RETIRES AFTER TEACHING NEARLY HALF CENTURY

New York.—Miss Maritach Lyons has retired after teaching in the public schools here for 47 years.

Commander of Army Students

Lieutenant Russell Smith Detailed for Important Work at Howard University.

Washington, D. C.—Lieutenant Russell Smith has been detailed as commanding officer of the Washington Army Training Camp just opened on the Howard university grounds.

Lieutenant Smith is a native of Covington, Va., where he was reared and received a rudimentary education in the public schools. He enlisted in the 10th United States cavalry, and served with Troop B of that organization thirteen years. He saw foreign service with the gallant 10th cavalry in the Philippines and in Mexico. He attended the reserve officers' training camp at Fort Des Moines last year and was graduated, receiving a commission as first lieutenant. His most recent military service was at Camp Dix, where he served on a detail with the 153d depot brigade and with a field artillery regiment at that station. His commission and assignments have been earned by diligent and meritorious service.

The student army training camp at Howard is for the instruction of representatives of Colored colleges throughout the land, to the number of 500, who will be given intensive training in military science and tactics for a period of forty-seven days, after which they will return to their respective institutions to train others in the work which they have learned. Provision has been made for the formation of a student army corps which will be advantageous to the national army when the young men are eventually called to the colors. Many Colored schools are taking advantage of this training offered at Howard university.

CHARLES BIRD'S BODY INTERRED IN PRIVATE

The body of the late Charles Bird, husband of Mrs. Josephine Bird, 2425 Erskine street, was taken up Tuesday morning, July 30, and interred in a private lot in Forest Lawn cemetery.

The disinterment was witnessed by his wife, Rev. G. G. Logan, Misses Lillian Ellis, May White, Irene Stewart, Messrs. Bob Johnson, Charley Trimble, Lee Everett, Buddy King Sam Simmons and several white friends who were intimate friends of Charley Bird.

The new private lot is one of the most beautiful in the cemetery, overlooking the surrounding country, and commands a charming view of the meanderings of the Missouri river.

Soon a beautiful granite monument will be erected to mark his long, last resting place.

Many telegrams were received by the widow of the deceased from friends in various parts of the country.

BOOZE FOR CAMP MEETING CONCEALED IN MILK CANS

Wilmington, Del.—Following a chase of several miles over country roads late Saturday afternoon, State Detective McCoy, aided by Constables Tinsman and Whittington, arrested Thompson Empson, Sherman Oakley, Ernest Waples and Hattie Sliney, all Colored, with an automobile truck loaded with 31 quarts of whiskey concealed in milk cans. The truck was owned by a downstate milk shipper, who employed Oakley to operate it between Middleton and this city daily.

At police headquarters here the prisoners confessed to planning to deliver the "wet" goods to the camp meeting at Hamtown, near Middletown. They will be given a hearing before Magistrate Gillis on charges of violating the law in shipping or transporting intoxicating liquors from "wet" to "dry" territory.

PASSED CIVIL SERVICE EXAMINATION

Miss Minnie Givens, of 1154 North Twentieth street, who graduated in the class of 1917 from the Commercial High School, took the Civil Service examination in stenography and typewriting for field service August 5, and has received notification of having passed a successful examination.

FORMER MAYOR OF LINCOLN

Charles W. Bryan

CANDIDATE FOR GOVERNOR—OPPOSES PROFITEERING

Pledges unswerving loyalty to President Wilson in winning the war.

OLD AGE PENSIONS FOR WAGE WORKERS.

I favor state insurance against sickness and injury for all wage-earners and a plan of old age pensions for dependents. It is to the interest and the welfare of the state that our wage-earners be given the same care and protection that other governments are giving.

I favor the establishment of municipal public markets, municipal slaughter houses, municipal coal yards and municipal produce markets, when necessary to keep the cost of living down to a patriotic basis.

I favor municipal ownership of public utilities to protect the people who are compelled to patronize them.

I favor the development by the state of water power on our rivers and streams to give the people cheap light, cheap heat, cheap power, and to conserve the fuel supply and transportation of same.

I would enforce the state laws against monopoly in restraint of trade and urge the enactment of new legislation necessary to prevent profiteering.

I favor the conducting of the state government upon a business basis by cutting out unnecessary appropriations, reduce taxes, abolish unnecessary boards and commissions.

As governor I would appoint no profiteer to office.

As governor I would endeavor to promote unity among the people and to co-ordinate their efforts to increase food production, and support of all war activities.

I refer the people of Nebraska to my record as mayor of Lincoln in destroying monopoly control and reducing the cost of living, as a guarantee of my fidelity to the people's interests, if nominated, and elected governor of our state.

SOME OF THE THINGS ACCOMPLISHED BY MR. CHARLES W. BRYAN WHILE MAYOR OF LINCOLN

Led successful fight for commission form of government and thereby enabled Lincoln citizens to buy electric current from municipal light plant, saving in light and power bills about \$75,000 annually to the people.

Led successful fight against giving gas company fifty-nine year franchise, which also defeated compromise of refund due Lincoln people, saving to public of \$100,000.

Led fight that defeated the so-called home-rule charter, and preserved the right to the city of Lincoln to have municipal ownership of public utilities.

Required Lincoln Gas company to reduce price from \$1.20 to \$1.00 per thousand cubic feet, saving to gas consumers \$56,000 annually.

Successfully resisted a raise in street car rates to school children, saving about \$3,000 per year.

Secured from the express companies of Lincoln an extension of the free delivery zone to include practically the entire city.

Established a free municipal employment bureau to assist the laboring classes to find employment.

Established a free legal aid department, which settled more than six hundred cases for wage-workers unable to employ an attorney.

Extended city park to within walking distance of the laboring people of the city.

Many reforms and reorganizations in city government in the interest of efficiency and economy were enacted under the leadership or upon recommendation of former Mayor Bryan, as the files of Lincoln's daily newspapers will verify.

The Lincoln State Journal commented Mr. Bryan at the close of his term as follows: "He is one of the few mayors the city has ever had who could see what the municipal government ought to be and had the courage to carry out his ideals so far as he could with the machinery at his disposal. The record of things accomplished under somewhat adverse circumstances is impressive enough to hide the blunders. Mr. Bryan deserves something more than the perfunctory thanks of the city upon his retirement from office."
