Wonders have been accomplished by Dr. Fred E. Grant's discovery of a home treatment for fits and epilepsy. Investigation bears out his claims that fits are needless and that the worst cases yield to proper treatment.

Among thousands of others who swear by this treatment, W. S. Hilton of Wentworth, Mo., testifies that he has found relief by following directions. It has now been two years since Mr. Hilton took a drop of medicine. He says:

"I am well, haven't had to take any of your medicine for two years and have had no return of symptoms. I am truly thankful and will always praise your methods."

Now everyone can try the same treatment that has been so effective for many former sufferers, in the privacy of their own homes without it costing a cent. Just send your name, age, address and deacription of your case to the Dr. Fred E. Grant Co., 807 Keystone Bldg., Kansas City, Mo.
