These Girls too Ill to Attend School AT no age does a young girl need greater care than from the time she reaches the age of twelve years until womanhood is established. Many a woman has suffered years of misery because as a girl she has been allowed to sit around with wet feet, lift heavy articles, overwork and overstudy. In all such cases Lydia E. Pinkham's Vegetable Compound should be given as it is especially adapted for such conditions. It is a root and herb medicine, contains nothing harmful and may be taken in perfect safety by any school girl. This Mother's Letter and Daughter's Photograph of Interest to Every American Mother NORTH BALTIMORE, O.—"My fourteen-year-old daughter took Lydia E. Pinkham's Vegetable Compound every month for weakness. One of her classmates in school who had the same trouble told her about it. She said: 'My mother makes me take Lydia E. Pinkham's Vegetable Compound.' So that day she came home and told me and we got some the next day. She took three bottles of it and never has to stay home from school now from sickness. She is strong and well. I am sure if any mother writes to me I will be glad to answer her letter."—Mrs. V. LIEGHER, Box 61, North Baltimore, Ohio. Another Mother Tells What It Did for Her Daughter DANDRIDGE, TENN.—"My daughter was not able to go to school for almost a year because of pains in her side and other troubles girls often have. I was just studying one day what I could give her that would help her when I thought of Lydia E. Pinkham's Vegetable Compound, and decided I would get it for her. Since taking it she has gained to normal weight and goes to school all the time."—Mrs. GEORGE HINCHLEY, Dandridge, Tenn. Mothers Everywhere Should recognize the virtue of Lydia E.
