Never before in the history of the church have there been so many accessions as in this great movement—167. A remarkable record. The way in which men accepted Christ was phenomenal—three-fourths of the converts. A wonderful influence to wield! He preached to a packed house nightly. On Friday night the grateful audi-

ence placed upon the table within ten minutes, \$201. Following his farewell sermon the W. W. club entertained at an informal reception in the lecture room. Mr. Scott was entertained during his stay by former school mates, old and new friends.

Watch Us Grow!

Our Insurance Department is in charge of a young man just completing his course at Commercial High School. He has lived in Omaha the greater part of his life and has always been a straightforward young man. He was very active in his school work and a favorite among his classmates and the faculty. He is president of the Douglas Debating Society (Colored). We feel sure he has the best wishes of the public in this his first business venture.

Our President has been a resident of Omaha for the past seventeen years. He began work as waiter in the hotels and restaurants of Omaha, and being a man of pleasing personality and easily met, he made friends with men in all walks of life. His desire has always been to stand for something in the community in which he lives and as a result he began to acquire real estate. He now has accumulated quite a deal of real estate, which brings

him a good monthly income. Never being satisfied with working for the other man, he went into business for himself. He has been engaged in both restaurant and hotel business, but always leaned toward the real estate business which he has carried on in a small way for some years past.
