THE NEW MECCA HALL

Have you been to the new Mecca Hall? If not, go some evening and see how really enjoyable an evening can be. The proprietors are to be congratulated upon the remodeling of the Mecca Hall and the installation of a cabaret. The hall proper has been redecorated, the floor refinished and the stage made over, while much new scenery has been painted for the use of plays. The cabaret is really a dream of a place. It bears a sort of grotto effect, stony appearing, low vaulted and cool. One enters either from the outside or from the inside. Refreshments are there and also song and musical entertainment. The New Mecca is SOME place and if you haven't been there you have really missed a treat.

CARD OF THANKS

We desire to express our sincere thanks to the many friends for their kindness shown us in the illness and death of our beloved husband and father; also for the beautiful floral offerings.

THE SOUP POT A MEANS OF ECONOMY

Since many of the protein-rich foods are among the most expensive of those in common use, it is especially important to make the fullest possible use of what is bought. Not all of the meat which we buy is suitable for use as such. The masses of fat which are trimmed off before cooking or are left on the platters may be saved, rendered, and used in cooking, while the bones, gristle, and other refuse parts find their best use in the soup pot, where the long slow cooking in water draws out the gelatin, fat and other nutritive material they contain. This stock, as the resulting liquid is called, may serve as the basis not only of a great variety of soups, but also of gravies and sauces, and may be used for cooking vegetables, rice, and similar foods. When it is used for soup, its flavor may be varied by adding various vegetables, such as carrots, onions, tomatoes, turnips, and celery. It may be thickened with flour, bread crumbs or okra. Boiled rice, barley, macaroni and other pastes and croutons (small pieces of stale bread fried a delicate brown in deep fat) may be put in to increase the food value of soup and vary its appearance and taste.

FACT AND COMMENT

Patience without push is not virtue, but a vice.

If, like the clouds, you save for a rainy day, you also will have a silver lining.

SINGLETON RECITAL

Friday night, July 6, a large audience in St. John's A. M. E. Church was most delightfully entertained by a group of young musicians of decided talent. The occasion was the recital of Mr. J. Andrew Singleton, tenor soloist. The program rendered by Mr. Singleton was a difficult one and well executed. It left no doubt in the minds of his hearers that he gained considerable experience by his training at Howard University. The group containing "Mammy," "O He' Carita" and "The Sunshine of Your Smile" was particularly good.

The success of Mr. Singleton's excellent program was due also to the assistance of his accompanist, Mrs. C. H. Singleton. Her playing at all times was of such a nature as to give confidence to the singers.

Miss Duvall, who assisted Mr. Singleton, as soprano soloist, and who is well known as one of the most promising singers among the local talent, was heard to good advantage in "Sing On," by Denza; and "Jean," by Burleigh.

The work of Mr. Clyde Leroy Glass, concert pianist, of Des Moines, was brilliant and proclaimed him as a coming artist of high rank. The numbers which seemed to be the most appreciated were the group containing "Deep River" by Coleridge-Taylor; "Gigue Bretonne," by Bachmann, and "Barcarolle" by Godard.

The program was a well-selected one throughout. Mr. Singleton's numbers included in addition to the group mentioned, three of Burleigh's: "The Young Warrior," "Almona" and "Her Eyes Twin Pools;" "Celeste Aida" by Verdi, and "Ah, Love But a Day," by Mrs. Beach. Mr. Glass's other numbers were "Scherzo in B Flat Minor" by Chopin; "Consolation" and "Erlking" by Liszt.

M'CLELLAN LECTURE RECITAL

An appreciative audience assembled in the parlors of Jacobs' Memorial Hall Wednesday night, when George Marion McClellan, of Louisville, Ky., gave readings from his prose and poetical works, "The Old Green Bottom Inn" and "The Pathway of Dreams." The interplay of humor and pathos in the two short stories, "John Henry," or "For Anison's Sake" and "The Death of Hannibal," a famous race horse, delighted his audience as did also his poetical selections from the "Pathway of Dreams." The program was varied by musical numbers consisting of a duet by the Misses Bentley and Bradley; solos by Mrs. Silas Johnson, Miss McCleary and Mrs. Dewey Allen and two numbers by the Western University quartette, composed of Messrs. Richard Allen, Harold Bentley, Hubert Glover and Thomas Roulette. The accompanists were Miss Logan, Miss Mattie Childs and Mrs. Irene Gardner. This very pleasant entertainment was given under the auspices of the Woman's Auxiliary of St. Philip's Episcopal Church.

Kansas and Oklahoma Oil Fields Amaze the World

The nation depends upon Oklahoma and Kansas for its high grade oil from which gasoline and other light oils are refined. Oklahoma is producing over one-third (1-3) of the crude oil from which gasoline is made in the United States. If the Kansas and Oklahoma oil fields were to suddenly shut down, one-half of the automobiles in the United States would have to stop running. The great automobile industry is, in a way, dependent upon Oklahoma oil fields. OKLAHOMA is producing almost twice as much oil as all of the states east of the Mississippi River—more than Pennsylvania, Ohio, New York, West Virginia, Indiana, Illinois, Kentucky, Tennessee and Louisiana combined. Considering the above facts, is it strange that OKLAHOMA & KANSAS OIL MEANS MILLIONS, or that hundreds of Oklahoma oil companies are making fortunes for their shareholders? The wonder of it never ceases. Almost every day you read of men, or groups of men, or companies selling their holdings for millions of dollars. Recently the report was published of the McMann Oil Company, which sold out part of its production to the Magnolia Oil Company for the vast sum of \$35,000,000. Just a few days ago the press and oil journals reported the sale of the B. B. Jones property in the Oklahoma field for \$7,000,000. A fortnight ago the Hill Oil and Gas Company sold their holdings in Oklahoma oil fields to the Cosden Oil and Gas Company for \$12,000,000.

The Farmers Oil and Gas Company has holdings in these wonderful producing oil fields. It is now selling 400 square feet lots, giving a title in fee simple, guaranteeing the title forever, to the purchaser of the said deed. These lots are selling now at ten dollars and will soon be doubled in price, due to the newly discovered oil wells around this property. You better get down to the ground floor and invest AT ONCE! There is no telling what a hundred dollars invested in the Farmers Oil and Gas Company will do for you.
