# Your Dollar Now May Save Another's Life!

## \$1.00 A YEAR MAKES YOU A MEMBER

Membership fees paid to the National Association for the Advancement of Colored People is money paid to SAVE LIVES and safeguard Civil Rights in America. All the money it receives is used to fight the Negro's battles here at home, where he lives and where he suffers.

### DEFENDS YOU

If your wife, sister or sweetheart is insulted in a public place or conveyance, if your neighbor is barred from seeking a better home because of unfair residence segregation laws, if your friend, husband, brother or neighbor is jerked to jail and probable death on trumped up evidence—the N. A. A. C. P. takes up the cudgel in their defense. And the N. A. A. C. P. is as strong as your dollar makes it!

## Why You Should Join the N. A. A. C. P.

### THE OBJECT: JUSTICE

This Association exists in order to combat the spirit of persecution which confronts the colored people of this land, safeguard their full political, civil and legal rights, and secure for them equality of opportunity with all other citizens.

### IS THIS NOTHING TO YOU?

Do you know that nearly 4,000 Negroes were lynched in the United States within the past 35 years and that YOU might have been one of these victims?

Lynchings in 1924 were reduced to 17, the lowest in thirty-five years, largely because of the work and influence of the N. A. A. C. P. The N. A. A. C. P. in fighting lynching is safe-guarding your life. Is it worth \$1.00?

Do you know that in every community there are organized efforts to restrict the lawful rights and privileges of colored citizens?

The N. A. A. C. P. exists to safe guard these rights. For example—with money and skilled legal talent the N. A. A. C. P. is fighting a residential segregation case in the United States Supreme Court, the decision of which will affect every Negro property owner in the United States.

Do you not know that in many communities the Negro is the victim of gross injustice? The N. A. A. C. P. was victorious in a six-year fight costing \$15,000 against peonage in Arkansas, securing the release of 67 farmers and SAVING THE LIVES of 12 others who had been condemned to death.

The last of these prisoners were released January 14, 1925. Because a number of colored farmers in Phillips County, Ark., held a meeting in 1919 to employ counsel to force the white owners to make an honest accounting, they were attacked, a number killed, and the rest were railroaded through the courts on a charge of "inciting a riot and killing white men." For six years the N. A. A. C. P. never gave up, battling for the rights of these men through every court in the state, finally winning a complete victory in the U. S. Supreme Court.
