## ARTICLE XIV, CONSTITUTION OF THE UNITED STATES

### Citizenship Rights Not to Be Abridged

1. All persons born or naturalized in the United States, and subject to the jurisdiction thereof, are citizens of the United States and of the State wherein they reside. No state shall make or enforce any law which shall abridge the privileges or immunities of citizens of the United States; nor shall any state deprive any person of life, liberty, or property without due process of law, nor deny to any person within its jurisdiction the equal protection of the laws.

### COHEN'S CONFIRMATION

"CONFIRM Cohen" should be the slogan of the race press, organized individuals until the Senate does its duty. The opposition to Walter L. Cohen's confirmation is not because of his ability or character, as we are advised, but solely upon his race. It is a question of pigmentation. Although he is as fair of complexion as many of the Southern Senators, and if the truth were known, may have LESS African blood in his veins than some of his opponents, they are opposing his confirmation solely upon the ground that he is a Negro or American of color. This is not a valid reason for voting against his confirmation. We hope, therefore, although this seems a forlorn hope, that even among some of the senators from the South there may be found men broad-minded enough to become emancipated from their narrow traditionalism and vote for his confirmation. While this may be too much to hope for from that side of the house, there should be no question upon the position that republican senators should take. The Monitor confidently expects to see Senator Norris and Howell of Nebraska voting for the confirmation of Walter Cohen when his confirmation comes before the Senate January 23. We hope that the voters of Nebraska will write our senators advising them of their wishes in this matter.

### IS IT FLIRTATION?

A SERIES of interesting articles on various aspects of The Negro is being published in The Dearborn Independent, Henry Ford's attractive and ably edited weekly. We are reading them with interest. We admit that we are a wee bit skeptical as to the ulterior purpose of these articles. We question their sincerity. The reason for our skepticism is that they seem to aim at prejudicing the Negro against the Jew. When it is recalled that suspicion is not wanting that Henry Ford has had decidedly sympathetic leanings towards the Ku Klux Klan, an organization which personally we loathe and despise, it can be readily understood why we regard these articles as clever propaganda. Kluxism which is aimed at "Koons, Keiks and Katholics" is fast uniting these three powerful elements of our citizenship in closer bonds of friendship for self-protection, commercial, physical, if necessary, and political. Realizing this what could serve the purpose of our common enemy better than to play upon the sentimental Negro race and prejudice it against the Jewish race? This seems to be the object of such articles as "Attempt to Bolshevize the Negro" and "Jews Exploit Negroes." Of course, Jews exploit Negroes, and Gentiles many of whom profess and call themselves Christians do the same thing. But why the solicitude of The Dearborn Independent in one case and not in the other? We wish that we could feel that these articles were written for a constructive purpose and with a high motive. But we do not. We look upon them as an adroit part of Klan propaganda, and an attempt at heartless flirtation with our race for the sole purpose of causing jealousy, suspicion and alienation between the two ethnic groups who in many things are common sufferers from a racial prejudice which blights him who manifests it. Beware this flirtation.

"I know a maiden fair to see;  
Take care, beware;  
She can both shy and gentle be;  
Take care, beware;  
She is fooling thee."

### CONGRATULATIONS

THE MONITOR extends congratulations to the citizens of Atlanta, upon its school building program. The ballot did it. Votless the race is powerless.

### JIM CROW SIGNS DOWN

Savannah, Ga., Jan. 10.—Following the protests of citizens, Jim Crow signs, "For White Only," were removed from the front entrance to the Union Railroad station.

How Birds Dive After Prey. Many people think that birds dive directly on to the prey they wish to capture, but if they did so they would probably be killed. Nearly all diving birds enter the water some distance from their prey, and capture them on the upward glide, and not as they go down.

No Doctors Nor Nurses. Las Hurdes, a region in Spain means some 400 miles square, with 8,000 inhabitants, has no roads, no doctors, no trained nurses, no chemists, and only 11 schools.
