WILLIS G. SEARS **Republican Candidate for Re-election** to Congress

To My Friends and Neighbors in Douglas, Washington and Sarpy Counties:

Two years ago you elected me to represent the Second Congressional District of Nebraska in the Congress of the United States, but under the existing laws it was not until a year later, December, 1923, that I actually took my place in the deliberations of that body.

Since my election I have made every effort and done everything, so far as I know, that could have been of help to my District, to my State, and to the Nation at large.

Among other things, I have used all my efforts to help in having the headquarters of the air mail service transferred from Washington to Omaha. And now Omaha is the center of the air mail service of the country.

I have used my best efforts in behalf of agriculture and the farmer, and in behalf of all who have served our country in our various wars.

I have been made a member of four committees of the House of Representatives, and with the experience that I already had, you can realize that I am in a position to be of greater and greater service to you as time goes on.

You have nominated me as your candidate for re-election, and I now write this letter to request your earnest and active support of my candidacy.

As I reminded you two years ago, if you want me to represent you, you must vote for me. Good will is not enough; the votes must be counted when the ballot boxes are opened.

Be sure to go to the polls and vote on election day, and urge your friends to go with you.

Yours sincerely.
