PHILIP'S DEPARTMENT STORE

4935-37-39 South 24th Street, South Side

The Fastest Growing Store in Omaha.

Where there's success there's satisfaction for customers, is the way our customers speak about this store.

We are away from the high floor rents, expensive credit departments, delivery charges and other large overhead costs of doing business. That is why we grow. Our patrons get here more goods for less money, or better goods for the same money.

Now more than ever before the people of South Omaha are convinced that here is a business institution where they rely upon the reputation of the store, its advantages that enables us to offer unequalled values in all our departments.

Having known and been in the employ of Thomas Falconer, the plumber for the past eighteen years, I desire to urge our people to vote for him for city commissioner at the coming primaries. Making Bulgarian Milk.

The milk of the Bulgarians, well known all over the world for its superior nutritive quality, is made by exposing it to the sun, the rapid development of the germs under the action of the ultra violet rays being such that when it becomes dry they are in highly concentrated form.

TELLS OF WOMAN'S WORK IN THE WAR

The woman's committee of the council of national defense, its creation and its purposes and a complete outline of its activities form the initial chapter of one of the first books on women in war work written by an American woman. The author, Mrs. Ida Clyde Clarke, a magazine editor of New York, has named her book "American Women and the World War." She tells all about the state organizations for war work and the activities of the war relief organizations. The book is full of live interest. It contains, besides dry facts and figures, much of the human interest which has centered about the work of American women in the great war.

LITTLE GIRL IN MAIL

It Took 25 Cents' Worth of Stamps to Send Her Home.

Opal Davis, the little daughter of Mr. and Mrs. Ora Davis of Brownstone, Ind., was mailed home recently. The girl, who is about seven years of age, had gone to Clear Spring to visit relatives. When it was time for her to catch the train it was learned that it was snowbound. The roads were in such condition that no one wished to drive her through. The result was that her aunt decided to send the child by mail.

Opal was taken to the post office at Clear Spring and found to be within the weight limit of the first zone. It took 25 cents' worth of stamps to mail her with her clothing, and she made the trip to this place with Gilbert Ball, rural mail carrier. After the post office had taken due note of her arrival and saw that the stamps had been properly cancelled she was permitted to go home.
