

Action Is Again Taken to Deport Luis Angel Firpo

Labor Department Orders Rehearing of Case Against Pugilist to Pass on New Evidence.

By International News Service.
Washington, Sept. 2.—Action by the labor department of New York looking to the possible deportation of Luis Angel Firpo, Argentine prize fighter, was ordered today by the Department of Labor.

Commissioner of Immigration Curran at Ellis Island was instructed by Acting Secretary of Labor White to order Firpo before him for an additional examination on the basis of new evidence submitted to the labor department by Canon William Chase of New York.

Canon Chase placed his evidence before White this morning and demanded "immediate action and no more delays." White was said to have been impressed by the new evidence, the nature of which was not revealed, and ordered Curran to take steps necessary to proceed against Firpo, who is in the United States to fight Harry Wills.

Labor department officials were not inclined to discuss the Firpo case in detail, but it was understood Curran would issue a warrant for Firpo's arrest as the first step in the new proceedings.

Canon Chase predicted that the Firpo-Wills fight would be called off and that Firpo would be ordered deported within the next few days. Firpo's troubles started when he entered the United States in July. On the same ship which brought him from Buenos Aires was Miss Lourdes, South American girl.

Canon Chase and others who are seeking Firpo's deportation, charge that the relations of Miss Lourdes and Firpo were such that the government has a right to deport the prize fighter. The first specific charge made against Firpo was that he perjured himself in explaining to the immigration authorities at Ellis Island when he arrived, for Miss Lourdes' presence on the ship. The perjury charge is now pending against him in New York.

Gene La Rue Is Held in Indiana

Deserter of One-Day Bride to Be Returned to Omaha for Trial.

Gene La Rue, who deserted his bride eight hours after their marriage in Omaha two months ago, leaving behind him a string of alleged forged checks, was arrested in Fort Wayne, Ind., according to word received by Ben Danbaum, chief of detectives.

La Rue's wife, a former trained nurse from a small Iowa town, met him in an Omaha motion picture theater. He posed as a vaudeville actor, and married her in Council Bluffs after a rapid-fire courtship lasting two days. They engaged a suite of rooms at Hotel Fontenelle.

On the evening of their wedding, La Rue took his wife and some friends to the Orpheum theater. During the second act he excused himself, saying that he wished to talk to some friends back-stage. He never came back.

When his wife returned to her room she found a number of valuable jewels missing.

La Rue will be returned to Omaha to face forgery charges, according to Danbaum.

CONVICTED SLAYER GRANTED PARDON

Karl Ruhe, Germany, Sept. 2.—Karl Hau, one-time professor of Roman law in George Washington University, Washington, D. C., who has been serving a life sentence here for the murder of his mother-in-law, Frau Molitor at Baden-Baden in November, 1906, has been pardoned.

The trial of Hau in 1908 created a tremendous sensation because of his prominence socially and in university circles in the United States and Germany. He was originally sentenced to death but his sentence later was commuted to life imprisonment by the grand duke of Baden. Some months after the trial began, Hau's young wife and daughter committed suicide by drowning themselves in a lake near Zurich, Switzerland.

C. of C. and Greater Omaha Committee Unite for Action

New Body of Business Leaders Becomes Industrial and Development Committee of Chamber.

Close harmony between the Chamber of Commerce and the recently formed Greater Omaha committee was cemented Tuesday when the executive committee and board of directors of the chamber, at a joint meeting at noon, decided that the industrial and development committee of the chamber would be made up of the personnel of the Greater Omaha committee.

This decision was made on the recommendation of Ford E. Hovey, chairman of the executive committee, and Clarke G. Powell, commissioner of the chambers.

Suspect Held in Holdup Attempt

Man Gives Address of Employer Who Says He "Borrowed" Auto.

Tom Osborne, 1615 1/2 Chicago street, was arrested Tuesday afternoon by Detectives English and Ryan for investigation in connection with the attempted holdup Saturday night of the West Lawn garage, sixty-second and Center streets.

The address given by Osborne is that of Miss Frankie La Cour, who told the detectives that Osborne was her chauffeur, and that he had taken her car Saturday evening without her knowledge.

An automobile used by the holdup men was found Saturday night, abandoned two blocks from the scene of the attempted holdup. Its gasoline tank had been riddled by bullets sent after the two fleeing men by Charles Deitch, proprietor of the garage, who found them attempting to force their way into the building.

Overlapping Avoided.

In reporting the decision Mr. Hovey explained that appointment of the members of the industrial committee had been delayed while the and Commissioner Powell conferred with members of the Greater Omaha committee regarding the best means of making both organizations effective without overlapping duties.

Under this decision Frank Judson will automatically become chairman and J. E. Davidson vice chairman of the industrial and development committee of the chamber, as they hold similar positions on the Greater Omaha committee.

The Greater Omaha committee was to meet Thursday, but owing to the fact that many members plan to attend the State fair at Lincoln on that day, which is "Omaha Day," the meeting will be held Friday.

School Bond Report Ready.

The municipal affairs committee of the chamber announced that it was ready to submit a report of its investigations regarding the proposed school bond issue for the building and maintenance of new schools, but this report will not be made public until the next meeting of the board of education.

John H. Beveridge, superintendent of schools, who was present at the meeting, invited the executive committee to meet with the board at its next meeting for the purpose of discussing the proposed issue.

Speeders to Go to Jail, Decree of Patrick

"Speeding in Omaha is going to stop if I have to put every motorist behind the bars," declared Judge Robert Patrick in police court Tuesday morning.

To show that he meant business, Judge Patrick sentenced Harold W. Hardin, 2926 South Twenty-third street, and M. Grise, 2214 Deer Park boulevard, to seven days in jail. They had been charged with racing.

Judge Patrick announced that Tuesday morning's sentences were merely a sample of what all motorists might expect when convicted in his court on speeding charges.

Motorists who ignore the "Golden Rule" summons to appear in police court for parking violations also incurred the judge's wrath. He issued contempt summons orders for 20 motorists who did not answer the first summons.

Family Given Serum When Horses Develop Lockjaw

Discovery of two cases of lockjaw among the horses on the farm of G. R. Murray, three miles northwest of Irvington, caused physicians to administer anti-tetanus serum Monday to the members of Murray's family who had been exposed to the germs.

Two draft horses on the Murray farm were stricken by lockjaw last week, and one of the animals died Sunday. According to veterinarians, this is the first case of lockjaw among humans ever reported in this vicinity.
