LETTERS FROM OUR READERS

The Proposed Hospital
EDITOR MONITOR:
I understand that the Colored physicians have proposed, and a number of substantial citizens have endorsed the idea of a hospital operated and controlled by the colored citizens of Omaha.

All of us would like to see such a hospital in Omaha, and there seems to be no reason why we cannot have such an institution here.

There surely is no question about ability on the part of our citizenry either from a business or medical view-point. The colored people are financially able to build a hospital that will not only answer the need, but even go beyond and set a humanitarian example.

If the idea is advanced from the proper philanthropy of colored and other citizens will make it a realization. I do not believe the charity of Omaha's colored citizenry has ever failed a worthy cause, in fact, it seems to me their charity is a passion that halts only at the proven "impossible." If we could behold the money that has been the gift of our charity in this city, we would perhaps find it totaling a million of dollars. Much less than a half million dollars will build a hospital.

A hospital is an institution to help people to live and teach them how to live with health. No one could object to such an institution, and I think it true that no reasonable person ever has. Hospitals have served and saved so many millions of lives that they have come to be a part of christian civilization.

Our doctors say we need such a hospital. They speak from experience. They are some of our representative men. We, like any other class of people, must rely and depend upon what such men represent to us.

Aside from any reasons as given by the doctors it would be a proper and an advanced manifestation of race pride for an association of all the colored people in Omaha to own and control a hospital.

This would give our class a higher standing. It would cause us to produce and bring to the front a school of trained nurses. We would have the satisfaction of knowing some of our doctors as eminent specialists. A hospital staff composed of colored doctors and nurses would be a living advertisement calling attention to the all-important and oft neglected proposition of health.

I believe in a hospital controlled by colored people as I believe in any other private enterprise they may launch. Colored people have drug stores, and doctors' offices for the dispensing of medical services. Why may they not have a hospital?

Race pride properly appealed to and properly treated will build and maintain such a hospital ample in size and character. Of course it is not expected of race pride that it will support an "improper" enterprise,—or a "reputed" proper one that is improperly "established" or conducted.

I would like to see such a hospital presided over by our doctors with its doors open alike and equal to all people desiring and needing medical attention, operated and conducted in strict accordance with the Ethics which govern high characterized physicians in their practice.

Such a hospital will make for racial advancement and racial welfare because it is an institution of learning as well as a station for the relief of suffering humanity.

Homeless, Friendless, Penniless

Ten Boys Seek Shelter Today

At an average ten homeless waifs daily are turned away from OVERLOOK FARM, Father Flanagan's new home for homeless boys, because there is no room for them.

CHEAPER TO BUILD HOMES THAN JAILS FOR THEM

A building at Overlook Farm is necessary so that these homeless waifs may be given shelter and education—to make them assets instead of liabilities to the community—good citizens instead of criminals.

These boys learn farming and other trades. Overlook Farm, with its 160 acres of tillable soil and fine stock, is an ideal school for them. The new building will furnish them class rooms where various trades will be taught.

YOU HAVE 2 YEARS TO MAKE GOOD YOUR PLEDGE. FIRST PAYMENT IS NOT DUE UNTIL JUNE, 1922.

The drive starts Nov. 14 and will last one week. When the solicitor calls on you, sign one of the pledge cards. It will only take a small payment each six months.

BUY THE LOVE OF A HOMELESS WAIF. THE PRICE IS REASONABLE.

Sec. 1. Civil rights of persons. All persons within this state shall be entitled to a full and equal enjoyment of the accommodations, advantages, facilities and privileges of inns, restaurants, public conveyances, barber shops, theatres and other places of amusement; subject only to the conditions and limitations established by law and applicable alike to every person.

Sec. 2. Penalty for Violation of Preceding Section. Any person who shall violate the foregoing section by denying to any person, except for reasons of law applicable to all persons, the full enjoyment of any of the accommodations, advantages, facilities, or privileges enumerated in the foregoing section, or by aiding or inciting such denials, shall for each offense be deemed guilty of a misdemeanor, and be fined in any sum not less than twenty-five dollars, nor more than one hundred dollars, and pay the costs of the prosecution.

"The original act was held valid as to citizens; barber shops can not discriminate against persons on account of color. Messenger vs. State, 25 Nebr. page 677. N. W. 638."

"A restaurant keeper who refuses to serve a colored person with refreshments in a certain part of his restaurant, for no other reason than that he is colored, is civilly liable, though he offers to serve him by setting a table in a more private part of the house. Ferguson vs. Gies, 82 Mich. 358; N. W. 718."
