### BEE: OMAHA, ... SEPTEMBER 1924. THE

American Financier Cables **Result of Inquiry to Farm** Council.

# By ROBERT J. PREW.

dent. London, Sept. 4 .- Bernard Baruch ias been in London this week inves-igating Australian wheat pools. Uniersal Service understands he has abled the American council of agri-ulture, formed at St. Paul in July, ist, the results of his inquiry. He articularly directed the attention of he council to the offer made by remier Bruce of Australia, to the bur wheat growing states of the mmonwealth to co-operate in volun-ry wheat pools. versal Service understands he has vabled the American council of agri-ulture, formed at St. Paul in July. ast, the results of his inquiry. He particularly directed the attention of Premier Bruce of Australia, to the

ary wheat pools. These pools would run for three ears with one selling organization r overseas sales, and one charter ng agency for control of shipping

nd freight arrangements. Seen today on the eve of his dearture for Scotland, Baruch admitted his interest in this development, and said it was of the greatest importance, but declined to comment further.

### Pools Described.

It is believed here that Australia's action will stimulate American farmers in a campaign for a protective system such as has already been conceded to industry. They will demand the establishment of a single organiation for control of the price of home consumed wheat and the price of the exportable surplus sold in other countries.

How the pools have helped Aus-

How the pools have helped Aus trailing farmers for many years was described to Universal Service today by one of the leading common wealth operators in the London wheat pit. He said: "We have long had state and com-munity pools designed to give the farmers a steady income and protect him from market fluctuations. The commowealth's offer of state back. "Alley petween 29th Street on Paving in accordance with the sine and owner or wheat and other produce. At the provement farmers working through those independent pools of wheat and other produce. At the provement farmers working through those independent pools of wheat and other aligned and state the cline. "Alley petween 29th Street in provement Dis-street within Street Innovement Distret. "Alley petween 29th Street on Paving in accordance within Street Innovement Distret. "Alley petween 29th Street on Paving in accordance with the construct and state work the cline street of the cline farmers of the previous the said owner or worket are between 29th Street on Paving in accordance within Street Innovement Distret. "Alley petween 29th Street on Paving in accordance within Street Innovement Distret. "And and street innovement Distret. "And and street innovement Distret. "And and street of the construct street of the construction of state machinery. His with Ordinance No. 11050. "Alley petween 29th Allen Construct and state street of the construct and watered the state on the state or construct street and weare the state on the state of the construct street and state street of the construct and the street of construct and the street of construct and state street for Work at a street of the construct street and the street of the construct and the street of the street of the street of the street of the construct street of the street of the street of the construct and the street of the street of the construct and the street of the stree

The pooling system has never failed to work to the advantage of the farmers and we are watching in the second answ why ordinance No. 1100 means strategy that we have a second and we hav
