COLORED COMMUNITY SERVICE FUND

A fund is being raised for continuing the excellent work of the Lake street branch of community service, which is confined to work among our own people. Mr. Bullock and Miss Lucille LaCour, who are in charge of the activities are well qualified for the positions which they so acceptably fill and during their brief terms of service here have endeared themselves to the community. This work will have to be supported mainly by subscriptions of our own people. Generous contributions are needed and there ought not be any difficulty in raising the sum desired. Generous white friends of this important work will doubtless contribute toward it, but the bulk of the money ought to come from our own group. We have the ability to support any institution needed and it is high time we did so.

OFFICES FOR RENT IN KAFFIR BLOCK

Desirable offices can be rented in the Kaffir block, formerly the Warden hotel property at Sixteenth and Cuming streets. Heat, light and janitor service. Apply Kaffir Chemical Laboratories, Douglas 7074.

COLORED COMMERCIAL CLUB GIVEN MONEY

The Omaha Business Men's Association Raises Fund of \$7,500 to Finance Work for Year. Budget Provides for Salaried Officers and Assistants and Support of a Free Labor Bureau.

The Omaha Business Men's association has subscribed a fund of \$7,500 for the work of the Colored Commercial club. This money is to be used, according to a suggested budget submitted by Mr. S. S. Caldwell, chairman of their committee, in paying the salaries of a commissioner, an assistant commissioner, who is to be a woman, and a stenographer, and the general maintenance of the work, chief among which is to be a free labor bureau. This budget is to be used for financing the work as proposed for a year.

After some discussion and the asking of several questions by some members of the executive committee of the Colored Commercial club, who were anxious to know if there were any strings or compromising conditions attached to the donation, it was voted to accept the fund proffered and President Pryor was instructed to appoint a committee of five, of which he is to be the chairman, to find suitable persons for the proposed positions of commissioner and assistant commissioner.

A knock may be as good as a boost but most of us are foolish enough to prefer the boost. A good bishop does not always need to possess a big voice and a large waistline.
