Stock Reducing Sale

Every section of this great store has aimed at record accomplishments during our Stock Reducing Sale. Thousands have attended it with enthusiasm for the values received and a desire to again put Burgess-Nash on a sound financial basis.
WE ARE FORCED TO RAISE A MILLION DOLLARS IN CASH AS QUICKLY AS POSSIBLE for the creditors and therefore merchandise has been conscripted from regular stocks and endowed with reduced prices, which have totally ignored original costs and profit.

This event should not be confused with the usual "sales." It is not the unloading of unsalable or shopworn merchandise, but the legitimate reduction of our regular stock. Our determination to raise the necessary cash takes expression in terms of savings eloquent of opportunity. During the first weeks of our sale an enormous amount of money was secured, but we still have a large sum to raise before we reach our million-dollar goal.

We might go on at great length about the quality, the variety and the values of the goods offered, but the important thing is Reductions in every section of the store—Reductions of a nature that sweeps wide and clean—Reductions of a nature that creates opportunities. On account of the extremely low prices we cannot except exchanges, refunds or approvals. The sale is for cash only and all charge accounts have been temporarily suspended.
