The will has been filed for probate in county court here, with a petition for the appointment of Frank Gerhartz as executor. Andrew Gerhartz left no children. His estate amounts to \$10,000.

AT THE THEATERS

Lynn Starling worked a rich vein of satirical comedy in his new three-act comedy, "Meet the Wife," which Stewart and French will present at the Brandeis theater for three nights and Saturday matinee, starting next Thursday. Charming Mary Boland, Patricia Calvert, daughter of Louis; Charles Dalton and Ernest Lawford give individual characterizations of a mother, daughter, husband and ex-husband which are flawless and provocative of smiles and laughter, rising to a roar of merriment on many occasions during the action of this fast moving comedy.

Gintaro, top spinning marvel and modern exponent of an art which had its inception more than 800 years ago among the nobility of his native Japan, is at the Orpheum theater this week with his remarkable juggling exhibition. For more than 30 years Gintaro has been a featured performer in English and continental music halls. His first visit to America was two years ago with Harry Lauder's company, and he has returned for a brief tour of the Orpheum circuit.

No stretch of imagination is required to include Peck and Kolb's "Hippity Hop," coming to the Gayety theater, starting tomorrow, matinee at 3, among the best attractions Columbia Burlesque has offered this season. There are 18 stunning chorus girls and a cast headed by Abe Reynolds and including Grace Cameron, Kay Norman, Lora Carol, Lew Lewis, Duke Rogers, Lou Rigg, Halie Prosser, Thad DeMonico, Thelma Leonard and Kanui's Hawaiians.

When one stops to compare the burlesque productions of yore with the Columbia burlesque productions of today, there is much food for thought. "Red Pepper Revue," which is closing its highly successful week with two performances today, actually has and uses two 70-foot baggage cars of equipment. As a matter of fact, the production is that of George White's "Scandals" of last season. The Gayety presents it under another title and at the Gayety's popular scale of prices. It is indeed a great amusement bargain.

"Bringing Up Father in Ireland," the new George McManus cartoon comedy, is to be presented at the Brandeis theater tomorrow night for an engagement of three nights and Tuesday matinee. The McManus idea and his brain children have maintained their popularity more years and in a greater number of newspapers than has any creation of former years. "Bringing Up Father in Ireland" will be all new but the inevitable characters of "Jiggs and Maggie" and the others so well known to readers of the Sunday papers. There is no attempt at artistic production in any way, shape or form. It is intended for ludicrous laughter and for no other purpose. Music and dancing form a pleasing environment, as does pretty girls and beautiful scenic surroundings.

M'ADOO'S BROTHER TO TALK IN OMAHA

Malcolm R. McAdoo, brother of William G. McAdoo, defeated candidate for the democratic presidential nomination, will speak in Omaha October 23 on behalf of the La Follette-Wheeler independent ticket.

McAdoo announced his determination to support Senator La Follette several weeks ago in a statement in which he characterized Coolidge and Davis as "Wall Street twins." The brother of the former secretary of the treasury is an engineer by profession, and formerly was president of the Mexican Traction company at Mexico City. He has also operated public utilities properties in Cuba.

HAD TO TAKE IT TO APPRECIATE IT

Mrs. McDonald Had Heard Others Praise Tanlac—Her Experience Converted Her.

"Although I had heard Tanlac praised a great deal I had no idea it was such a fine medicine until I took it myself," recently said Mrs. Anna McDonald, 533 Julian avenue, Dubuque, Ia.

"My appetite had just about deserted me and I was so run down that I fairly ached all over from tiredness. Palpitation and shortness of breath followed my meals and what I suffered from headaches, nervousness and dizziness was almost as bad as being right down sick. I hardly knew what restful sleep was and had become pretty well discouraged over my condition.

"Before I had taken Tanlac a month a surprising change for the better had come over my entire system. And I felt thankful beyond words when my troubles went away and left me feeling so strong and well. My health is so good now that life is a real pleasure, thanks to Tanlac."

Tanlac is for sale by all good drug stores. Accept no substitute. Over 40 million bottles sold.

ROTARIANS URGED TO BACK GAS TAX

Columbus, Oct. 17.—In a talk to Columbus Rotarians, Judge Rofelty, governor of the Nebraska and South Dakota Rotarian district, urged all Rotarians to get behind the movement for better roads in Nebraska.

He said Nebraska is six years behind South Dakota in the matter of good roads. He strongly advocated the South Dakota law which puts a tax of 2 cents a gallon on all gasoline sold in that state and declared it was impossible for any state to carry out a really worthwhile road-building and road-maintaining program without the gasoline tax. He said
