EX-CONGRESSMAN MURRAY AN OMAHA VISITOR

Ex-Congressman George W. Murray of South Carolina, spoke at Grove Methodist Episcopal church last Friday night to a small, but appreciative audience, on "The Power of Impression." The speaker drove home some telling truths concerning race ideals which should be given wide publicity.

The speaker advocated in no mistaken terms the necessity for greater appreciation of racial capacity and ability. He voiced his dislike of the term "Negro" upon the ground that it is a term of reproach and contempt and is so used by the average American newspaper. He said we must throw off all relics, mental and physical, of slavery and stand on our feet as men. We as American citizens must insist upon our constitutional rights. He was introduced by H. J. Pinkett. Mr. Murray spoke along similar lines Sunday night at St. John's A. M. E. church.

While in the city he was the guest of his old friend, the Rev. S. L. Deas, pastor of Grove M. E. church.
