PHYSICIAN and SURGEON  
  
I desire also to give notice hereby that I have now moved my office from 1324 N. 24th St. to my residence 2711 Lake St., Webster 6017. I will have in my new location a well equipped office with facilities for all surgical work. I most respectfully solicit the continued patronage of all those whom I have served in the old location. I shall be equipped especially for diseases of women.

To Mayor Dahlman and the City Commissioners:

Gentlemen:—You have promised and we believe sincerely, to make needed improvements in our growing city. You are aware that certain close in sections have been shamefully neglected, while outlying districts have been improved. Certain sections are poorly paved and poorly lighted while others are well-paved and well-lighted. The Monitor desires to call your attention to a prominent and growing business street which needs immediate improvement in the matter of lights. We refer to North Twenty-fourth street between Cuming and Lake streets. This district is most poorly lighted. It is occupied by a large number of small merchants and various business enterprises and an increasing number of larger and more pretentious business firms, representing in the aggregate heavy capitalization. These business people, even though they be modest are justly entitled to a better lighted street. It will not only improve the looks of the city, but will improve the business of these people who are contributing substantially to the commercial upbuilding of Omaha. The names of many of these firms appear on this page. All want a better lighted street and are heartily backing The Monitor in this request.

During your last administration North Twenty-fourth street was paved and this has increased traffic on this street. Now give us up to date lights and plenty of them.

The Monitor respectfully urges the City Commissioners to give us better lights in this section.
