Are you self-conscious about the impression you make on people?
PERSONAL appearance has a lot to do with the way you feel. Clothes count, of course. But still there is one thing so many people overlook—something that at once brands them as either fastidious or careless—the teeth.
Notice today how you, yourself, watch another person's teeth when he or she is talking. If the teeth are not well kept they at once become a liability.
Listerine Tooth Paste cleans teeth a new way. As list our chemists have discovered a polishing ingredient that really cleans without scratching the enamel—a difficult problem finally solved.
A large tube of Listerine Tooth Paste is only 25 cents; at your druggist's—Lambert Pharmacal Co., Saint Louis, U. S. A.
