffman connected and Ramsey fumbled. South came home and Hoffman held first, stealing second a moment later.

The score was tied and when Bovee went to bat there were many cheers for the ex-Norfolk boy who is a possible sheriff of Pierce county. Bovee connected hard and the ball slipped through Welsh on second and Hoffman came home with the winning score.

Norfolk goes to Winside for a game Friday. Ex-Capt. Glissman was one of the strongest rooters for the Norfolk team and was one of the most excited in the sensational finish.

Summary—Three-base hits: South, Koplin. Stolen bases: Krahn, Hoffman, Pratt, Simon. Sacrifice hits: Cross (2) Fox, Hoffman (2), Krahn, South. Bases on balls: O'F Bovee, 11. Struck out: By Bovee, 3; by Fox, 11. Left on bases: Norfolk, 3; Winside, 6. Umpire, Davenport, Norfolk. Time, 2 hours.

Masons Banquet at Burke.

Burke, S. D., Aug. 24.—Special to The News: The biggest event in the history of Masonry in this part of South Dakota, was pulled off by Burke lodge No. 148. E. S. Sanderson, the biggest Mason in the entire Rosebud country, if not the biggest Mason in the state, was raised to the sublime degree of a Master Mason. Mr. Sanderson stands six feet two in his stocking feet and tips the beam at 260 pounds. Mr. Sanderson is proprietor of Hotel Sanderson of this place and is a "big" favorite among the commercial men who make this territory, who all take great delight in calling him "Slim."

About ten days ago the local lodge sent out invitations to all the lodges in the Rosebud country, inviting all who could be to present at the conferring of the third degree upon Mr. Sanderson. As a result nearly one hundred visiting Masons were present to witness or assist in the work. After conferring the degree a banquet was served in the Dion opera house at which over one hundred Masons were seated at one table. The table was set in the shape of a square and made a very striking effect. At the conclusion of the banquet A. E. Kull, as toastmaster, introduced the following speakers: Dr. E. B. Bradley, Burke; Hon. Mart Coffman, Dallas; Opie Chambers, Dallas; Col. George Custer, Herrick; Rev. Mr. Crowder, Herrick; Joy M. Hackler, Gregory; E. O. Patterson, Dallas; Rev. Mr. Ferguson, Gregory; W. H. Harvey, Dallas; Prof. J. M. Woods, Burke; Hon. George A. Jafferis, Dallas, and Hon. J. R. Cash of Bonesteel.

Many of the old time Masons present declared it their belief that the entertainment prepared by the Burke lodge was the best of its kind ever attempted in a town of the size of Burke. One visitor who has sat in lodges in twenty-three different states declared that it was the finest thing of its kind that he had ever attended.

EXPECT 30,000 IN LAND RUSH.

Judge Witten Estimates That Number for Berthold Reservation. Minot, N. D., Aug. 24.—The total registration for land in the Fort Berthold Indian reservation up to yesterday is 10,899. Judge Witten, who is

in charge of the registration, estimates that 30,000 will register before the close.

MAKES LAST GIFT.

Philanthropist Pearsons Has Given Away \$7,000,000. Chicago, Aug. 24.—Dr. D. P. Pearsons, philanthropist, who has contributed a fortune of \$7,000,000 in benefactions, has made his last gift. He gave the town of Hinsdale, a suburb, his residence and five acres of ground, valued at \$35,000, for library purposes. With the bestowal of the residence and grounds to be maintained as a public library, art gallery and park, Dr. Pearsons accomplished what he long had planned, the distribution of all his wealth for the benefit of humanity.

NO TRACE OF PICTURE.

Disappearance of Painting a Deep Mystery. Paris, Aug. 24.—Louis Lepine, the prefect of police, frankly admits complete mystification in regard to the disappearance from the Louvre of Leonardo Da Vinci's most famous work, known generally as "Mona Lisa," but popularly called by the French "La Joconde." It was a priceless art treasure.

Up to this afternoon not a trace of the picture or the thief had been found. It is generally conceded that even a full person would have perceived the impossibility of selling a work so well known and accordingly psychological explanations of the strange case are sought.

The attendants at the salon Carre, where the painting had the place of honor for five years now, tell of having wondered at the rapt and longing regard given the portrait by a young man who during recent weeks frequently visited the Louvre. His appearance suggested that he was of a northern race. He was blonde and had blue eyes. He would gaze strangely at the dark Italian beauty as though intrahled with her "divine smile."

STRONG FOR WILEY.

Telegram Goes to Taft, Telling of Dairy Men's Sympathies. Duluth, Minn., Aug. 24.—A long telegram expressing confidence in Dr. H. W. Wiley and promising support of his official acts, which was to have been sent to Washington last night, was held up for further signatures and will be sent to President Taft today by the Wiley delegates to the fifteenth annual convention of the Association of State and National Food and Dairy departments now being held here.

Both sides of the convention have prepared a list of candidates for election today. The Wilson men, it is believed, have large majority lined up for their ticket, while the Wiley men say that by virtue of an agreement made at the New Orleans convention, Lucius P. Brown of Tennessee, the Wiley slate leader at this convention, is assured of practically a unanimous vote. Dr. W. P. Cutler of Missouri is the Wilson man for president. A report of the committee revising the constitution will be submitted to the convention today.

The subordinate and the assistants are left ex-officio members of the national association, but are deprived of their right to vote or hold office.
