

### Omaha Officially Notified Fliers to Stop in City

Plans for Entertainment to Be Made Today—Ak-Sar-Ben Field May Be Used for Landing.

Official letters of notification that the trip of the American "round-the-world fliers across the continent to their starting place will permit them to stop in Omaha are being received here from the War department by men who took an active part in the fight to bring them through Omaha via the regular air mail route.

Letters from W. G. Kilmer, acting executive in the office of the chief of the air service, acknowledging telegrams and letters urging that Omaha be included on the itinerary, have been received by Gould Dietz, a governor of the National Aeronautical association, and Clarke G. Powell, commissioner of Commerce. In part they read:

"General Patrick has directed that you be informed that the general tentative plans for the around-the-world flight contemplate a stop at Omaha on the route across the United States. Of course, the exact date when the flight will be able to land at your city can only be determined by the progress which is made in crossing the north Atlantic ocean."

A meeting is to be held at the Chamber of Commerce Friday to lay first plans for the entertainment of the fliers. Cable reports and dispatches from Washington indicate that the fliers and the War department do not favor entertainment for the famous aviators until they have completed their trip to the west coast and hence around the world.

Duncan Gets Word. Official notice that the fliers will stop in Omaha was received by Gen. George B. Duncan Thursday from Gen. M. M. Patrick, chief of the air service in Washington.

In his letter Mr. Patrick said: "It is impossible at this time to give the exact date when the flight will be expected to arrive."

The Ak-Sar-Ben field probably will be the landing place of the fliers here if it is agreed by the Chamber of Commerce and the Ak officials to alter the field to accommodate the planes, according to General Duncan.

Wymore.—C. L. Cleary, a mechanical and electrical worker, and Miss Mabel Hurst, a resident of Wymore for the last year, went to Kansas City and were married this week. The couple will reside in Wymore, where the groom has lived for many years.

PREMATURE OLD AGE FOR WOMEN  
It is no secret that so many women suffer from ailments peculiar to their sex. Dark circles appear under the eyes, a pale, drawn, haggard expression to the countenance, and the weakness which accompanies such ailments is evidenced by the lagging step, headaches, backaches and nervous conditions. Every woman who is afflicted in this way should rely upon Lydia E. Pinkham's Vegetable Compound which for half a century has been overcoming some of the most stubborn ailments of women.

### Girl, 17, Runs Away and Is Brought to Her Home Three Times in Week

Police Find Wanderer at Dublin Inn Roadhouse After Last of Chronic Disappearances.

Elizabeth Brittain, that she has a sweetheart at Millard and was on her way to see him.

Running away is growing habitual with Elizabeth Brittain, 17, 1922 Dorcas street, according to police who have restored her to her mother, Mrs. Vera Brittain, three times within the past week.

She disappeared from home a week ago, and again Tuesday, Wednesday morning she was found by officers at the home of Mrs. Frank Motis, 1718 South Eighteenth street.

Wednesday night she disappeared again. Detectives Davis, Nelson and Palmatag found her early Thursday morning at Dublin, Inn.

The girl told them that she was walking from Minneapolis to Omaha. She said she was going to visit her mother who lived at Millard.

The girl told Police Matron Gibbons and was on her way to see him.

### American Ship Calls for Aid

Steamer Stanley Is Reported Disabled Near Philippine Islands.

By Associated Press. Manila, July 31.—The steamer Stanley, operated by the Admiral Line, is sending out S. O. S. calls from a point off the Island Palawan, one of the more southerly of the Philippine archipelago.

The vessel is owned by the United States shipping board. A wireless message from her said her engines had broken down and that she was in need of assistance. The Stanley is bound for Europe with a general cargo.

The Stanley, a freighter of 6463 tons gross, was built by the Skinner and Eddy corporation at Seattle in 1919.

Seattle, Wash., July 31.—The steamer Stanley, reported in distress in Philippine waters, is believed in local shipping circles to be under the operation of the Harbour interests of New York. She formerly was in the service of the Admiral line out of this port.

By Associated Press. Manila, July 31.—The United States shipping board freighter West Jester, enroute here from Singapore, is proceeding to the assistance of the disabled steamer Stanley, according to radio advices received here tonight.

Rock Bluffs Day Feature of Old Settlers' Picnic

Plattsburgh, Neb., July 31.—The 36th annual old settlers' reunion of Cass and Oto counties will be held at Union August 8 and 9. One of the big features will be Rock Bluffs day. Former residents and children of residents of this village that flourished on the banks of the Missouri river several miles south of Plattsburgh when Omaha was a struggling frontier habitation will get together on Friday and hear reminiscences of the old days.

Nebraskan Has Six Roman Copper Coins About 1,600 Years Old

St. Paul, Neb., July 31.—It is believed that a resident of this city has in his possession the oldest coins in the state.

They are six Roman copper coins dating back almost to the beginning of the Christian era.

The coins all show on the obverse side the head of Emperor Constantine, during whose reign Britain was occupied by the Romans. They were found in the city of Nottingham, England, while excavations were being made for some new buildings on old sites.

Constantine was dead emperor 306 A. D. and died 337 A. D., and the coins must have been made between those dates.

The coins are in possession of Dr. F. S. Nicholson of this city, who obtained them from a relative in England.

It is believed these coins will be the winners in the old coin contest.

### Helbing Nabbed, Fights Return

Young Clubman Who Fleeced Omahans Is Held in Chicago Jail.

Arthur W. Helbing, 30, who is alleged to have left behind some \$2,000 in unpaid bills and several checks without sufficient funds to meet them when he suddenly left Omaha in May, has been arrested at Chicago on a warrant authorized by a group of Omaha business men, according to advice reaching Chief of Detectives Ben Danbaum Wednesday morning.

The dispatch states that Helbing will fight extradition. Detective Fred Palmatag has been sent to Lincoln for the necessary extradition papers.

Helbing's career in Omaha was meteoric, according to friends. He was comely, dressed well and spent generously.

Dynamite Kills Farmer. Special Dispatch to The Omaha Bee. Sturgis, S. D., July 31.—Cecil Rauger, formerly of Sturgis, was instantly killed yesterday when 200 pounds of dynamite which he was carrying, exploded dismembering his head and shoulders from his body. The accident took place about four miles east of Murdo.

### Thieves Take Clothes of Morehead's Son but Reject All His Attire

Special Dispatch to The Omaha Bee. Falls City, Neb., July 31.—Congressman John M. Morehead has never professed to be a bean brummel, but the greatest slur against his sartorial

equipment was cast by burglars who last night raided his home while the family was attending the John Robinson circus, stole a suit and a quantity of other clothing belonging to his son, Edwin J. Morehead, automobile dealer, and did not touch a piece of apparel belonging to the former governor. No money was taken.

The only article stolen from the congressman was a box of cigars of the campaign variety. The burglars left his expensive cigars untouched. The burglars worked leisurely and before departing sampled all the foods in the Morehead larder.

of the new \$25,000,000 grain marketing company of Chicago to sell stock in this state. That assertion was made today by Milo Reno, vice president of the Iowa farmers union. Reno said he did not believe the new grain marketing company was co-operative, adding that Iowa farmers have been mulct-d of many thousands of dollars by alleged co-operative organizations.

Farmers Union to Fight Grain Marketing Company. Des Moines, July 31.—The farmers union of Iowa will fight any effort
