COLORED COMMERCIAL CLUB

The Colored Commercial Club held an interesting meeting Monday night and dispatched considerable important business. A committee was appointed to take up the matter of the interference of the janitor of Howard Kennedy school with the Boy Scouts as there was decided disapproval of the attitude assumed by the committee of the Board of Education which it was felt had not acted impartially in the matter. Dr. Morris' position was endorsed.
It was decided to resume the bi-monthly meetings of the club on the second and fourth Thursdays of each month.

IT PAID HIM TO ADVERTISE

One of the most persistent advertisers in the history of success was Robinson Crusoe. He knew what he wanted—and he put up an advertisement for one. He flung a shirt on a pole, at the top of his island, that, in the language of the sea, was plain to every sea-faring man.
The circulation was small—there was no other medium but Crusoe kept at it, despite the fact that he got no inquiries for a long time. He changed his copy—as one garment after another was frayed out—and in the end got what he wanted.
Suppose Crusoe had taken down that signal after a time and declared—"Advertising doesn't pay," where would he and his story be now?
Put up your signal and keep it there. Crusoe advertised under very discouraging circumstances. You've got a sure thing—it is only necessary to have the patience, persistence, and pluck of Robinson Crusoe—and the good ship "Better Business" will soon tie up alongside your pier.—Baltimore Afro-American.
