get rid of dandruff, for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure

way to get rid of dandruff is to dis-

solve it, then you destroy it entirely.

To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to

moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and two

or three more applications will com-pletely dissolve and entirely destroy

every single sign and trace of it. You will find, too, that all itching

and digging of the scalp will stop, and your har will look and feel a hundred times better. You can get liquid arvon at any drug store. Four

ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.
