WOMEN ORGANIZE FOR WELFARE WORK

As a result of a house-to-house canvass of the Kellom, Long and Howard Kennedy school districts a very enthusiastic meeting of representative women was held at North Side Branch of the Y. W. C. A. Sunday afternoon to discuss matters of interest for race up-lift.

The meeting was called to order by the branch secretary, Miss Edna M. Stratton, who stated the object of the meeting and gave brief talk on the aims and purpose of the Y. W. C. A., after which she introduced Mrs. Senora Wilkinson, chairman of the Fellowship committee, who gave an excellent talk on "Race Building". If we expect to have a strong future race we must mold the character of our boys and girls.

After some discussion a motion to form some organization for caring for our boys and girls was carried. The organization formed is to be known as the "Child's Welfare Organization" and will meet the third Sunday afternoon in each month.

Mrs. D. W. Gooden was elected temporary chairman and Mrs. V. McPherson temporary secretary. Mrs. Minnie Dixon was elected chairman of the Lookout Committee.

The subject for discussion the third Sunday in July will be, "Religious Training in the Home".

A Statement to Telephone Users Regarding Telephone Rate Adjustments in Nebraska, Effective July 1st

It is the policy of our Company to refrain from increasing its charges for service until every effort has been exhausted to operate satisfactorily on existing revenues. But when this cannot be done without impairing the quality of telephone service, we believe it our duty to seek an adjustment in rates.

The rates charged by our Company in this state have not been adequate for many years to pay a reasonable return on the value of our property, although telephone patrons have enjoyed a good quality of service at prices relatively lower than they have paid for other services and products.

Telephone users demand reliable service. Employees who supply such service should be fairly paid. Those who invest their money to build telephone plant to meet the needs of the public for service must be paid a fair return or additional money for growth could not be obtained. We believe that the interests of the public, our employees and investors can be best served only when charges for telephone service are such as will pay expenses and earn a fair and reasonable return on the value of our property.

The detailed facts as to our investment, earnings and expenses, have been presented in our proceedings before the State Railway Commission and the Court, and on June 11, such decision was rendered by the Court as permits us to place reasonable rates in effect. We will, therefore, make adjustments in rates in our various exchanges throughout Nebraska.

Following are the charges for the principal classes of service for the Omaha exchange, effective July 1:
