## BEAUTIFUL HAIR AT EVERY AGE

"NELO" HAIR REQUISITE assures it. Rob the hair of its lustre and you rob it of half its beauty, its suppleness and its strength. When the natural oil which protects it is deficient, it must be supplemented, otherwise the hair will become dull, dry and brittle; it will split at the ends and prematurely fall out.

## BUSINESS PROGRESS AT NATIONAL CAPITAL

A New Group of Race Leaders Who Stress the Business and Industrial Side of Life—Desire Man in Treasury Department in Touch With Financial Interests.

### PEOPLE ARE AWAKENING

(By Charles E. Hall)

WASHINGTON, Nov. 17.—The incorporation last week of the Prudential bank, a commercial and savings institution with a capitalization of \$100,000, and the incorporation of the Standard Investment and Development company for \$150,000 gave the members of our group in the District of Columbia a total of nineteen recently organized corporations with an aggregate capitalization of \$2,880,000.

Included in this list is a hotel and apartment house proposition, two banks, a broom factory, two building and loan associations, a farming and merchandise company, a housing corporation, a life insurance company, a theatre corporation, a commercial company owning valuable property, an investment and development company that recently purchased eight stores for \$120,000 in the busiest part of the uptown section, a suburban pleasure park association, a motion picture corporation, several realty corporations whose recent purchases of large and centrally located apartment houses have greatly relieved the housing situation among our group, and several co-operative organizations that are conservatively investing the money received from the sale of stock to members of the race.

The great change among our people in the city of Washington will startle the politicians and office holders who will come into their own with the new administration, and unless they come here with something on their minds more important than the story of David's sojourn in the land of the Philistines, a scientific knowledge of how to win applause, or high-brow information on such subjects as the increase and diffusion of knowledge in regard to the nature and properties of atmospheric air in connection with the welfare of man, etc., their presence will be unnoticed in this community, unless, of course, their bank rolls permit them to become identified with some of the numerous business concerns. The day has passed when a register of the treasury, a recorder of deeds or a minister to Dahomey can impress the busy Washingtonian with his importance, and it is hoped that the new administration will bring with it a few colored men of affairs, rather than a bunch of pompous phrase-makers.

The business element would like to see one of our race appointed to a position in the United States treasury, whether as register or something else, that would fit him for the management of a big trust company or a surety bonding company upon his retirement from office. They want to see appointed a live wire man who will make a connection, while in office, with the big financiers of the country, and bring to the race the results of his contact, study and experience. The producers are tired of seeing big jobs that could, and should, be turned into assets for the entire race, thrown away on little men who do not realize the value of their opportunities, and whose chief contribution to the race is talk.

N. W. WARE, Attorney
