Advertising Talk

A hen is not supposed to know
    Much common sense or tact,
Yet every time she lays an egg
    She cackles forth the fact.

A rooster hasn't got a lot
    Of intellect to show,
But none the less most roosters have
    Enough good sense to crow.

The mule, the most despised of beasts,
    Has a persistent way
Of letting folks know he's around
    By his insistent bray.

The busy little bees they buzz,
    Bulls bellow and cows moo,
The watch dogs bark, the ganders quack,
    The doves and pigeons coo.

The peacock spreads his tail and squacks,
    Pigs squeal and robins sing
And even serpents know enough
    To hiss before they sting.

But man, the greatest masterpiece
    That nature could devise,
Will often stop and hesitate
    Before he'll advertise.

Merchants who are wise
    And want our people's trade
Use THE MONITOR to advertise
    And thus their fortune's made.
