

Veterans' Bulletin

EDITOR'S NOTE: Ex-servicemen and women are vitally interested in the benefits their Government offers them through Veterans Administration and they are asking thousands of questions daily. The following questions pertain only to veterans' benefits enacted by Congress.

Q—I am attending school under the GI Bill, and I have just been awarded disability compensation by the VA. Will my compensation payments reduce the amount of subsistence payments I am getting as a GI Bill trainee?

A—No. Your disability compensation payments have no effect whatsoever on the amount of subsistence allowance you are receiving.

Q—May I obtain a GI business loan to expand a business in which I am already engaged? Or must the business loan be used to enter a new business only?

A—The loan may be used in either way—to expand an existing legitimate business venture, or to start a new enterprise.

Q—I am on active duty in the Navy, and I have a GI term policy in force under waiver of premiums. How do I pick up my insurance again, once I am discharged?

A—You must pay the required premium to the Veterans Administration, Washington 25, D.C., within 120 days after your release from active service. The sooner you pay the premium, the better; that way you guard against any chance of your policy lapsing.

Q—How much military service must a veteran have had, in order to qualify for a nonservice-connected pension?

A—He must have served for at least 90 days, part of which was within an actual war period or

after June 27, 1950, and must have been discharged under other than dishonorable conditions. The 90-day minimum service requirement is waived for those who served less than that period of time.

Q—I am taking a correspondence course under the GI Bill, which I hope to finish soon. Would I be permitted to sign up for an advanced phase of the same course, also under the GI Bill, even though the 1951 cut-off date has passed?

A—Yes. But you must submit your application to VA for the advanced course before you complete your present course.

Q—I am a former truck driver, and I lost a leg in the Korean fighting. When I apply for disability compensation, will my payments be higher than they'd be if I'd have been an office worker, for example, who could go back to his job even though he had a leg missing?

A—No. Generally, disabilities are rated on the basis of average impairment of earning capacity resulting from such injuries in civil occupations. The rating schedule does not take individual occupations into consideration.

Q—I am a paralyzed veteran, entitled to \$120 a month pension because I need the constant aid and attendance of another person, in order to get about. Must that other person be a nurse, or could it be someone in my own family?

A—That person need not be a nurse. It may be any person, including a member of your own family.

factor of our life. With all of the stories of scandal in high places, our world slowly drifting toward another world war, how desperately we need to really keep Lent in the spirit of the old Psalm: "Create in me a clean heart, O God; and renew a right spirit within me."

TIMOTHY, A DEPENDABLE FOLLOWER

Scripture — Acts 16:1-3; 1 Corinthians 4; 14-21; Philippians 2:19-24; 1 Timothy 4:10-16; 11 Timothy 2:1-13.

Memory Selection—Let no man despise your youth, but set the believers an example in speech and in conduct, in love, in faith, in purity. 1 Timothy 4:12.

Present Day Application
By Frederick D. Jordan
Los Angeles, California

Train up the youth. The Christian training Timothy received, resulted in a dependable Christian leader. The importance of early training in self-control and moral restraint cannot be over emphasized. Timothy was dedicated to Christ and brought up in a Godly home. The liquor traffic is master of propaganda. The skillful advertising, artistically presented, can convince the youth of its advantages. In the home, school, and Church, the things the advertisements leave unsaid, should be told. The destruction of life, the increase of insanity, the breaking of homes, the spreading of poverty and disease must not be kept from them. The fact that no reputable doctor, no good hospital will today prescribe any alcoholic beverage because it is recognized by Medical Science to be a depressant rather than a stimulant. Alcohol attacks first the highest, the morale, the more delicate, the more sensitive, the more refined part of a man's make-up. The keen discrimination between good and evil, the power of judgment, the delicate balance between right and wrong, the inward restraint, the self-control, in fact all of the fine, spiritual part of a man's nature that spells his kinship to God, is first destroyed. The low, purely physical, brutish part of man's nature remains only slightly impaired, sometimes even to the last. These facts should be included in the information given our youth.

Challenge of Lent

(Continued from Page 2)
hope and the dream to which we dedicate our life.

But, mostly, Lent is a time of life's renewal through great worship and the Spirit of Christ. More people attend church, listen to some radio service, or think of the spirit during Lent than at any other time of the church year. Yet it will not mean very much unless we allow the Spirit of Christ to really capture our thinking and to be the dominating
