VENETIAN CARNIVAL AND FIREMEN'S BALL

Event at Auditorium Monday Night to Be One of the Most Unique Entertainments of Season—Record-Breaking Crowd Expected.

Lieutenant Edward Turner, who is the chairman of the committee of Hose Company No. 11, which is giving an entertainment and ball at the Auditorium next Monday night for the benefit of the Firemen's Relief Association, is most enthusiastic over the outlook for a record-breaking attendance. The advance sale of tickets has been large. Several unique features have been added to the entertainment which increases its popularity. A Venetian carnival, with many unusual attractions, is only one of many specialties. All the ladies will be, and the men ought to be, interested in the colored Kewpie dolls, of which there will be a large display. The music will be furnished by Clark's augmented orchestra. Cabaret entertainers will contribute special numbers. In fact, the Venetian carnival and firemen's ball will be the most unique entertainment of the season. Have you ever seen more than a thousand dancers on the floor at one time? If you do not care to dance, there will be ample room in the gallery for spectators. Everybody is going to this affair to help a worthy cause, and no one can afford to miss it.

Some one has started a rumor that this entertainment has been postponed. This is not true. It goes off on schedule time next Monday night in keeping with the advertisement carried elsewhere in this issue.
