SHIP BULLFROGS TO JAPAN
Large Louisiana Product Sent to College of Science of Imperial University at Tokyo.

And now the song and hind legs of the lusty-throated Louisiana bullfrog have been exported to Japan. Soon the heavy, bass, "belly deep" of the big swamp batrachians will be heard "neath the wisteria vines while 'frogs legs en casserole" will be listed on the Japanese menu with tea and rice.

Fifty of the largest specimens of Louisiana frogs were shipped to the College of Science of the Imperial University of Tokyo by the Southern Biological company for breeding purposes. The consignment is the third shipment of frogs to Japan, according to officials of the state conservation commission.

The frogs were forwarded in especially constructed cages and directions were provided the American Railway Express company for their care during the 30-day voyage. The first shipment of frogs was made in April, 1918, and many offsprings were raised successfully. Heretofore frogs used for dietary purposes in Japan have been of a species similar to the small American spring frog, and an attempt will be made to thoroughly establish the large Louisiana bull or chicken frog, which attains a length of eight inches.

His Way.
"I felt kinda lost for a spell after I sold the place and came down to live with my niece," admitted the retired farmer. "I missed the familiar tasks, and there weren't enough new ones to keep me busy. The familiar sounds too, were absent, and at first I couldn't get used to the new ones; the young lady on the left tinkling the piano, the folks on the right running their talking machine, the feller across the street practicing his clarinet, and so forth. They bothered me. But bime-by I took to going out on the back porch and filling a saw to quiet my nerves. And it always done so; after a good spell of filing the noises of the neighborhood didn't pester me at all."—Kansas City Star.

THE ST. PAULS PRESBYTERIAN CHURCH
Twenty-sixth and Seward Streets
Russell Taylor, Pastor.

On account of a large delegation going to the Douglas County District Sunday School Convention Sunday afternoon and evening, the Christian Endeavor Society's meeting and the evening worship will be dispensed with. The topic of our Sunday morning discourse will be "Fancies and Facts." The pastor has accepted an invitation to preach for the Rev. J. O. Burckhardt of the Allen Chapel A. M. E. church, Southside. We are always glad to co-operate with the brethren and to also have their co-operation. We are planning to begin our strenuous effort along all lines next month. There are certain goals that have been set by the session and it is expected that every member will put forth every effort to that end.

NOTICE!
All graduates and ex-students of Tuskegee Normal and Industrial Institute, Tuskegee, Ala., residing in Omaha and Council Bluffs, are hereby requested to meet at Pilgrim Baptist Church, 25th and Hamilton streets, Thursday evening at 8 o'clock. The purpose of this meeting is to re-organize the Omaha "Tuskegee Club."—J. D. Crum, Ex-President.

"Y" SECRETARY RETURNS FROM HER VACATION

Miss Frankie B. Watkins, secretary of the North End Branch of the Y. W. C. A., has returned from a pleasant month's vacation spent with relatives in Chicago, and has resumed her duties with new vigor.

Those vanity bags with small electric light inside which will enable my lady to see that her dainty nose is properly powdered, even in the dark, is something that every lady will want. They are great. Secure new subscribers for The Monitor and one of these handsome bags is yours.

The Monitor Is YOUR Paper.

MRS. J. N. BOYD is The Monitor's Sioux City correspondent and agent. Give her your subscription and news.—Editor Monitor.

Don't Fuss With Mustard Plasters

Musterole, made of pure oil of mustard and other helpful ingredients, will do all the work of the old-fashioned mustard plaster—without the blister. Musterole usually gives prompt relief from bronchitis, sore throat, coughs, colds, croup, neuralgia, headache, congestion, rheumatism, sprains, sore muscles, bruises, and all aches and pains. It may prevent pneumonia. All druggists—35c and 65c jars and tubes—hospital size \$3.

Better than a mustard plaster
