CHINESE REBELS CAPTURE FU CHOW

ANOTHER IMPORTANT CITY GOES OVER TO REVOLUTION.

A SPECTACULAR PIRATE RAID

Bandits Make Sensational Attack on Food Supply Boats, Massacring the Entire Crew on One Ship—American Cruiser Albany Reaches Amoy.

Pekin, (4 p. m.)—Nov. 9.—The excitement is growing tonight. Residents of the city are taking in great quantities of rice and other stores. Fifteen hundred infantry and cavalry from the Manchu first division, which fled from Chang after the assassination of Gen. Wu Lu Cheng arrived here today and entered the city. The legations consider that all hope for the Manchu dynasty has vanished.

Amoy, China, Nov. 9.—The Fu Chow is today in the hands of the revolutionists. After taking the city, the revolutionists have wiped out the entire Manchu. The foreign settlements have not been disturbed, but fires have broken out in several sections of the native city, threatening its destruction.

Fu Chow is one of the most important cities in the south, having a population of 700,000. It is the seat of a naval arsenal, government shipyard, a mint, a school of navigation and a large drydock.

The situation is quiet today, but a serious state of affairs is threatened owing to the scarcity of provisions. Most of the city's supply junks were captured by pirates in a spectacular raid yesterday, the entire crew of one ship being massacred.

The American cruiser Albany arrived here today, together with a Japanese destroyer. A revolt of troops in the village of Anhai, fifty miles north of this city, is causing trouble there. The soldiers have burned the magistrate's yamen and the provincial customs house.

CANTON JOINS REBELLION

Largest City in China Lowers Dragon Flag, Salutes New Government.

Hong Kong, Nov. 9.—Canton, the capital of Kwang Tung province, and the largest city in China, formally declared its independence at noon today, when the dragon flag was lowered and a salute in honor of the new government was fired.

TWO GENERALS MURDERED.

Condition Bordering on Anarchy Ex- ists at Chang Sha, in Hunan.

Chang Sha, Province of Hunan, China, Nov. 1.—Via Shanghai, Nov. 9.—A condition bordering on anarchy exists here owing to the desperate rivalry of the revolutionary leaders who took possession of the city a few days ago. The two most prominent republican chieftains, Generals Chiao and Tseng, were both murdered by soldiers today. They had been very jealous of each other's positions, and their quarrels had been taken up by their followers.

In an effort to control the situation Tan Yuanan, the republican governor, has been proclaimed dictator. But he is a scholar and not a leader, and is reported as anxious to avoid the responsibility. His family has left Chang Sha, and some of the members of the provincial cabinet, including the head of the customs and the foreign minister, have fled. Rioting and indiscriminate fighting are feared, and the people are streaming into the country districts.

Foreign women and children have been ordered to leave Chang Sha, and an order has been sent to Chang Te. Other cities in this province have also joined the revolt, but in all of them the government has remained in control.

Expect Battle at Tien Tsin.

London, Nov. 9.—A dispatch from Tien Tsin says that the revolutionists this morning posted manifestos throughout the city declaring their intention of securing Tien Tsin today. They called on all sympathizers to wear the white arm band of the revolutionary movement. The victory is still obstinate. The French consul endeavored without success to persuade him to leave his yamen, which he has surrounded with his guards. It is feared that desperate fighting will occur at this point. The latest advices from Peking say that the situation is quiet there. Refugees are still pouring in the gates. A cablegram from Niu Chwang, the chief port of Manchuria, predicts an uprising in Mukden shortly.

Nanking, Nov. 9.—The Manchus and revolutionists rested on their arms today. The loyal troops still hold Purple Mountain, the city's stronghold. The besiegers are awaiting ammunition from Shanghai. In yesterday's fighting the revolutionists lost 1,000 killed and wounded. The Manchus were strongly entrenched and had six 3-inch guns and ample ammunition. Toward night the invaders who had attacked prematurely, ran short of powder and though desultory fighting continued throughout the night little damage was done on either side. The imperialists are being rapidly reinforced. Today they totalled approximately 35,000 men.

CONDITION OF THE WEATHER

Maximum54
Minimum34
Average44
Barometer29.40

Chicago, Nov. 9.—The bulletin issued by the Chicago station of the United States weather bureau gives the forecast for Nebraska as follows: Unsettled weather with rain or snow tonight; snow Friday; much colder to-night and in the south portion Friday.

Opposing them are about 6,000 Manchus, strongly entrenched and well equipped. The outcome depends largely on the loyalty of the Manchus, who are disheartened because of the attitude of the government at Peking. Foreigners are safe. Women and children have left the threatened districts and the Americans have found protection in the consulate grounds. The marines and blue jackets have been landed from the United States cruiser, New Orleans.

Tain Tsin, Nov. 9.—All was quiet here at 3 o'clock this afternoon. The city has not yet gone over to the revolutionists.

CITY OF HANKOW DESTROYED.

Fifty Million Dollars' Damage Done. Hundreds of Dead Bodies.

Hankow, Nov. 5, via Wu Hu, Nov. 9.—The city of Hankow has been destroyed by fire over two-thirds of its extent. The lowest estimate of the loss is \$50,000,000. Four hundred thousand persons are destitute. Hundreds of half-burned bodies lie among the ruins. Many of them are bodies of women and children. The customs house, the postoffice and the American missions have been spared. The city has been looted, the imperialists taking a hand in the pillage. Imperialist officers tried to check this work, and executed a number of the soldiers. Refugees were deprived of their loot on entering the British concession, cartloads of valuables, silks and jewelry being seized. It is suggested that the Red Cross receive the proceeds.

Chicago, Nov. 9.—Former State Representative Walter Lanz of La Grange, Ill., today testified before the Lorimer senatorial investigation committee that a former Springfield correspondent of the Chicago Tribune, John Corwin, now of Baltimore, came to him in 1909 and suggested the use of money to elect Robert W. MARY MANNERING TO QUIT

Actress Will Devote Her Time to Building Model Cottages.

New York, Nov. 9.—Mary Manning, who in private life is Mrs. Frederick E. Wadsworth, the wife of a Detroit millionaire, has decided to quit the stage and go into model house building.

She Has Come to the Conclusion that

she cannot be an actress and live an ideal domestic life. She may at times, however, consent to accept a short engagement in New York if some particular part "calls her."

"After all, domesticity is my best

role," she said yesterday at the Plaza. "I adore home—I am devotedly fond of my little daughter and also of Mr. Wadsworth's children, and it is exceedingly hard for me to be away from my husband as much of the time as a professional life demands."

"I have solved the problem—I must

work—for I never could be idle. My husband has acquiesced in my scheme of building model homes for working people upon a part of the land which was one of his wedding gifts to me. This land is in Grosse Point, about seven miles from Detroit.

"I have bought land adjoining my property, until now I have a big estate and have already erected nine model cottages, with an acre of ground around each, which I purpose to rent to well-to-do working people. The cottages have taken a lot of thought and planning, but it has been well worth while, for I believe my little start will be an incentive for a great movement that will sweep the entire United States."

Cincinnati, O., Nov. 9.—"We will go into this matter of ticket speculation thoroughly and the material that I have gathered will be revealed at the proper time and it will astonish the baseball world," said Ban B. Johnson, president of the American league, when he arrived here today to participate in a meeting of the national baseball commission. Besides Mr. Johnson, Thomas Lynch, president of the National league, and many leading baseball men were here to attend the meeting today.

Aside from ticket speculation, the commission will hear the appeals of the Eastern and American associations to be granted a higher classification in the national agreement. None of the members of the commission would say what action that body would take on the petitions. Many of the baseball men now here are stopping over on their way to attend the baseball meeting at San Antonio, Tex., on Nov. 19.

NEW YORK GARBAGE DRIVERS ON STRIKE

STRIKE IN STREET CLEANING DEPARTMENT RESULTS IN INCONVENIENCE.

New York, Nov. 9.—The drivers' strike in the street cleaning department began to make itself felt today when ashes and garbage accumulated in several hundred thousand households. Although the drivers quit work only last night, facilities for taking care of refuse in the average private house and apartment are so limited that if the strike continues for twenty-four hours it will cause inconvenience and longer than that may develop into a serious menace to health. Only a few of the 2,500 carts operated by the department went out this morning. The drivers struck because they did not like the new method of removing refuse at night. The men were called out after Mayor Gaynor had told the street cleaning commissioner to notify them that the city was not in the position of a private employer and that they could strike as soon as they saw fit. The strike is organized by the International Brotherhood of Teamsters.

AN ALLEGED BAD MAN.

J. G. Gregory, Said to be Ex-Convict, in Toils in Iowa.

Fremont, Neb., Nov. 9.—J. G. Gregory, alleged ex-convict, charged with having stolen a team of horses from a Colome, S. D., man named Brinkman, was arrested at Council Bluffs, according to word that came last evening to Sheriff Bauman, who tipped the Iowa officers to the fact that Gregory was in Council Bluffs.

It is said that Gregory took the

team from a farmer's barn near Colome, Oct. 3, and drove down through Kansas by a roundabout way to Council Bluffs. The authorities say he sold one of the horses on the way and had the other hidden at Omaha. Gregory, Sheriff Bauman says, is the man who shot and seriously wounded Deputy Sheriff Moss at Council Bluffs twenty years ago and then made the wounded man's son take him in a buggy the first lap of his flight. The gun man served a twenty-year sentence from which he was released last August.

No one was injured and no serious damage was done, the car proceeding on its journey a few minutes later. There is no clew to the perpetrators. Southern Pacific detectives are making a rigid investigation.

UNCLE SAM HAS NO CHIPS IN GAME

HE WILL NOT TAKE ANY STEPS TOWARD TURCO-ITALIAN INTERVENTION.

Washington, Nov. 9.—Report of an appeal made by Turkey to the American government for intervention at Tripoli resulted in the issuing of a statement by Youssouf Zia Pasha, the Turkish ambassador, declaring that Turkey had no wish that the United States should act as a mediator to end the Turco-Italian war.

"The call which the embassy made on the Washington government Nov. 4 had for its object to request the state department to intervene to bring about cessation of the atrocities committed by the enemy against women, children and the defenseless population of Tripoli," said the ambassador. "This appeal did not imply in any form whatever a request for mediation, as has been reported in some quarters."

Further official denials from the

Italian government of the rumored atrocities by Italian troops at Tripoli were given out during the day through the Italian embassy. Three cablegrams from the minister of foreign affairs, San Giuliano, were made public by Marquis Cusani Confalonieri, the ambassador. The first of these said: "I beg your excellency to deny in the most absolute and emphatic form the alleged Italian cruelties. The Arabs are the ones who are guilty of atrocities against our soldiers."

Another of the dispatches denies the statements heretofore made that Gen. Caneva had authorized the troops to shoot all Arabs suspected of having borne arms against the Italians. It was stated that many of the Arabs actually found with arms in their possession were deported instead of being shot.

Apparently the state department has decided to take no action upon the protest of the Turkish government, contenting itself with a bare acknowledgment of the receipt of the protest and more closely watching developments. The department officials are firm in their conviction that the issue between Turkey and Italy is one that concerns European powers alone.

Cut Off Water Supply.

Tucson, Ariz., Nov. 9.—Striking railroad shopmen at Gila, Ariz., are facing a Southern Pacific order that all water be cut off from their homes and that they be forbidden to get drinking water from water cars, according to telegrams from W. E. Stewart, union labor official there for the Tucson branch of the federation of shopmen. According to the telegram the order already has gone into effect, causing a serious problem for the strikers to solve, as Gila is situated on the desert and the only two wells there are owned by the railroad and produce water unfit for domestic use. It is said the railroad for twenty years has followed the custom of carrying drinking water to Gila and allowing the residents there the free use of it.

CLAIM DEAN IS ELECTED

OMAHA WORLD-HERALD SAYS HE HAS BEATEN HAMER.

RAILWAY COMMISSION CLOSE

On the Face of Returns Received, Hamer, Democrat, Has a Lead, But Several Republican Counties Re- main to be Heard From.

Omaha, Nov. 9.—The World-Herald, democrat, this morning claims the election of James R. Dean, democrat, to the state supreme bench over Francis G. Hamer, republican. Hamer has run behind the rest of the republican state ticket and Dean leads the democratic ticket, and the World-Herald, with returns from 753 precincts outside Douglas county, comparing the vote of two years ago, estimates that he has won by more than 1,000 plurality.

The republican leaders maintain that their entire state ticket is elected. All the present judges of the supreme court are republicans. The race for railway commissioner is in doubt. Twenty-nine counties give Hamer, democrat, a lead of about 300 but several republican counties are to be heard from. Neither side claims more than a slender plurality.

DEDICATE MEMORIAL HALL TO LINCOLN

TWENTY SPECIAL TRAINS CARRY NOTABLE CITIZENS TO HOD- GENVILLE.

Hodgenville, Ky., Nov. 9.—Hundreds are already here and more are coming this morning for the dedication of the memorial hall to Abraham Lincoln. The great granite building completed; provided out of contributions of loyal Americans and endowed by them, occupies the site of the cabin in which Lincoln was born near the center of the Lincoln farm, the shrine today of the whole country.

Cut into one wall of the memorial hall are these words: "Here, over the log cabin where Abraham Lincoln was born, destined to preserve the union and free the slaves, a grateful people have dedicated this memorial to unity, peace and brotherhood among these states."

Within is the rude cabin of logs, the same that the newly wedded Lincoln and Nancy Hanks built when they took possession of the farm that today becomes a national park. Robert J. Collier, chairman of the executive committee of the Lincoln Farm association, has written Gov. Wilson formally notifying him that the memorial, costing \$112,000, has been erected and paid for and that a fund of some \$50,000 has been completed and invested in safe securities, the income to provide necessary maintenance. Gov. Wilson, who made public last night his reply, has accepted the trust in the name of the commonwealth, providing only that formal transfer await the action of his successor, Gov. McCreary, and the next legislature. Today President Taft received the memorial in the name of the nation. Veterans of both union and confederate armies, notables of state and nation, representatives of the army and other government departments, are here in numbers or coming and twenty special train are carrying people who have assembled in Louisville.

BISHOP MOORE IS SUED

Conference of Church Dignitaries Fails to Iron Out Trouble.

Topeka, Kan., Nov. 9.—The controversy between Bishop David H. Moore of Cincinnati, bishop of the Methodist Episcopal church, and Mrs. Carrie E. Cope, of Topeka, growing out of the formation by Mrs. Cope of an auxiliary of the national branch of the Women's Home Missionary society of the Methodist Episcopal church, reached a crisis yesterday afternoon when suit for \$50,000 damages against the bishop was filed by Mrs. Cope.

The suit follows recent charges made against Bishop Moore to the conference of the bishops by Mrs. Cope, alleging that Bishop Moore had libeled her in a letter he had written on the subject of a bequest of \$10,000 left to the Women's Home Mission society by Mrs. Fannie Murray, of Atchison county, Kan.

This suit was filed after a conference

of the four Methodist Episcopal bishops—Charles W. Smith, Portland, Ore.; James F. Berry, Buffalo, N. Y.; John J. Nuelsen, Omaha, and David H. Moore, Cincinnati, held here in the hope that the trouble between Mrs. Cope and Bishop Moore could be ironed out without creating further controversy in the church. The meeting was behind closed doors and many witnesses were heard, but no agreement was reached. The four church dignitaries left for Denver to look after church matters there.
