Letters from Our Readers

HIGH TRIBUTE TO THE CHILDREN OF THE SUN

Editor of The Crusader, the New Race
Magazine, Congratulates Author
for His Wonderful Effort.

An appreciation that will find re-
sponse with readers.

New York, Oct. 17, 1918.

Mr. George Wells Parker,
Omaha, Nebraska.

Dear Mr. Parker:

Please accept my acknowledgements
—both for the autographed copy sent
to myself and for a copy addressed to
The Amsterdam News—of your
delightful and highly instructive work,
"The Children of the Sun." Though
not yet having time for a thorough
reading of the work I have in glance-
ing over it seen enough to know that
the work is of vast, yea, stupendous
importance to our race. You have
indeed given great time and labor to
the task and I doubt not that your
work will be of great value in awak-
ening our people to "a new pride and
glorious self-consciousness."

I shall review the work in our De-
cember number. I would like to see it
in the hands of every Negro man,
woman and child. I shall make every
effort possible to get it into the local
parochial schools and Sunday schools
as a work that will in some way off-
set the evil teachings of "Alien Edu-
cation." Please let me know whether
you have an agent in this locality. If
you have no agent here we will push
it from this office if you will advise
us on what terms we can do so.

I am also very interested in The
Hamitic League and its purposes as
set forth on one of the back pages
of your work. The purposes for
which the Hamitic League has been
formed match the purposes, in every
important particular, of a league
which I had proposed organizing be-
fore I heard of the Hamitic League.
This being the case I choose to throw
myself in with your body and am
sending herewith enclosed check for
one dollar as membership fee. I shall
be glad to do everything in my power
toward promoting and extending this
league.

I am very glad that you like The
Crusader. I thank you for the ex-
tended courtesy of quoting freely
from your work. As a matter of fact
we had an article in type, taken from
one of your series in The Monitor,
ready for the November number—out
in a day or two now—feeling that
you would have no objections so long
as proper credit was given.

Your researches in ancient Greek
history have brought about some in-
teresting results. While, personally
certain of the Negro origin of the
ancient Egyptians and Ethiopians and
aware of the glorious civilizations
erected in Central Africa by the
Songhai, Nupe and other empires, I
never for a moment suspected the
African origin of the Greek civiliza-
tion.

I have much to say on this inter-
esting subject, but must close now
as business presses. Hoping to hear
from you shortly and assuring you of
my hearty support for the Hamitic
League and "Children of the Sun," I
am, very cordially yours,
CYRIL V. BRIGGS.

Editorial Pleases Bishop Demby
Memphis, Tenn., Oct. 21.

My Dear Father Williams:

I want to thank you for your good
editorial of October 12. It came as
good news from the upper world, full
of inspiration. It means much to our
cause. I hope to make use of it ere
long, with your permission. I shall
begin with my actual duties on the
23d. Pray for me.

I am sure the issue of The Monitor
for the 12th cost considerable, and I
am sending you a small donation,
which I hope you will receive in the
spirit that I give it. If you have five
or six copies of the 12th send them to
me. Continue to send my paper to
Keeling, Tenn., until I otherwise
notify you.

May our blessed Lord always be
with you in all your endeavors, and
believe me to be faithfully and affec-
tionately yours,
E. THOMAS DEMBY.

Rector of All Saints Church Pleased
With Report.

St. Louis, Oct. 21.

My Dear Father Williams:

Your account of the consecration
services is more than one could
have expected. To take up one and a
half pages of a live weekly, which is
not a religious paper, with the de-
scription of a religious service shows
the estimate which you place upon re-
ligion in general and this event in
particular. I have sent several copies
away, some to the trenches, and am
distributing the others to others who
seem to be most interested. Of course
a copy will be placed in the archives
of the church, and I shall keep a copy
for my own personal pleasure in the
days that are to come.

Please accept my most sincere
thanks and hearty congratulations for
the masterly way in which you have

recorded this epochal event. May I
suggest that there may be a demand
for these papers when the ban is lift-
ed, and if you will be able to supply
any additional copies I should like to
know it as early as possible.

Faithfully yours,

D. R. CLARKE.
