

# IMPORTANT INFORMATION

ONLY by good service and tasteful surroundings in any business can we hope to attract and satisfy the customer. NO ONE appreciates this fact more fully than I. Neither can we hope to bring about this result without proper equipment and experienced workmanship. I have spent both money and years providing all these things, until now I have a shop that is not excelled by any and equaled by few. My business is equipped with every convenience a modern barber shop could have. The latest electrical appliances for hair cutting, shaving, massaging, shampooing and scalp treatment will be found here. I carry for use or sale every toilet article in the barber line including Boncilla Facial Cream.

I desire to announce that I have recently acquired the capable services of Mr. F. D. Houston the well known and highly esteemed Tonsorial Artist who is now with my staff. He needs no introduction. He is capable, clean, and efficient and gratefully solicits your patronage. One visit will convince you.

## The P. M. H. Barber Shop

P. M. HARRIS, Prop. 4911 So. 26th St. South Side

### WILL SURVEY ROAD

Federal Bureau Will Investigate Highways of Nation.

Seeks Information on Cost, Character of Construction and General Condition of Country's Roads—Asks Co-operation.

Washington.—The bureau of public roads of the United States Department of Agriculture will shortly undertake a survey of the mileage, cost, character of construction and general condition of the nation's highways. The survey, which is the most extensive ever undertaken and the first in seven years, is to be made with the aid of state and local officials and individuals the country over, and is comparable only to the great task of taking the national census.

Nobody, in all probability, could guess today within millions of dollars what the roadways total, in dollars and cents, on the ledger of the national assets. Nobody knows how many miles there are where wheels may roll. The strength and the weakness of the nation's transportation arteries likewise are unknown in detail.

When the survey is completed, all these and other facts will be known and will be available for guidance to road builders. In addition there will be abundant data to show up comparisons of costs. The well-built roads of, say, Pennsylvania can be laid, dollar for dollar and mile for mile, alongside the well-built roads of California and other states. First cost and maintenance of macadam, asphalt, concrete—every kind of road built—from one section can be matched against such costs from every other section, if desired. The way to make the dollar most effective in road work thus will be pointed out.

Rural highways as well as urban are to be included, the latter embracing all roads, streets and alleys in incorporated communities of 2,500 inhabitants or more. How the funds are provided for constructing and maintaining roads also will be made known. The amount invested in road machinery—an item concerning which even approximate information is lacking today—will be sought. After the information is obtained it will be kept up to date.

In undertaking the survey the bureau requests the assistance of every unit of government doing road work in the nation; of road officials the country over, and of associations, organizations and individuals, down to the man with a flyover, having information or data as to local highway activities. As future legislation may be based on percentage of road mileage, it is pointed out that it is essential for each unit to have its total, as well as its improved road mileage, carefully and correctly recorded in the survey.

#### Wedding Days in Holland.

In orderly Holland, where everything happens by rule, the different classes of society choose different days of the week on which to be married. For some unknown reason Monday is society's day and marriage fees for that day amount to a sum approximate to \$24. On Saturdays the charge is \$2, or nothing at all if the couple do not wish a separate ceremony, and are willing to join a group of 20 couples. At these group marriages, the clerk reads the service once all the couples making the responses in chorus.
