### THE POLLYANNA

#### DANCING RECITAL

The pupils of the Pollyanna dancing school, Mrs. Lizzie Buford, teacher, gave their closing recital for the season Tuesday night at Columbia hall before a large and delightful audience. Lack of space forbids us to particularize. The children, appropriately costumed for their respective numbers, made a pretty sight indeed and danced artistically. Perhaps the prettiest feature was the "What a Pretty Doll Dance," by four little girls artistically dressed, two in pink and two in green, in the midst of which they liberated from a pretty bower the "doll" in the person of little Marjorie Edwards. The Russian dance by Miss Jones, and Salome by Miss Majors, were outstanding features in the dancing, while the solos by Teressa Lawrie Mitchell and Miss "Bobbie" Black were pleasing. All participants in the program did well and were heartily encored.

### THE BLOODY ATTACK

#### ON THE ABYSSINIAN PARADE IN CHICAGO

An Editorial From the Jewish Daily Forward, June 23, Translated for The Monitor by M. Wright.

We do not yet know all the details of the bloody occurrence between the colored and white in the "Abyssinian parade" in Chicago; but one thing is positive—that the American capitalistic press does not tell the truth about it. They are trying by such happenings to inflame the minds of the country against the liberty-demanding elements of the colored race. This press-the-yellow is trying to make the impression that the "hooligan" (meaning rowdy) attack on the Abyssinian parade was to protect the honor of the American flag against "Red Niggers" who tried to insult it; but, knowing from experience that such excuses have been always made for the past few years for all provocations by white "hooligans" against the colored people, we doubt that the motive as stated by the press is true.

The American press always tries to inflame the minds of its readers, first, against the foreign born and especially against the down-trodden

Negro, whose "idealistic" teachers of liberty and equality are condemned as enemies of the fatherland. A demonstration by "Niggers" or "Abyssinians" who do not want to live in slavery and are planning to emigrate to a place where they can feel free and independent is enough reason for an attack by gingeos and their helpers, the capitalistic press.
