Denounces Federal Control. Washington, Jan. 17.-Governmen control of trusts, which he termed "plutocratic socialism," was denounced by Senator Reed of Missouri

at the banquet here of the American Meat Packers association. He declared such control would lead to "plutocratic socialism," that the only difference between the two was in the division of the profits between a few and all the people and that as between the two the common socialist "had the better of the argument."

"When you have established socialism for the few," he said, "you will have the other socialism, for the people will take control for their own benefit."
