> The students of America of all races have set themselves to the task of raising \$1,000,000 for the relief of men in the prison camps abroad and for the work of the Y. M. C. A. and Y. W. C. A. for the troops at home. This Student Friendship Fund is to supplement the great \$35,000,000 fund to be raised by the War Work Council.

Colored students everywhere will welcome this opportunity to assist a movement that is doing so much for Negro soldiers in this and other lands. Already five Colored college men have been sent to work with Indian and Negro troops in British East Africa. Still others are to be sent in the near future. A full association staff of five workers will be provided for each of the National Army cantonments.
