Harris preached at the evening service.

ELECTION OF N. A. A. C. P. OFFICERS IS POSTPONED

The Omaha branch of the National Association for the Advancement of Colored People held its regular monthly meeting last Sunday afternoon at the North Side Y. W. C. A. As the constitution calls for the annual election of officers before November 10, notice was officially sent to all members of the branch that election would be held Sunday. It was, however, unanimously decided at that meeting that the election of officers be postponed until next Sunday, November 9, at 4 o'clock at the same place, due notice of the meeting to be published in the newspapers. This, therefore, will constitute an official notice for the election and

all members are urged to be present.

At the meeting last Sunday the principal address was delivered by Dr. J. S. Holman of Meharry Medical school, Nashville, Tenn., who spoke on the effort being made to raise an endowment fund of \$5,000,000 for that pioneer medical institution and of the advantages there offered for the training of physicians, dentists, trained nurses and pharmacists. Twelve of our Omaha physicians are graduates of Meharry. His address was most favorably received. Other speakers were Isaac Konecky and Henry W. Black.

HOW TO HONOR THE FLAG OF THE UNITED STATES

DESCRIPTION OF THE FLAG

THE Flag of the United States of America has thirteen horizontal stripes—seven red alternating with six white stripes—and a union which consists of white stars of five points on a blue field placed in the upper quarter next

of America may be in front of the center of that line.

3. When displayed with another flag against a wall from crossed staffs, the Flag of the United States of America should be on the right—the Flag's own right—and its staff should be in front of the staff of the other flag.

4. When a number of flags of states or cities or pennants of societies are grouped and displayed from staffs with

the peak. When flown from adjacent staffs the Flag of the United States of America should be hoisted first and lowered last. No such flag or pennant, flown in the former position, should be placed above, or, in the latter position, to the right of the Flag of the United States of America—i.e., to the observer's left.

6. When flags of two or more nations are displayed, they should be flown from separate staffs of the same height and

flags should be of approximately equal size. International usage forbids the display of the flag of one nation above that of another nation in time of peace.

7. When the Flag is displayed from a staff projecting horizontally or at an angle from the window sill, balcony or front of

the street. When festoons, rosettes, or drapings are desired, bunting of blue, white and red should be used, but never the Flag.

9. When displayed over the middle of the street, the Flag should be suspended vertically with the union to the north in

an east and west street, or to the east in a north and south street.

10. When used on a speaker's platform, the Flag, if displayed flat, should be displayed above and behind the speaker. If

12. When flown at half-staff, the Flag should be hoisted to the peak for an instant and then lowered to the half-staff position; but before lowering the Flag for the day it should be raised again to the peak. By half-staff is meant hauling down the flag to one-half the distance between

lowering the streamers to fall naturally. Crepe is used on the flagstaff only by order of the President.

14. When used to cover a casket, the Flag should be placed so that the union is

at the head and over the left shoulder. The Flag should not be lowered into the grave or allowed to touch the ground. The casket should be carried foot first.

15. When the Flag is displayed in the body of the church it should be from a staff placed in the position of honor—at the congregation's right as they face the clergyman. The service flag, the state flag or other flag should be at the left of the

congregation. If in the chancel or on the platform, the Flag of the United States of America should be placed at the clergy-

man's right as he faces the congregation, and the other flags at his left.

16. When the Flag is in such a condition that it is no longer a fitting emblem for display, it should not be cast aside or used in any way that might be viewed as disrespectful to the national colors, but should be destroyed as a whole, privately, preferably by burning or by some other method in harmony with the reverence and respect we owe to the emblem representing our country.

11. When used in connection with the unveiling of a statue or monument, the Flag should form a distinctive feature during the ceremony, but the Flag itself should never be used as the covering for the statue.

13. Flags flown from fixed staffs are placed at half-staff to indicate mourning. When the Flag is displayed on a small staff, as when carried in a parade, mourning is indicated by attaching two streamers of black crepe to the spear head, al-

lowing the streamers to fall naturally. Crepe is used on the flagstaff only by order of the President.

14. When used to cover a casket, the Flag should be placed so that the union is

at the head and over the left shoulder. The Flag should not be lowered into the grave or allowed to touch the ground. The casket should be carried foot first.

15. When the Flag is displayed in the body of the church it should be from a staff placed in the position of honor—at the congregation's right as they face the clergyman. The service flag, the state flag or other flag should be at the left of the

congregation. If in the chancel or on the platform, the Flag of the United States of America should be placed at the clergy-
